Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Walpole, Inc. 401(K) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (held at end of year) is required by the Department of Labor's *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974* and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.*

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Walpole, Inc. ("Company") 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General — The Plan is a defined contribution safe harbor plan established effective January 1, 1995 and amended and restated throughout the years to comply with tax legislation. The Plan covers substantially all the Company's employees who have completed at least one year of service, 1,000 hours, and are at least age 21. Plan entry dates are monthly. Employees covered under a collective bargaining agreement may not participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participant Contributions — Participants may contribute up to 100% of pre-tax annual compensation, up to the maximum amount permitted by the Internal Revenue Service. A participant may also defer all or any portion of a bonus payment as long as total annual contributions do not exceed the Internal Revenue Service maximum. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make a rollover transfer to the Plan in the amount which constitutes (1) an eligible rollover distribution (subject to Sections 402 (c)(4) or 403 (a)(4) of the Code) or (2) a rollover contribution (subject to Section 408 (d)(3) of the Code). Participants direct the investment of their contributions into various investment options offered by the Plan. The investment options include various pooled separate accounts and an insurance company general account.

Employer Contributions — The Company contributes a safe harbor matching contribution equal to 100% of the first 3%, and 50% of the next 2% of gross compensation that a participant contributes to the Plan. Forfeitures of terminated participants' non-vested accounts may be used to reduce the amount the Company contributes to participants' accounts. Additional discretionary contributions may be contributed at the option of the Company's board of directors. No additional discretionary contributions were made during the years ended December 31, 2014 and 2013. Contributions are subject to certain limitations.

Account Allocation — Each participant's account is credited with the participant's contribution and an allocation of (1) the Company's contribution, (2) Plan earnings or losses, and (3) forfeitures of participants' non-vested accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting — Participants are immediately vested in their contributions, safe harbor matching contributions, and their actual earnings thereon. Vesting in the Company's additional discretionary contributions portion of their accounts, as well as the Company's matching contributions prior to January 1, 2011, are based on years of continuous service. After two years, a participant vests at a rate of 20% each year and is 100% vested after six years of credited service.

Notes Receivable from Participants — Participants may borrow from their account balances a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the vested portion of the participant's account and bear interest ranging from 3.25% to 8.25%, which is commensurate with local prevailing rates as determined by the Plan administrator. Loan repayments are amortized over a period not to exceed five years except for the purchase of a primary residence, in which case the term may be fifteen years. Principal and interest is paid ratably through payroll deductions.

(Notes continued on next page)

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits — Upon termination of service due to death, disability, or retirement, a participant or the participant's beneficiary may elect to receive the value of the participant's vested interest in his or her account as a lump sum payment, in the form of an annuity, a roll over distribution, or over a specified installment period as soon as administratively possible or as statutorily required. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as lump sum or a roll over distribution.

Forfeited Accounts — Forfeited non-vested account balances were approximately $2,400 and $700 at December 31, 2014 and 2013, respectively. These accounts will be used to reduce future employer contributions or pay administrative expenses. During 2014 and 2013, approximately $1,000 and $50, respectively, of the forfeiture amounts were used to reduce the Company's employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The financial statements of the Plan are prepared under the accrual method of accounting.

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 946-210-45, *Financial Services - Investment Companies, Balance Sheet, Other Presentation Matters, Fully Benefit-Responsive Investment Contracts*, investment contracts held by a defined-contribution plan are required to be reported at fair value.

However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a group annuity contract which is subject to FASB ASC 946. The adoption of ASC 946 did not have a significant impact on the financial statements as the estimated fair value approximates the contract value.

Estimates — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make repayments and the plan administrator considers the note receivable to be in default, the note receivable balance is reduced, and the delinquent participant note receivable is reclassified as a deemed distribution based on the terms of the Plan document. As of December 31, 2014 and 2013, no allowance for credit losses has been recorded.

Payment of Benefits — Benefits are recorded when paid.

Operating Expenses — The majority of expenses of maintaining the Plan are paid by the Plan sponsor, Walpole, Inc.

(Notes continued on next page)

NOTE 3 – INVESTMENTS (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974*. Accordingly, Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the trustee of the Plan, has certified to the completeness and accuracy of the notes receivable from participants and all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2014 and 2013, the related investment activity reflected in the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2014.

