INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
BRPH Companies, Inc. 401(K) Profit Sharing Plan and Trust
Melbourne, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of BRPH Companies, Inc. 401(K) Profit Sharing Plan and Trust, ("the Plan") which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Bank of America, N.A. and John Hancock Life Insurance Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules.

PrimeGlobal

We have been informed by the Plan administrator that Bank of America, N.A. held the Plan's investment assets and executed investment transactions as of December 31, 2013, and for the period January 1, 2014 to May 27, 2014, and John Hancock Life Insurance Company held the plan's investment assets and executed investment transactions as of December 31, 2014, and for the period May 28, 2014 to December 31, 2014. The Plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2014 and 2013, that the information provided to the Plan administrator by the custodians is complete and accurate

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules as listed on the table of contents, which are the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of BRPH Companies, Inc. 401(K) Profit Sharing Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

BRPH Companies, Inc. (the "Company") is a holding company that holds all of the outstanding stock of BRPH Architects-Engineers, Inc., and BRPH Construction Services, Inc. The Plan is a defined contribution plan covering all employees of the Company who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

BRPH Companies, Inc. 401(k) Profit Sharing Plan and Trust was formerly known as BRPH Employee Retirement Savings Plan. The Plan name changed effective May 29, 2014.

2. Contributions

Each year, participants may contribute pre-tax annual compensation as defined in the Plan and subject to IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company is required to make nondiscretionary matching contributions of 50% of the first 6% of compensation that a participant contributes to the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and stable value account as investment options for participants.

For the year ended December 31, 2014, the Company contributed $350,096 for participant employees. Contributions are subject to certain limitations.

3. Forfeitures

Forfeitures shall be used first to reduce employer contributions; then to reduce Plan expenses. Forfeited nonvested accounts totaled $22,887 and $42,437 at December 31, 2014 and 2013, respectively. For the year ended December 31, 2014, the company used $48,689 to reduce employer contributions.

NOTE A - DESCRIPTION OF PLAN (continued)

4. Participant accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and allocations of (a) Plan earnings, and (b) administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A year of service is earned when a participant works more than 1,000 hours in a calendar year. A participant begins to vest after they have completed one year of service, and is fully vested after four years of credited service.

6. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

7. Payment of benefits

On termination of service, attainment of retirement age, death or disability, benefits are paid out in a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also opt to receive benefits in installments payable over periods not to exceed their future expected lifetimes. In the event of a qualifying hardship, participants may also receive a lump-sum distribution from the participant's vested balance up to the amount necessary to satisfy the financial need of the hardship.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As of December 31, 2014, the estimated fair value approximates the contract value and no adjustment was required.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management and the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. Investments, valuation, and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A cash account is maintained by the trustees and is included in investments on the statements of net assets available for benefits. Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Payment of benefits

Benefits are recorded when paid.

5. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

6. Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

7. Corrective distributions

At December 31, 2014, there were no corrective distributions. Corrective distributions are amounts payable to participants for contributions in excess of amounts allowed by the IRS, and they are recorded as a liability with a corresponding reduction to contributions

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN AND TRUSTEE (UNAUDITED)

Bank of America, N.A. held the Plan's investments and executed investment transactions from January 1, 2014 to May 27, 2014. The Plan has an investment contract with John Hancock Life Insurance Company from May 28, 2014 to December 31, 2014, where contributions are maintained in participant directed pooled separate accounts and stable value fund. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses.

The following is a summary of the Plan's financial information that is included in the financial statements, accompanying notes and supplemental schedules, based on information certified by the custodians as complete and accurate in accordance with section 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As directed by the Plan administrator, this information is unaudited. The value of the investments certified at December 31, 2014 and 2013 was $18,960,572 and $16,826,035, respectively. Notes receivable from participants were included in this certification.

