INDEPENDENT AUDITORS' REPORT

To the Retirement Plan Committee of
Moffatt & Nichol 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Moffatt & Nichol 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Charles Schwab Bank (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Trustee as of December 31, 2014 and 2013 and for the year ended December 31, 2014, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of Moffatt & Nichol 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was originally formed in January 1, 1988 and is sponsored by Moffatt & Nichol (the "Company" or "Plan Sponsor"). The Plan is governed by the Retirement Plan Committee, which is also the Plan Administrator. Charles Schwab Bank is the Plan's trustee (the "Trustee"). The accounting records are maintained by Schwab Retirement Plan Services, Inc., a record keeper and third party administrator. Overall responsibility for administering the Plan rests with the Plan Administrator.

The Plan is a defined contribution plan covering all full-time employees of the Company who are age twenty-one or older and completed at least six consecutive months of service, except employees who perform services for the Company but are not eligible for fringe benefits because of their employment category. The Plan is subject to the provisions of the Employee Retirement Income security Act of 1974 ("ERISA").

Participant Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, up to the maximum annual limit allowed under Section 404(a) of the Internal Revenue Code, as amended, (the "Code"), which was $17,500 for 2014. Participants over the age 50 can defer an additional amount in excess of the dollar limit in the Code. For the 2014 Plan year, the maximum catch-up contribution was $5,500.

Additionally, participants may also rollover amounts representing distributions from other qualified defined benefit or profit sharing plans.

Employer Contributions

Company matches are discretionary and may match 100% of the participants' 401(k) contribution up to a maximum of four percent of the participants' compensation. The Company makes contributions to the Plan within the guidelines of ERISA and the regulations of the Code.

Investment Options

Participants may direct participant and employer contributions, as desired, into any of several investment options held by the Trustee and may make changes to their investments in accordance with the investment policies of the Trustee.

1. DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts, including earnings thereon, is based on years of continuous service. A participant is 100% vested in the Company's profit sharing contribution after five years of service.

Upon a participant's death or permanent disability, as defined, the full amount of the Company's contributions become 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their vested balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at an annual rate commensurate with the prime rate on the date of the application as determined by the Plan Administrator. Loan terms are for a maximum of five years or up to twenty-five years for the purchase of a primary residence. Principal and interest are paid through bi-weekly payroll deductions. Interest rates on outstanding loans ranged from 3.25% to 9.50% and the loans mature through March 2039 as of December 31, 2014 and 2013.

Payment of Benefits

Upon termination of service by death, disability or retirement, or other reasons, a participant or his or her heir(s) may elect to receive one of the following: (a) a lump-sum amount equal to the value of the participant's vested balance in his or her account, (b) equal installments payable annually over a period not exceeding his or her life expectancy, or (c) an insurance company annuity contract which provides payments for the length of his or her life.

While actively employed at the Company, a participant may be eligible to withdraw contributions from the account to meet a financial hardship or upon reaching age 59 ½. A participant can make a lump-sum withdrawal of all or part of the account.

1. DESCRIPTION OF THE PLAN (continued)

Hardship Withdrawal

Participants may withdraw up to 100% of their pretax contributions, excluding earnings, to satisfy any of the following immediate and financial needs: (1) medical expenses; (2) the purchase of principal residence; (3) to prevent eviction from, or foreclosure on, principal residence; (4) to pay for post-secondary education expenses; (5) pay for funeral expenses; or (6) expenses for repair of damage of principal residence. Participants must first exhaust all other assets reasonably available prior to obtaining a hardship withdrawal. After making a hardship withdrawal, a participant is suspended from making additional contributions for a period of six months from the effective date of such withdrawal.

Forfeitures

Forfeitures from non-vested participant accounts are used to reduce the Company's matching contributions. For the year ended December 31, 2014, forfeitures in the amount of $39,288, were used to reduce the Company's matching contributions. At December 31, 2014 and 2013, the forfeited non-vested Company contribution accounts had a balance of $0 and $193, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management, the Retirement Plan Committee, and the Trustee, to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements, and reported amounts of additions to, and deductions from, net assets during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for its investment in the common/collective trust. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's exposure to losses in the event of nonperformance of investments managed by the investment manager is limited to the carrying value of such instruments. The Plan's concentrations of risk are dictated by the Plan's provisions as well as those of ERISA and the participants' investment preference.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded for loans to participants. If a participant ceases to make loan repayments and the Plan Administrator deems the participants loan to be a distribution, the participant's loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2014 and 2013, the Plan did not have any pending distribution to participants who elected to withdraw from the Plan, but which have not yet been paid.

Administrative Expenses

Company employees perform certain administrative functions. Neither the Company nor its employees receive compensation from the Plan. Employees' salaries, legal fees and annual audit fees are paid by the Company, which is a party-in-interest. These expenses, which are not reflected in the accompanying financial statements, constitute exempt party-in-interest transactions under ERISA.

Loan establishment, loan maintenance, custodial service fees, transaction fees, recordkeeping fees related to the Trustee are paid by the Plan. Such transaction is considered a party in interest transaction. All other investment expenses are offset against the related investment income.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur, in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. Following is a summary of the revised guidance contained in ASU 2015-12.