Investments that represent five percent or more of the Plan's net assets available for benefits at December 31, 2014 and 2013 are separately identified and approximately as follows:

Description of Investment	2014	2013
Key Guaranteed Portfolio Fund	$ 407,000	$ 383,000
American Funds - Growth Fund of America Fund R3	$ 274,000	$ 225,000
Fidelity Advisor Leveraged Co Stk - T	$ 362,000	$ 318,000
Great-West Moderate Profile II	$ 310,000	$ 269,000
Great-West T. Rowe Price Equity Income	$ 243,000	$ 277,000
Metropolitan West Total Return Bond Administration	$ 299,000	* $ -
Pimco Total Return Admin	* $ -	$ 269,000

* Does not exceed 5% in the year indicated

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, *Fair Value Measurements and Disclosures*, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

(Notes continued on next page)

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value.

Level 2 - Fair Value Measurements

The fair value of the investments in pooled separate accounts is based on the net asset value of units, which are based on observable active market prices for the underlying assets, held by the Plan at year end.

The fair value of the investments in the insurance company general account is valued at fair value using an income approach based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the approximate fair value of the Plan's investments as of December 31, 2014:

	Fair Value	Level 1	Level 2	Level 3
Insurance company general account	$ 407,000	$ -	$ 407,000	$ -
Pooled separate accounts:				
Growth funds	1,063,000	-	1,063,000	-
Income funds	396,000	-	396,000	-
Value funds	812,000	-	812,000	-
International funds	247,000	-	247,000	-
Total pooled separate accounts	2,518,000	-	2,518,000	-
Total investment assets at fair value	$ 2,925,000	$ -	$ 2,925,000	$ -

The following table sets forth by level, within the fair value hierarchy, the approximate fair value of the Plan's investments as of December 31, 2013:

	Fair Value	Level 1	Level 2	Level 3
Insurance company general account	$ 383,000	$ -	$ 383,000	$ -
Pooled separate accounts:				
Growth funds	713,000	-	713,000	-
Income funds	351,000	-	351,000	-
Value funds	876,000	-	876,000	-
International funds	229,000	-	229,000	-
Total pooled separate accounts	2,169,000	-	2,169,000	-
Total investment assets at fair value	$ 2,552,000	$ -	$ 2,552,000	$ -

(Notes continued on next page)

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2008, the Plan entered into a group annuity contract with Great West Life & Annuity Insurance Company (Great West). Investments in insurance company investment contracts ("GICs") are stated at contract value which is equal to the principal balance plus accrued interest. An investment contract is generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit responsive. The fair value of the GIC is calculated using an income approach based on current yields of similar instruments with comparable durations. Fair value approximates contract value.

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Great West. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2014	2013
Average yields:		
Based on actual earnings	1.25%	1.26%
Based on interest rate credited to participants	1.25%	1.26%

NOTE 6 - PLAN TERMINATION

Although it has not expressed intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 7 - RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(Notes continued on next page)

NOTE 8 - RELATED PARTY TRANSACTIONS

Certain Plan investments represent shares of pooled separate and guaranteed interest accounts which are managed by Great West Life & Annuity Insurance Company. Great West Life & Annuity Insurance Company is the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest. The Plan also uses investment management services provided by Metlife Securities, Inc. Fees incurred by the Plan for these investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid daily through deductions to the net asset value, rather than a direct payment. The indirect compensation paid for investment management services was approximately $13,000 and $12,000 for the years ended December 31, 2014 and 2013, respectively.

Fees are also paid directly by the Plan for administrative and investment advisory services. Total direct payments for administrative and investment advisory services were approximately $3,000 and $2,600 for the years ended December 31, 2014 and 2013, respectively. The Plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 9 - TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan adheres to the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, Income Taxes (ASC 740). ASC 740 establishes rules for recognizing and measuring tax positions taken in an income tax return, including disclosures of uncertain tax positions (UTPs). ASC 740 mandates that companies evaluate all material income tax positions for periods that remain open under applicable statutes of limitation, as well as positions expected to be taken in future returns. The UTP rules then impose a recognition threshold on each tax position. A plan can recognize an income tax benefit only if the position has a "more likely than not" (i.e. more than 50 percent) chance of being sustained on the technical merits. For the years ended December 31, 2014 and 2013, the Plan has taken no material tax positions on its applicable tax filings that do not meet the more likely than not threshold. As a result, no amount for UTPs has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 10 - DATE OF MANAGEMENT'S REVIEW

In accordance with accounting principles generally accepted in the United States of America, management has evaluated the existence of any subsequent events occurring through September 9, 2015, the date that the financial statements were available to be issued, and has determined that no material events occurred that would require disclosure.
