To the Trustee of
Gray Metal Products, Inc. 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of the Gray Metal Products, Inc. 401(k) Plan as of December 31, 2009 and 2008 and the statement of changes in net assets available for benefits and the supplemental schedule of investments held for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in the schedule of investments held which was certified by The Canandaigua National Bank and Trust, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2009 and 2008 that the information provided to the Plan administrator by the trustee is complete and accurate.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had we performed procedures with respect to the information summarized in the financial statements referred to above present fairly, in all material respects, the financial status of the Gray Metal Products, Inc. 401(k) Plan as of December 31, 2008, and the changes in its financial status for the years ended December 31, 2009 and 2008 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purposes of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of basic financial statements and, in our opinion, except for the effects on the schedule of investments held of such adjustments, if any, as might have been determined to be necessary had we performed procedures with respect to the information summarized in schedule of investments held described in the second preceding paragraph, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Respectfully submitted,

Greenebaum Saiger & Kasdin PC

GRAY METAL PRODUCTS, INC. 401 (K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE A – DESCRIPTION OF PLAN

The following description of the Gray Metal Products, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Companies who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the maximum percentage of compensation and dollar amounts permissible under Code Section 402(g) not to exceed the limits of Code Sections 401(k), 404 and 415. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of other contributions into various investment options offered by the Companies. The Companies contribute an amount equal to 25 percent of the participants' elective deferral up to a maximum of 5 percent of compensation.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump sum amount equal to the value of the participants vested interest in their account, or in annual installments based on participant and spouse's life expectancy.

Participant Loans

By a resolution approved and adopted by the Board of Directors, participant loans are permitted.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

NOTE C – INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2009 and 2008

	2009	2008
Selected American Fund – 3,549.513 shares	$ 132,326	$ 93,040

	2009	2008
Mutual Funds	$ 35,207	$ (47,748)

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE E – TAX STATUS

The Internal Revenue Service has determined and informed the Companies that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
