INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
LiDestri Foods, Inc. Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of LiDestri Foods, Inc. Profit Sharing Plan, which comprise the statements of net assets available for benefits as of June 30, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United State of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information that was certified by Principal Life Insurance Company and Principal Trust Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the custodians as of and for the years ended June 30, 2014 and 2013 that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets Held for Investment Purposes and Schedule of Delinquent Participant Contributions for the year ended June 30, 2014, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the LiDestri Foods, Inc. Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that was established effective October 1, 1983. All employees of LiDestri Foods, Inc. and its wholly owned subsidiaries and an entity related through common ownership (Company) are eligible to make elective deferral contributions to the Plan on the day they become an employee. After completing one year of service with at least 1,000 hours and attaining age twenty-one, employees are eligible to receive discretionary contributions from the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Administration - The Plan is administered by the Company. All assets of the Plan are held and managed by Principal Life Insurance Company and Principal Trust Company.

Contributions - Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan. Participants can contribute compensation up to the maximum amount allowable in accordance with applicable sections of the Internal Revenue Code. Participants may also make after tax contributions, as well as rollover contributions from other qualified retirement plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company may make discretionary contributions to the Plan. Contributions are subject to certain limitations.

Participant Investment Options - Participants direct the investment of all contributions into various investment options offered by the Plan.

Participant Accounts - Each participant's account is allocated with the participant's contributions, the Company's contributions, Plan earnings, forfeitures, and administrative expenses. Company contributions are allocated to participants based on the participants eligible compensation for the year in relation to the eligible compensation for the year of all participants. Plan earnings, forfeitures and administrative expenses are allocated based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately 100% vested in their contributions plus actual earnings thereon. Company contributions plus earnings thereon become 20% vested upon completion of two years of service and continue to vest at the rate of 20% for each successive year of service until 100% vested after six years of service. Participants are considered to have completed one year of service for vesting purposes upon completion of 1,000 hours of service at any time during the plan year.

Forfeitures - Participants who terminate their employment prior to their Company contribution account balance becoming 100% vested will be subject to the Plan's forfeiture rules. When a participant has a forfeiture event (death, distribution or five consecutive one-year breaks in service periods) their funds are moved to the forfeiture account. Funds from the forfeiture account are allocated to active participants in the same manner as the discretionary contributions. As of June 30, 2014 and 2013, forfeiture amounts to be allocated to active participant accounts amounted to $43,023 and $35,704, respectively.

The non vested account balance of employees who have terminated employment without incurring a forfeiture event was $25,388 and $28,561 at June 30, 2014 and 2013, respectively.

1. DESCRIPTION OF PLAN, Continued

Notes Receivable from Participants - Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the remaining vested account balance and bear interest at rates available for similar loans from commercial lending institutions. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits - Upon retirement, death, hardship or termination of employment, a participant may elect to receive benefits either in a single sum or in the form of an annuity.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

In accordance with Financial Accounting Standards Board Accounting Standards Codification – "Financial Services – Investment Companies", the statements of net assets available for benefits presents investment contracts at fair value, as well as an additional line item showing an adjustment of fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is presented on a contract value basis.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments - The Plan's investments are stated at fair value. See Note 5 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis.

Payment of Benefits - Benefits are recorded when paid.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Record keeping fees paid by the plan directly to the third party administrator are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

3. INFORMATION CERTIFIED BY THE CUSTODIANS

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator has obtained certification from Principal Life Insurance Company and Principal Trust Company that the investments and the related investment activity, appearing in the statements of net assets available for benefits, the statements of changes in net assets available for benefits, and the schedule of assets held for investment purposes, are complete and accurate.

4. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at June 30, 2014:

During the year ended June 30, 2014, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value by $5,315,381.

The following presents investments that represent 5% or more of the Plan's net assets at June 30, 2013:

	Number of Units	Fair Value
Principal Guaranteed Interest	5,081,424	$5,081,424
Principal Stable Value Fund	220,820	$4,122,057
Principal Large Cap Stock Index	66,295	$4,611,454
Principal Large Cap Growth II	173,263	$2,305,999
Principal SAM Balanced	51,030	$1,649,526

During the year ended June 30, 2013, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value by $3,331,420.

