Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the custodian is complete and accurate.

The supplemental schedule listed in the table of contents as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter - 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Principal Life Insurance Company, the custodian of the Plan. Their report, dated July 24, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HAMISTER GROUP, INC. 401(k) CO-WORKERS RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013

1. PLAN DESCRIPTION

The following is a brief description of Hamister Group, Inc. 401(k) Co-Workers Retirement Plan (the Plan) provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution retirement plan as permitted under Section 401(k) of the Internal Revenue Code. The Plan is funded by employee and employer contributions and covers substantially all eligible employees of Hamister Group, Inc., Brompton Heights, Inc., Orchard Heights, Inc., Heather Heights of Pittsford, Inc., Hamister Hospitality Rutherford I, LLC, Hamister Hospitality Group, LLC, Health Services of Northern New York, Inc., Hamister Hospitality Alcoa, LLC, Pennsylvania Hospitality Management, Inc., The Hamister Group of Florida, Brompton PCA, Inc., HH Southhaven Hotel LLC, Hamister Hospitality Wake LLC, Hamsiter Hospitality North Carolina, LLC, Hamister Heights, LLC, and HH Jamestown, LLC (collectively the Company and Plan Sponsor). Investment fees are paid by the Plan. The Plan is intended to conform to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent legislation, where applicable.

Eligibility – All employees of the Company who have attained the age of 21 and completed one year of service, as defined, are eligible to participate in the Plan. Eligible employees may elect to become participants during the semi-annual open enrollment (January 1 and July 1) on or after their completion of the age and service requirements.

Contributions – Participants may authorize an elective deferral contribution in an amount equal to a percentage of the contributing employee's compensation, as defined by the Plan, not to exceed the maximum annual limitations as provided by the Internal Revenue Code. Eligible participants are automatically enrolled in the Plan at 4% of the contributing employee's compensation, as defined by the Plan, unless they elect not to make elective deferral contributions. Participants who are age 50 or older before the end of the Plan year are allowed to make an additional "catch-up" contribution. This contribution was limited to $5,500 in 2014 and 2013. The "catch-up" contribution is also subject to the employer matching contribution. Participants may also contribute amounts representing distributions from other qualified pension plans.

The Company contributes a matching contribution to those participating employees who have elected to make employee contributions. The matching contributions are based on an amount equal to 25% of an employee's contribution up to a maximum of 4% of employee compensation. Additional employer 401(k) and profit sharing contributions are permitted at the employer's discretion. There were no profit sharing contributions for the Plan years ended December 31, 2014 and 2013.

1. PLAN DESCRIPTION (continued)

Participant Accounts – Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings and losses, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may receive their accumulated vested benefits held by the Plan's custodian upon termination of employment or elect to keep their vested balance in the Plan until the earlier of normal retirement age, death or disability if their account balance is in excess of $5,000. If the participant elects to keep his or her interest in the Plan, the participant's account will continue to receive its share of earnings or losses.

Vesting – All participants are immediately 100% vested in their contributions, in addition to allocated earnings thereon. Participants are 25% vested in employer contributions after completing one year of service (as defined), with an increase of 25% in each of the next three years.

Excess Employee Contributions Payable – Contributions made to participants include obligations of $2,291 at December 31, 2014 to certain active participants to return excess deferred contributions as required to satisfy certain nondiscrimination provisions of the Plan. There were no excess contributions at December 31, 2013.

Forfeitures – Any non-vested employer contributions, which remain after an employee has terminated employment, shall first be used to pay Plan expenses. Any forfeitures remaining after paying Plan expenses are used to offset employer matching contributions. At December 31, 2014 and 2013, there were no forfeited nonvested accounts. Forfeitures used during 2014 and 2013 were $2,488 and $1,050, respectively.

Hardship Withdrawals – Participants who have suffered a financial hardship as defined in the Plan document may take withdrawals up to the value of their vested account balance.

Investment Options – Participants direct the investment of their elective deferrals, matching contributions and discretionary profit sharing contributions into various investment options offered by the Plan. Participants may change their investment allocation on a daily basis.

Administrative Expenses – Costs of administering the Plan were primarily paid by the Plan Sponsor for the years ended December 31, 2014 and 2013.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan follows generally accepted accounting standards for determining the fair value of assets and liabilities which are subject to reporting at fair value. The Plan utilizes a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identifies three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities which are actively traded on an exchange. Level 2 inputs generally consist of market prices for identical assets which are not actively traded or market prices of similar assets or liabilities which are actively traded on an exchange.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred followed by Level 2 and Level 3. Level 3 inputs are to be used when neither Level 1 nor Level 2 inputs are available.

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2014 and 2013:

Pooled separate accounts: Valued based on the net asset values of units held by the Plan at year end. The fair values of the underlying assets in the pooled separate accounts have observable Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. The net asset value (NAV) of a separate account is not publicly quoted.

Common collective trust: The Stable Value Fund primarily holds guaranteed and other similar investment contracts, and is fully benefit-responsive. The fair value of this fund is based on the net asset values of the shares held by the Plan at year-end, with an adjustment to contract value, which represents contributions made under the contract, adjusted for interest earnings, transfers, loan activity, and distributions. The interest crediting rate of a security-backed contract is based on the contract value, duration, and yield to maturity of the underlying portfolio. The Fund's interest crediting rate will never be less than 0%. The Plan's investment in the Stable Value Fund yielded investment gains of 0.77% and 0.84% for the years ended December 31, 2014 and 2013, respectively.

Guaranteed interest accounts: The guaranteed interest accounts are not fully benefit-responsive and are accordingly stated at fair value. Fair values of the guaranteed interest accounts are the amounts Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination, or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed contract crediting rates. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay Plan benefits and the insurance company's administrative expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in fair value of investments, which includes unrealized and realized gains and losses on investments that were held or sold during the period.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recognized on the ex-dividend date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan's assets include various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to the value of such investments, changes in the values of investments will occur and such changes could materially affect the amounts reported in the accompanying financial statements.

Payment of Benefits – Benefits are recorded when paid.

Reclassifications – Certain reclassifications were made to the 2013 financial statements to conform with the 2014 presentation.

Subsequent Events – The Plan has evaluated the effects of all subsequent events through July 29, 2015, the date the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.
