Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

The Administrative Committee
Ben Hill Griffin, Inc. Employees'
Profit Sharing Plan

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Ben Hill Griffin, Inc. Employees' Profit Sharing Plan as of December 31, 2014 and 2013, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investment purposes and reportable transactions, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

BEN HILL GRIFFIN, INC. EMPLOYEES' PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2014 and 2013

(1) Plan Description

(a) General

The Board of Directors of Ben Hill Griffin, Inc. (the Company) adopted the Ben Hill Griffin, Inc. Employees' Profit Sharing Plan (the Plan) effective November 1, 1963 and executed a Trust Agreement to enable eligible employees to share in its profits. All employees of Ben Hill Griffin, Inc., who are employed on the last day of the plan year and employees who are separated from service during the year due to retirement or disability are classified as active participants in the Plan.

The Ben Hill Griffin, Inc. Employees' Profit Sharing Trust (the Trust), established by Trust Agreement executed on September 30, 1964, as amended, is intended to form a part of the Plan. The Plan and the Trust are intended to meet the needs of the Company and the requirements of Sections 401(a) and 501(a) of the Internal Revenue Code of 1954, as amended by the Employee Retirement Income Security Act of 1974.

SunTrust Bank, N.A. serves as trustee and investment manager. In this capacity, they have custodial responsibilities and make investment decisions within the guidelines established by the "Statement of Investment Policy, Objectives and Guidelines".

(b) Contributions

The amount of the Company's contribution is determined annually by its Board of Directors.

(c) Participant Accounts

Each active participant's account is credited with an allocation of the Company's contribution as well as forfeitures of terminated participants' nonvested accounts upon distribution of the terminated participants' vested portion. Each active and inactive participant's account is credited or debited with an allocation of the Plan's investment earnings or losses. Allocations of forfeitures and the Company's contribution are based on participants' compensation. Earnings or losses from investments are allocated based on participants' account balances.

(1) Plan Description, Continued

(d) Vesting

Vesting in participants' accounts who are credited with at least 500 hours of service annually, is as follows:

Years of service	Vesting percentage
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six or more years	100%

Participants are fully vested in equity transferred from other qualified plans, plus earnings thereon.

(e) Payment of Benefits

Upon entitlement to payment of benefits, a participant may elect to receive either a lump sum amount equal to the value of their account, periodic installments of substantially equal amounts over a period not to exceed twenty years or nonperiodic amounts over a period not to exceed the life expectancy of the participant and a designated beneficiary.

(f) Plan Termination

Although it has not expressed any intent to do so, the Company has a right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(g) Forfeitures

Allocated forfeitures of terminated participants' nonvested accounts for the years ended December 31, 2014 and 2013 totaled $13,180 and $51,308, respectively. At December 31, 2014 unallocated forfeitures of terminated participants totaled $48,934.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The Plan's financial statements are prepared using the accrual method of accounting.

(b) Investment Valuation and Income Recognition

Investments are stated at fair value. Mutual funds are valued at the quoted prices of the underlying investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Appreciation or depreciation in the value of investments is reflected in the statements of changes in net assets available for benefits.

(c) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles may require use of estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(3) Fair Value Measurements Used In Investment Valuation

The Financial Accounting Standards Board *Accounting Standards Codification* 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring the fair value of investments. That framework prioritizes the inputs used to measure fair value, as follows:

- Level 1 Inputs have the highest priority and are used when quoted prices in active markets for identical assets are available.
- Level 2 Inputs consist of observable inputs other than quoted prices for identical assets.
- Level 3 Inputs are used when the criteria for levels 1 and 2 are not available.

The methods used to measure the fair value of investments may produce amounts that may not be indicative of their net realizable value. All investments held at December 31, 2014 and 2013 are valued using Level 1 criteria.

(4) Contributions Receivable from Ben Hill Griffin, Inc.

The Company's profit sharing contributions for the years ended December 31, 2014 and 2013 were equal to 7.0% and 7.5% respectively of eligible participants' allowable compensation, as defined by the Plan document.

(5) Income Tax Status and Uncertain Tax Positions

The Plan document was restated effective January 1, 2010. The Plan obtained its latest determination letter dated July 7, 2010 from the Internal Revenue Service which states that the Plan and related trust are designed in accordance with applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan administrator and tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by a plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits in progress for any tax periods. The Plan Administrator believes it is no longer subject to income tax examinations for years before 2011.

(6) Investments

Investments in 2014 and 2013 consist of cash and short-term cash investments and equity and fixed income investments. The following is a summary of the original cost and fair market value of investments owned at December 31, 2014 and 2013:

	December 31, 2014		December 31, 2013

(8) Risks and Uncertainties

Investments held by the Plan are exposed to risks including interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Plan Administrative Costs

All administrative costs of the Plan and Trust were paid by Ben Hill Griffin, Inc.

(10) Date of Management's Review

There are no subsequent events to disclose during this period. Subsequent events were evaluated through January 29, 2015 which is the date the financial statements were available to be issued.