5. FAIR VALUE MEASUREMENT

The Plan accounts for its investments in accordance with Financial Accounting Standards Board Accounting Standards Codification, "Fair Value Measurements and Disclosures", (Fair Value Standard), which defines fair value, establishes a framework for measuring fair value and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by the Fair Value Standard, are used to measure fair value.

5. FAIR VALUE MEASUREMENT, Continued

The Fair Value Standard prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has ability to access.

- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

The pooled separate accounts are valued based on the fair value of the underlying investments.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust is valued based on the market value of its underlying investments. The net asset value (NAV), as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The investments in the guaranteed interest account are valued at fair value as defined in the investment contract (book value less an early withdrawal charge).

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. FAIR VALUE MEASUREMENT, Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2014:

6. INVESTMENT CONTRACTS WITHIN COLLECTIVE INVESTMENT TRUST

The Plan's collective investment trust fund holds various investment contracts. These investment contracts are fully benefit-responsive and contract value is the relevant measurement attribute for the net assets available for benefits.

The collective investment trust is credited with contributions and actual earnings on the underlying investments, and charged for participant withdrawals and administrative expenses. The investment contract issuers are contractually obligated to repay the principal and a specified interest rate. There are no reserves against contract value for credit risk of the investment contract issuers or otherwise.

6. INVESTMENT CONTRACTS WITHIN COLLECTIVE INVESTMENT TRUST, Continued

Certain events that are deemed to be caused by the actions of the Company limit the Plan's ability to transact at contract value with the collective investment trust. Such events include the following:

- The Plan's failure to qualify under Section 401(a) or 401(k) of the Internal Revenue Code
- The establishment of a defined contribution plan that competes with the Plan for employee contributions
- Any substantive modification of the collective investment trust or the administration of the collective investment trust that is not consented to by the wrap issuer
- Any changes in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the collective investment trust's cash flow
- Any communication given to unit holders by the Company, any other plan fiduciary that is designed to induce or influence unit holders not to invest in the collective investment trust or to transfer assets out of the collective investment trust
- Any transfer of assets from the collective investment trust directly to a competing investment option

The plan administrator believes the occurrence of any such event, which would limit the Plan's ability to transact at contract value with the Plan participants, is not probable.

The average yield earned by the collective investment trust based on actual earnings was .71% and 1.06% at June 30, 2014 and 2013, respectively. The average yield earned by the common collective trust based on the actual interest rate credited to participants was .71% and 0.73% at June 30, 2014 and 2013, respectively.

7. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Principal Life Insurance Company and Principal Trust Company, who are the custodians as defined by the Plan. The transactions with Principal Life Insurance Company and Principal Trust Company qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Fees incurred by the Plan for investment management services are included in net change in the fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the Plan's operations ($10,400 and $10,100 for the years ended June 30, 2014 and 2013, respectively).

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, participants would become fully vested in their account balance.

9. TAX STATUS

The Internal Revenue Service has determined and informed the Company, by a letter dated August 12, 2003, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. TAX STATUS, Continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. Taxing jurisdictions generally have the right to examine and audit the previous three years of tax returns filed. Any interest and penalties assessed to the Plan are recorded in administrative expenses ($0 for the years ended June 30, 2014 and 2013). The plan administrator is not aware of any uncertain tax positions requiring measurement or disclosure in these financial statements.

10. RISKS AND UNCERTAINTIES

The Plan provides various investment options. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the account balances of participants and the amounts reported in the statements of net assets available for benefits.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2014	2013
Net assets available for benefits per the financial statements	$43,277,708	$37,078,944
Plus: Adjustment from contract value to fair value for fully benefit-responsive investment contracts	72,068	28,570
Net assets available for benefits per the Form 5500	$43,349,776	$37,107,514

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31:

	2014	2013
Net increase in net assets per the financial statements	$ 6,198,764	$ 5,414,688
Plus: Current year adjustment from contract value to fair value for fully benefit-responsive investment contracts	72,068	28,570
Less: Prior year adjustment from contract value to fair value for fully benefit-responsive investment contracts	(28,570)	-
Net increase in net assets per the Form 5500	$ 6,242,262	$ 5,443,258

12. SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date of the independent auditors' report, which is the date the financial statements were available to be issued.