Investments at December 31, 2014 and 2013 are reported at fair value. Holdings that represent 5% or more of the Plan's net assets are shown below:

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN AND TRUSTEE (UNAUDITED) (continued)

The Plan's investments, including investments bought, sold, and held for the year ended December 31, 2014, changed in value as follows:

Pooled separate accounts	$ 303,611
Mutual Funds	$ 450,725
Dividends and interest	$ 29,764

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosure*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE D - FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: The fair value of pooled separate accounts is based on quoted net asset values (NAV) of the shares held by the Plan at year-end, which is used as a practical expedient to estimate the fair value of the investments. The fair values of the investments held in the pools of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active markets where the individual securities are traded.

Stable Value Fund: Valued at the NAV of units of an insurance collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that liquidations of securities will be carried out in an orderly business manner.

Cash: The carrying amount of cash is approximated at fair value due to the relatively short maturity of the instrument.

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Money Market Funds: Values are determined using amortized cost.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31.

Fair Value of Investments in Entities that Use Net Asset Value

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31.

2014	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 18,349,670	n/a	Daily	n/a
Stable value fund	$ 588,015	n/a	Daily	up to 30 days

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds, balances in money market funds, pooled separate accounts, and stable value funds managed by the John Hancock Life Insurance Company or Bank of America, N.A., the trustees, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. The primary fees paid by the Plan relate to investment management fees charged on a daily basis. It is impractical to estimate the total fees paid through this arrangement with the trustees. Fees paid by the Plan for administrative expenses amounted to $3,042 for the year ended December 31, 2014.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE G - INCOME TAX STATUS

The Plan obtained its latest determination letter on April 10, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE G - INCOME TAX STATUS (continued)

The Plan adheres to the provisions of *Income Taxes* (ASC 740), which establishes rules for recognizing and measuring tax positions taken in an income tax return, including disclosures of uncertain tax positions ("UTPs"). ASC 740 mandates that companies evaluate all material income tax positions for periods that remain open under applicable statutes of limitation, as well as positions expected to be taken in future returns. The UTP rules then impose a recognition threshold on each tax position. A plan can recognize an income tax benefit only if the position has a "more likely than not" (i.e. more than 50 percent) chance of being sustained on the technical merits. For the years ended December 31, 2014 and 2013, the Plan has taken no material tax positions on its applicable tax filings that do not meet the more likely than not threshold. As a result, no amount for UTPs has been included in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks, such as, interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

Notes receivable from participants

The attached financial statements report notes receivables from participants as a receivable to the Plan, while Form 5500 reports these balances as a general investment on Schedule H. These represent a classification difference and the reported amounts per financial statements and Form 5500 agree as of December 31, 2014 and 2013.

NOTE J - SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through September 4, 2015, the date the financial statements and supplemental schedule were available to be issued, and has determined that no material events occurred that would require disclosure.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
BRPH Companies, Inc. 401(K) Profit Sharing Plan and Trust
Melbourne, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of BRPH Companies, Inc. 401(K) Profit Sharing Plan and Trust, ("the Plan") which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Bank of America, N.A. and John Hancock Life Insurance Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules.

PrimeGlobal

We have been informed by the Plan administrator that Bank of America, N.A. held the Plan's investment assets and executed investment transactions as of December 31, 2013, and for the period January 1, 2014 to May 27, 2014, and John Hancock Life Insurance Company held the plan's investment assets and executed investment transactions as of December 31, 2014, and for the period May 28, 2014 to December 31, 2014. The Plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2014 and 2013, that the information provided to the Plan administrator by the custodians is complete and accurate

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules as listed on the table of contents, which are the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of BRPH Companies, Inc. 401(K) Profit Sharing Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

BRPH Companies, Inc. (the "Company") is a holding company that holds all of the outstanding stock of BRPH Architects-Engineers, Inc., and BRPH Construction Services, Inc. The Plan is a defined contribution plan covering all employees of the Company who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

BRPH Companies, Inc. 401(k) Profit Sharing Plan and Trust was formerly known as BRPH Employee Retirement Savings Plan. The Plan name changed effective May 29, 2014.

