INDEPENDENT ACCOUNTANTS' AUDIT REPORT

Retirement Committee

Central States Indemnity Co. of Omaha Employees' Progress Sharing Plan
Omaha, Nebraska

We were engaged to audit the financial statements of Central States Indemnity Co. of Omaha Employees' Progress Sharing Plan as of December 31, 2009 and 2008, and for the years then ended, and the supplemental schedules as of and for the year ended December 31, 2009, as listed in the accompanying index. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the Vanguard Fiduciary Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The following brief description of Central States Indemnity Co. of Omaha Employees' Progress Sharing (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General	<p>The Plan is a noncontributory defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of Central States Indemnity Co. of Omaha (the Company).</p> <p>Employees become eligible to receive Company discretionary contributions after attaining age 19 and completing one year of service. Participants under the age of 62 must be employed on the last day of the Plan year and have 1,000 hours of service to receive a discretionary contribution. Employees who have attained age 62 and terminated or retired during the Plan year with 1,000 hours of service are also eligible to receive a discretionary contribution. Eligible employees become participants on the first day of the first calendar month following the date on which entry requirements were fulfilled.</p>
Contributions	<p>Contributions by the Company are made at the sole discretion of the Company's Board of Directors. Contributions are subject to certain limitations.</p>
Participant Accounts	<p>Each participant's account is credited with an allocation of the Company's contribution and Plan earnings or losses. The Company's discretionary contribution is allocated among participants based upon compensation of eligible participants. Participant direction of investments is not permitted; however, beginning twelve months prior to a participant's retirement date, after attaining age 55, such participant may direct the custodian that the full amount in the participant's account be placed in a certificate of deposit, money market certificate or similar interest bearing account. Plan earnings or losses are allocated on the basis of actual results of the investments. Investments are maintained in individual member accounts managed by the Vanguard Fiduciary Trust Company (Vanguard).</p>
Vesting	<p>Participants are vested in the Company contributions plus actual earnings thereon upon completing one hour of service with the Company.</p>
Payment of Benefits	<p>Upon retirement, disability, or death the participant or beneficiary may elect to receive a lump sum equal to the value of the vested funds allocated to the participant's account. The Plan requires mandatory distribution payments between \$1,000 and \$5,000 be directly rolled over to an individual retirement account designated by the plan administrator in the event the participant does not elect otherwise. Distributions under \$1,000 will be paid out to the participant in the event the participant does not elect a payout option. Benefits are recorded when paid.</p>

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. The statements of net assets available for benefits present the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Investment Valuation
and Income
Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Other Audit fees, contribution fees and recordkeeping expenses are paid by the Company.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009 AND 2008

2. Summary of Significant Accounting Policies - Continued

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through August 30, 2010 noting no items requiring disclosure.

3. Information Certified by Vanguard

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Vanguard except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedules.

The following table presents the value of the investments in this Plan that were certified by Vanguard. Single investments representing more than 5% of the Plan's net assets are separately identified.

	<u>2009</u>	<u>2008</u>
Vanguard Retirement Savings Trust, 3,115,512 and 2,828,223 Shares, Respectively	\$3,115,512	\$2,828,223

5. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
-

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009 AND 2008

5. Fair Value Measurements - Continued

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual Fund: Valued at the net asset value of the underlying investments.

Common Collective Trust: Valued at the net asset value of the underlying investments.

Money Market Fund: Valued at the net asset value of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2009.
