Independent Auditor's Report

To the Plan Sponsor of the
Employees' Profit-Sharing Plan of
Leprino Foods Company:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Employees' Profit-Sharing Plan of Leprino Foods Company (the "Plan"), which comprise the Statements of Net Assets Available for Benefits as of October 31, 2014 and 2013, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by T. Rowe Price Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of October 31, 2014 and 2013, and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of October 31, 2014, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Employees' Profit-Sharing Plan of Leprino Foods Company

Notes to Financial Statements

October 31, 2014 and 2013

Note 1 – Description of the Plan

The Employees' Profit-Sharing Plan of Leprino Foods Company (the "Plan"), as amended, was established in 1968 for qualifying employees and their beneficiaries. The following is a brief general description of the Plan. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits of the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Plan Administration. Leprino Foods Company (the "Company" or "Employer") has appointed an Employee Benefits Committee consisting of certain individuals of the Company to supervise the administration of the Plan.

Eligibility. All non-union employees of the Company are eligible to participate in the Plan on the first day of the month coincident with or immediately following the date they have completed one year of service (as defined by the Plan) and attained age twenty-one. Through a collective bargaining agreement, union employees at the Company's Remus, Michigan facility became eligible to participate effective November 1, 1990.

Contributions and Participants' Accounts. Employer contributions are discretionary and determined by the Company's Board of Directors. Although participant contributions are no longer allowed under the Plan, after-tax participant contributions were allowed prior to November 1, 1993 and pre-tax participant contributions were allowed prior to November 1, 1988.

The allocation of Employer contributions to the Employer contribution accounts of individual participants is made after the Plan's year end and are allocated to each eligible participant in the ratio that the eligible participant's compensation plus excess compensation, as defined, for the Plan year bears to the sum of the compensation plus excess compensation of all eligible participants. For each participant, this allocation shall not exceed 5.7% (or such greater percent as may be permitted pursuant to Code § 401(l)) of their compensation plus excess compensation. Any remaining Employer contributions are then allocated to each eligible participant in the ratio that their compensation for the Plan year bears to the sum of the compensation of all eligible participants.

No Company contribution is made for participants who failed to perform at least 1,000 hours of service during the Plan year or whose employment with the Company terminates prior to the end of the Plan year. However, if a participant dies, becomes disabled, or retires during the Plan year and performed at least 1,000 hours of service prior to the event, a Company contribution will be made despite the participant's termination of employment prior to the end of the Plan year.

Participant accounts are valued daily with Plan net income/(loss) allocated to participant's accounts based upon the performance of the investments selected by the participant.

Investments. The Company has appointed a Benefit Plan Investment Committee consisting of certain individuals of the Company to oversee and implement the Company's Investment Policy Statement for the Plan.

Employees' Profit-Sharing Plan of Leprino Foods Company

Notes to Financial Statements

October 31, 2014 and 2013

Note 1 – Description of the Plan (continued)

Investments **(continued)**. The Plan currently offers participants the ability to invest all or a portion of their accounts in various mutual funds. In addition, Plan participants can invest their accounts in Tradelink Investments. Tradelink Investments offers participants the ability to invest in other qualified mutual funds in the market, including other T. Rowe Price funds, other than the Plan's core investments.

Vesting. Participants are 100% vested in their participant contributions account and rollover contributions account and they become vested in their Employer contributions account according to the following schedules:

	Vested Percentage	
Years of Service	Employer Contributions Prior to November 1, 2007	Employer Contributions After November 1, 2007
0 - 2	0%	0%
2	0%	20%
3	20%	40%
4	40%	60%
5	60%	80%
6	80%	100%
7	100%	

Furthermore, participants become 100% vested in their Employer contribution accounts upon the following events:

- Participant's death;
- Participant becomes disabled as defined under the Plan;
- Participant's attainment of normal retirement age; or
- Termination or partial termination of the Plan.

Forfeitures. When certain terminations of Plan participation occur, the nonvested portion of a participant's account represents a forfeiture. Forfeitures are used for restoration purposes, as defined, to pay Plan administrative expenses, or used to reduce Employer contributions. The balance in the forfeitures account was $1,199,484 and $813,081 at October 31, 2014 and 2013, respectively.

Spending Account. The Plan maintains an unallocated spending account that is funded through revenue sharing arrangements with the Plan's investments. The spending account is used to pay administrative expenses of the Plan and/or is reallocated to eligible participants' accounts. During the years ended October 31, 2014 and 2013, the spending account received $250,851 and $195,866, respectively, of revenue sharing from the Plan's investments and paid $57,216 and $44,587, respectively, of administrative expenses. Additionally, during the years ended October 31, 2014 and 2013, $117,900 and $200,000 of the spending account was reallocated to eligible participants' accounts, respectively. The spending account had a balance of $250,392 and $174,633 as of October 31, 2014 and 2013, respectively.