2. Contributions

Each year, participants may contribute pre-tax annual compensation as defined in the Plan and subject to IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company is required to make nondiscretionary matching contributions of 50% of the first 6% of compensation that a participant contributes to the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and stable value account as investment options for participants.

For the year ended December 31, 2014, the Company contributed $350,096 for participant employees. Contributions are subject to certain limitations.

3. Forfeitures

Forfeitures shall be used first to reduce employer contributions; then to reduce Plan expenses. Forfeited nonvested accounts totaled $22,887 and $42,437 at December 31, 2014 and 2013, respectively. For the year ended December 31, 2014, the company used $48,689 to reduce employer contributions.

NOTE A - DESCRIPTION OF PLAN (continued)

4. Participant accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and allocations of (a) Plan earnings, and (b) administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A year of service is earned when a participant works more than 1,000 hours in a calendar year. A participant begins to vest after they have completed one year of service, and is fully vested after four years of credited service.

6. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

7. Payment of benefits

On termination of service, attainment of retirement age, death or disability, benefits are paid out in a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also opt to receive benefits in installments payable over periods not to exceed their future expected lifetimes. In the event of a qualifying hardship, participants may also receive a lump-sum distribution from the participant's vested balance up to the amount necessary to satisfy the financial need of the hardship.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As of December 31, 2014, the estimated fair value approximates the contract value and no adjustment was required.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management and the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. Investments, valuation, and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A cash account is maintained by the trustees and is included in investments on the statements of net assets available for benefits. Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Payment of benefits

Benefits are recorded when paid.

5. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

6. Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

7. Corrective distributions

At December 31, 2014, there were no corrective distributions. Corrective distributions are amounts payable to participants for contributions in excess of amounts allowed by the IRS, and they are recorded as a liability with a corresponding reduction to contributions

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN AND TRUSTEE (UNAUDITED)

Bank of America, N.A. held the Plan's investments and executed investment transactions from January 1, 2014 to May 27, 2014. The Plan has an investment contract with John Hancock Life Insurance Company from May 28, 2014 to December 31, 2014, where contributions are maintained in participant directed pooled separate accounts and stable value fund. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses.

The following is a summary of the Plan's financial information that is included in the financial statements, accompanying notes and supplemental schedules, based on information certified by the custodians as complete and accurate in accordance with section 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As directed by the Plan administrator, this information is unaudited. The value of the investments certified at December 31, 2014 and 2013 was $18,960,572 and $16,826,035, respectively. Notes receivable from participants were included in this certification.

Investments at December 31, 2014 and 2013 are reported at fair value. Holdings that represent 5% or more of the Plan's net assets are shown below:

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN AND TRUSTEE (UNAUDITED) (continued)

The Plan's investments, including investments bought, sold, and held for the year ended December 31, 2014, changed in value as follows:

Pooled separate accounts	$ 303,611
Mutual Funds	$ 450,725
Dividends and interest	$ 29,764

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosure*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE D - FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: The fair value of pooled separate accounts is based on quoted net asset values (NAV) of the shares held by the Plan at year-end, which is used as a practical expedient to estimate the fair value of the investments. The fair values of the investments held in the pools of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active markets where the individual securities are traded.

Stable Value Fund: Valued at the NAV of units of an insurance collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that liquidations of securities will be carried out in an orderly business manner.

Cash: The carrying amount of cash is approximated at fair value due to the relatively short maturity of the instrument.

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Money Market Funds: Values are determined using amortized cost.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31.

Fair Value of Investments in Entities that Use Net Asset Value

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31.