- Part I amendments designate contract value as the only required measure for fully benefit-responsive investment contracts. Part II amendments eliminate the requirement that plans disclose: (a) individual investments that represent 5 percent or more of net assets available for benefits; and (b) the net appreciation or depreciation for investments by general type requirements for both participant-directed investments and nonparticipant-directed investments. Part III amendments provide a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.
- The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. The amendments in Part I and Part II should be applied retrospectively for all financial statements presented, and the amendments in Part III should be applied prospectively. This ASU should not change the Plan's total net assets available for benefits; however, it may affect the presentation of the financial statements and the information contained in the disclosures. Plan Sponsor management is currently reviewing the full impact of these amendments on the Plan's financial statement presentation, which will be effective for the Plan's financial statements for the Plan year ended December 31, 2016.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

New Accounting Pronouncements (continued)

In May 2015, the FASB issued updated guidance intended to eliminate the diversity in practice surrounding how investments measured at net asset value under the practical expedient with future redemption dates have been categorized in the fair value hierarchy. Under the updated guidance, investments for which fair value is measured at net asset value per share using the practical expedient should no longer be categorized in the fair value hierarchy. The updated guidance requires retrospective adoption for all periods presented and is effective for annual reporting periods beginning after December 15, 2015, with early adoption permitted. Except for the disclosure requirements, the Company does not expect the adoption of the new guidance to impact the Plan's financial statements.

Subsequent Events

The Plan evaluated subsequent events for their potential impact on the financial statements and disclosures through September 15, 2015, which is the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

In accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the following information reflected in the accompanying financial statements and supplemental schedule has been certified as complete and accurate by the Trustee of the Plan:

- Investments and notes receivable from participants, as reflected in the statements of net assets available for benefits as of December 31, 2014 and 2013;
- Investment income, as reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2014;
- Investment information disclosed in Note 6 to the Plan's financial statements; and
- Investments, as reflected in Schedule H, line 4i – Schedule of Assets (Held at End of Year) – December 31, 2014.

The Plan Administrator instructed the Plan's independent auditors not to perform any audit procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. INVESTMENTS

The following table presents the fair value of Plan investments that exceed 5% of the Plan's net assets available for benefits:

Description of Investment	December 31, 2014	December 31, 2013
PIMCO Total Return Fund	$ 7,664,026	$ 7,817,412
Charles Schwab S&P 500 Index Fund	7,086,333	5,609,079
Harbor Capital Appreciation Retirement Fund	6,519,831	6,066,230
Galliard Retirement Income Fund	6,008,536	5,202,779
M&N Pro–Blend Maximum Term S	5,512,745	5,621,851

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $378,038 as follows:

Mutual funds	$ 180,117
Common collective trust	97,044
Self-directed brokerage accounts	100,877
	$ 378,038

5. FULLY-BENEFIT RESPONSIVE INVESTMENT CONTRACTS

As of December 31, 2104 and 2013, a portion of the Plan's investments were held in the Galliard Retirement Income Fund. The Fund is invested primarily in investment contracts and security-backed contracts. Investments in the fund are carried at contract value provided by the contract issuer and are comprised of fully benefit-responsive investment contracts. Purchases and redemptions of shares may only be effected with the investee fund at contract value. The contract value is considered to approximate fair value. The average yield earned on these investment contracts for the years ended December 31, 2014 and 2014 was 1.59% and 2.0%, respectively. The average yield credited to Plan participants on these investment contracts for the years ended December 31, 2014 and 2013 was 1.41% and 1.35%, respectively.

6. FAIR VALUE MEASUREMENTS

The Plan has adopted Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements*. ASC Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

6. FAIR VALUE MEASUREMENTS (continued)

The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Quoted market prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2014 and 2013:

***Mutual Funds**:* These investments are public investment securities valued using the Net Asset Value ("NAV") provided by the investment trustee. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market. Mutual funds are classified as Level 1.

***Common Collective Trust**:* Investments in a common collective trust are based on the fair values of the underlying funds. The underlying funds consist of investments in equity and fixed market securities. The underlying assets are valued at their respective NAV for that fund as a practical expedient to estimate fair value, and therefore these investments are classified as Level 2. Withdrawals are permitted on a daily basis subject to certain limitations described in the fund prospectus. Investments can be redeemed immediately at NAV based on the fair value of the underlying assets, have no unfunded commitment, and do not require a redemption notice period.

***Self-directed Brokerage Accounts**:* The self-directed brokerage accounts are based on the underlying quoted market prices of the investments held by each account and therefore these investments are classified as Level 1.

6. FAIR VALUE MEASUREMENTS (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the ASC 820 fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31:

	Fair Value as of December 31, 2014			
	Level 1	**Level 2**	**Level 3**	**Total**
Investment Category:				
Mutual funds	$ 66,567,638	$ –	$ –	$66,567,638
Common collective trust	–	6,008,536	–	6,008,536
Self-directed brokerage accounts	2,996,603	–	–	2,996,603
Total investments at fair value	$ 69,564,241	$ 6,008,536	$ –	$75,572,777

	Fair Value as of December 31, 2013			
	Level 1	**Level 2**	**Level 3**	**Total**
Investment Category:				
Mutual funds	$ 61,832,954	$ –	$ –	$61,832,954
Common collective trust	–	5,202,779	–	5,202,779
Self-directed brokerage accounts	1,933,587	–	–	1,933,587
Total investments at fair value	$ 63,766,541	$ 5,202,779	$ –	$68,969,320

As of December 31, 2014 and 2013, the Plan did not hold any Level 3 investments. There have been no changes in the methodologies used to measure fair value as of December 31, 2014 and 2013.

7. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated May 23, 2008 that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed the Trustee of the Plan, and while these transactions qualify as party-in-interest transactions under ERISA regulations, they are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Loan establishment, loan maintenance, custodial service fees, transaction fees, recordkeeping fees related to the Trustee are paid by the Plan. Such transaction is considered a party in interest transaction under ERISA.
