NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

There were no forfeited accounts, all employee contributions are fully vested.

Forfeitures may occur the last day of the plan year in which the former participant incurs five consecutive 1-year breaks in service, or where the former participant receives the distribution of the entire vested portion of the participant's account. Any forfeitures may be used to pay administrative expenses and then used to reduce employer contributions, if any.

Subsequent Events

Management has evaluated subsequent events through September 10, 2010, the date the financial statements were available to be issued.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Administrative Expenses

Administrative expenses incurred by the Plan may be paid by the Plan unless paid by the Employer.

Risk and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

401(K) PLAN

Notes to Financial Statements

NOTE 3 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 4 TAX STATUS

The Internal Revenue Service has determined that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

NOTE 5 FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

	<u>Fair Value</u>	<u>Quoted Prices In Active Markets for Identical Assets (Level 1)</u>
<u>December 31, 2009</u>		
Mutual funds	\$ <u>978,419</u>	\$ <u>978,419</u>
<u>December 31, 2008</u>		
Mutual funds	\$ <u>636,335</u>	\$ <u>636,335</u>

FASB Accounting Standards Codification 820, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No level 2 or 3 inputs were available to or necessary for the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2009 are reported in net depreciation in fair value of investments.