Employees' Profit-Sharing Plan of Leprino Foods Company

Notes to Financial Statements

October 31, 2014 and 2013

Note 1 – Description of the Plan (continued)

Payment of Benefits. Following a participant's retirement, permanent disability, death or other termination, all vested benefits can be distributed either in a lump sum, rollover, or in installments over a certain period not to exceed the joint life expectancy of the participant and his/her beneficiary.

Participants can request an in-service withdrawal of their participant contributions account or rollover contributions account at any time. Participants can also request an in-service withdrawal of their Employer contributions account subject to certain restrictions, as defined in the Plan document. Withdrawals are eligible for rollover to another qualified plan or an individual retirement account ("IRA"). Withdrawals are subject to income tax withholding if not rolled over.

Notes Receivable from Participants. Participants may borrow from their accounts a minimum of $1,000. The maximum loan is the lesser of (i.) $50,000 minus the highest loan balance (including loans from the Matched Retirement Savings Plan), in the previous 12-month period or (ii.) 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate as published by the Wall Street Journal at the date the loan is granted. The maximum term for a loan is five years, unless the proceeds of such loan are used to acquire the participant's principal residence, in which case the maximum term for the loan is 20 years. Principal and interest are paid ratably through payroll deductions.

Plan Amendments. On June 5, 2014, the Plan was amended to provided that any excess annual additions are to be corrected only through the Employee Plans Compliance Resolution System ("EPCRS") effective November 1, 2008.

Effective June 26, 2013, the Plan's definition of spouse was amended.

Effective November 1, 2012, the Plan Document was amended and restated.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan were prepared using the accrual method of accounting.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefit Plan Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for a discussion of fair value measurements.

Employees' Profit-Sharing Plan of Leprino Foods Company

Notes to Financial Statements

October 31, 2014 and 2013

Note 2 – Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized gains and losses are reflected as net appreciation in fair value of investments in the accompanying financial statements and are determined as the difference between fair value at the beginning of the year or date purchased during the year and selling price or year-end fair value.

Benefits Paid to Participants. Benefits are recorded when paid.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of October 31, 2014 and 2013. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Administrative expenses paid by the Plan also include fees paid for consulting, accounting, legal, and redemption fees. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 3– Investments

Individual investments that represent 5% or more of the Plan's net assets as of October 31, 2014 and 2013, are as follows:

	2014		2013	
	Shares / Units	Fair Value	Shares / Units	Fair Value

Note 4 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures* , provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at October 31, 2014 and 2013. The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds (including Tradelink mutual fund investments) are valued at the quoted net asset value (“NAV”) of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan also holds other assets and liabilities not measured at fair value on a recurring basis, including Employer contributions receivable and administrative expenses payable. The fair value of these assets and liabilities approximates the carrying amounts in the accompanying financial statements due to the short maturity of these instruments.

Note 4 – Fair Value Measurements (continued)

Changes in Fair Value Levels. The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Company evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended October 31, 2014 and 2013, there were no significant transfers in or out of levels 1, 2 or 3.

Note 5 – Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of October 31, 2014 and 2013, and Note 3;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of October 31, 2014 and 2013;
- Investment amounts within the fair value tables as shown in Note 4;
- Interest income on notes receivable from participants, as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended October 31, 2014 and 2013;
- Investment income for the years ended October 31, 2014 and 2013, as presented in the Statements of Changes in Net Assets Available for Benefits, and Note 3; and
- The investment information in the Schedule of Assets (Held at End of Year) as of October 31, 2014, as shown in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6 – Tax Status

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") on May 5, 2014, which stated that the Plan is qualified under the applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the IRS determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Therefore, the Plan administrator believes the Plan is qualified under Section 401(a) of the IRC and the related Trust is tax-exempt as of October 31, 2014 and 2013. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6 – Tax Status (continued)

On December 13, 2011, Plan management was notified by T. Rowe Price Retirement Plan Services, Inc. ("TRP"), the Plan's record keeper, that TRP had filed a Group Voluntary Correction Program ("Group VCP") with the IRS on September 1, 2011, to request relief for certain of their client's participant loans that were subject to loan delinquency reporting failures and/or loan conversion issue failures prior to August 15, 2011. On April 1, 2014, TRP notified Plan management that the IRS had approved their proposed correction methods in the Group VCP. Plan management had previously decided to participate in the Group VCP and they have corrected the Plan's loan processing issues.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to October 31, 2011.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Note 8 – Risks and Uncertainties

The Plan provides for various investment options in mutual funds. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits.

Note 9 – Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds offered by T. Rowe Price. As T. Rowe Price is the trustee of the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 10 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through April 9, 2015, which is the date the financial statements were available to be issued.

Effective November 1, 2014, the Plan document was amended as follows:

- To amend the Plan's definitions of covered employee and year of service.
- To provide for a spending account to hold amounts returned to the Plan as a result of revenue sharing. Such amounts, if any, will be temporarily held in a spending account. The spending account may be used to pay the reasonable expenses of administering the Plan. Any amounts remaining in the spending account will be allocated annually to participant accounts on a pro-rata basis (determined as of the last business day of each calendar year).