2014	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 18,349,670	n/a	Daily	n/a
Stable value fund	$ 588,015	n/a	Daily	up to 30 days

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds, balances in money market funds, pooled separate accounts, and stable value funds managed by the John Hancock Life Insurance Company or Bank of America, N.A., the trustees, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. The primary fees paid by the Plan relate to investment management fees charged on a daily basis. It is impractical to estimate the total fees paid through this arrangement with the trustees. Fees paid by the Plan for administrative expenses amounted to $3,042 for the year ended December 31, 2014.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE G - INCOME TAX STATUS

The Plan obtained its latest determination letter on April 10, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE G - INCOME TAX STATUS (continued)

The Plan adheres to the provisions of *Income Taxes* (ASC 740), which establishes rules for recognizing and measuring tax positions taken in an income tax return, including disclosures of uncertain tax positions ("UTPs"). ASC 740 mandates that companies evaluate all material income tax positions for periods that remain open under applicable statutes of limitation, as well as positions expected to be taken in future returns. The UTP rules then impose a recognition threshold on each tax position. A plan can recognize an income tax benefit only if the position has a "more likely than not" (i.e. more than 50 percent) chance of being sustained on the technical merits. For the years ended December 31, 2014 and 2013, the Plan has taken no material tax positions on its applicable tax filings that do not meet the more likely than not threshold. As a result, no amount for UTPs has been included in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks, such as, interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

Notes receivable from participants

The attached financial statements report notes receivables from participants as a receivable to the Plan, while Form 5500 reports these balances as a general investment on Schedule H. These represent a classification difference and the reported amounts per financial statements and Form 5500 agree as of December 31, 2014 and 2013.

NOTE J - SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through September 4, 2015, the date the financial statements and supplemental schedule were available to be issued, and has determined that no material events occurred that would require disclosure.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
BRPH Companies, Inc. 401(K) Profit Sharing Plan and Trust
Melbourne, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of BRPH Companies, Inc. 401(K) Profit Sharing Plan and Trust, ("the Plan") which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Bank of America, N.A. and John Hancock Life Insurance Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules.

We have been informed by the Plan administrator that Bank of America, N.A. held the Plan's investment assets and executed investment transactions as of December 31, 2013, and for the period January 1, 2014 to May 27, 2014, and John Hancock Life Insurance Company held the plan's investment assets and executed investment transactions as of December 31, 2014, and for the period May 28, 2014 to December 31, 2014. The Plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2014 and 2013, that the information provided to the Plan administrator by the custodians is complete and accurate

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules as listed on the table of contents, which are the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of BRPH Companies, Inc. 401(K) Profit Sharing Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

BRPH Companies, Inc. (the "Company") is a holding company that holds all of the outstanding stock of BRPH Architects-Engineers, Inc., and BRPH Construction Services, Inc. The Plan is a defined contribution plan covering all employees of the Company who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

BRPH Companies, Inc. 401(k) Profit Sharing Plan and Trust was formerly known as BRPH Employee Retirement Savings Plan. The Plan name changed effective May 29, 2014.

2. Contributions

Each year, participants may contribute pre-tax annual compensation as defined in the Plan and subject to IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company is required to make nondiscretionary matching contributions of 50% of the first 6% of compensation that a participant contributes to the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and stable value account as investment options for participants.

For the year ended December 31, 2014, the Company contributed $350,096 for participant employees. Contributions are subject to certain limitations.

3. Forfeitures

Forfeitures shall be used first to reduce employer contributions; then to reduce Plan expenses. Forfeited nonvested accounts totaled $22,887 and $42,437 at December 31, 2014 and 2013, respectively. For the year ended December 31, 2014, the company used $48,689 to reduce employer contributions.

NOTE A - DESCRIPTION OF PLAN (continued)

4. Participant accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and allocations of (a) Plan earnings, and (b) administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A year of service is earned when a participant works more than 1,000 hours in a calendar year. A participant begins to vest after they have completed one year of service, and is fully vested after four years of credited service.

6. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

7. Payment of benefits

On termination of service, attainment of retirement age, death or disability, benefits are paid out in a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also opt to receive benefits in installments payable over periods not to exceed their future expected lifetimes. In the event of a qualifying hardship, participants may also receive a lump-sum distribution from the participant's vested balance up to the amount necessary to satisfy the financial need of the hardship.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As of December 31, 2014, the estimated fair value approximates the contract value and no adjustment was required.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management and the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. Investments, valuation, and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A cash account is maintained by the trustees and is included in investments on the statements of net assets available for benefits. Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Payment of benefits

Benefits are recorded when paid.

5. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

6. Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

7. Corrective distributions

At December 31, 2014, there were no corrective distributions. Corrective distributions are amounts payable to participants for contributions in excess of amounts allowed by the IRS, and they are recorded as a liability with a corresponding reduction to contributions

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN AND TRUSTEE (UNAUDITED)

Bank of America, N.A. held the Plan's investments and executed investment transactions from January 1, 2014 to May 27, 2014. The Plan has an investment contract with John Hancock Life Insurance Company from May 28, 2014 to December 31, 2014, where contributions are maintained in participant directed pooled separate accounts and stable value fund. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses.

The following is a summary of the Plan's financial information that is included in the financial statements, accompanying notes and supplemental schedules, based on information certified by the custodians as complete and accurate in accordance with section 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As directed by the Plan administrator, this information is unaudited. The value of the investments certified at December 31, 2014 and 2013 was $18,960,572 and $16,826,035, respectively. Notes receivable from participants were included in this certification.

Investments at December 31, 2014 and 2013 are reported at fair value. Holdings that represent 5% or more of the Plan's net assets are shown below:

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN AND TRUSTEE (UNAUDITED) (continued)

The Plan's investments, including investments bought, sold, and held for the year ended December 31, 2014, changed in value as follows:

Pooled separate accounts	$ 303,611
Mutual Funds	$ 450,725
Dividends and interest	$ 29,764

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosure*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE D - FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: The fair value of pooled separate accounts is based on quoted net asset values (NAV) of the shares held by the Plan at year-end, which is used as a practical expedient to estimate the fair value of the investments. The fair values of the investments held in the pools of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active markets where the individual securities are traded.

Stable Value Fund: Valued at the NAV of units of an insurance collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that liquidations of securities will be carried out in an orderly business manner.

Cash: The carrying amount of cash is approximated at fair value due to the relatively short maturity of the instrument.

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Money Market Funds: Values are determined using amortized cost.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31.

Fair Value of Investments in Entities that Use Net Asset Value

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31.

2014	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 18,349,670	n/a	Daily	n/a
Stable value fund	$ 588,015	n/a	Daily	up to 30 days

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds, balances in money market funds, pooled separate accounts, and stable value funds managed by the John Hancock Life Insurance Company or Bank of America, N.A., the trustees, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. The primary fees paid by the Plan relate to investment management fees charged on a daily basis. It is impractical to estimate the total fees paid through this arrangement with the trustees. Fees paid by the Plan for administrative expenses amounted to $3,042 for the year ended December 31, 2014.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE G - INCOME TAX STATUS

The Plan obtained its latest determination letter on April 10, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE G - INCOME TAX STATUS (continued)

The Plan adheres to the provisions of *Income Taxes* (ASC 740), which establishes rules for recognizing and measuring tax positions taken in an income tax return, including disclosures of uncertain tax positions ("UTPs"). ASC 740 mandates that companies evaluate all material income tax positions for periods that remain open under applicable statutes of limitation, as well as positions expected to be taken in future returns. The UTP rules then impose a recognition threshold on each tax position. A plan can recognize an income tax benefit only if the position has a "more likely than not" (i.e. more than 50 percent) chance of being sustained on the technical merits. For the years ended December 31, 2014 and 2013, the Plan has taken no material tax positions on its applicable tax filings that do not meet the more likely than not threshold. As a result, no amount for UTPs has been included in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks, such as, interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

Notes receivable from participants

The attached financial statements report notes receivables from participants as a receivable to the Plan, while Form 5500 reports these balances as a general investment on Schedule H. These represent a classification difference and the reported amounts per financial statements and Form 5500 agree as of December 31, 2014 and 2013.

NOTE J - SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through September 4, 2015, the date the financial statements and supplemental schedule were available to be issued, and has determined that no material events occurred that would require disclosure.
