FRED HAAS INTERESTS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Fred Haas Interests 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Fred Haas Interests 401(k) Plan is established for the benefit of the employees of Fred Haas Motors, Inc., Fisher Haas Infiniti, Inc., Mini Auto Truck Equipment Companies, Inc., Fred Haas Toyota Country, L.P., and Clear Lake Infiniti, L.P. (the "Companies"). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated January 1, 2009 to comply with legislative changes.

The Plan covers all employees who have completed 90 days of service and have attained the age of 21. Entry dates into the Plan are the first day of each month following the satisfaction of eligibility requirements. The Plan is participant directed and participants may change their investment options at any time.

Contributions

Participants may elect to make salary deferral contributions to the Plan up to 75 percent of their annual eligible compensation, but not more than the limit established by the Internal Revenue Service. Participants age 50 or over in the Plan year may also make catch-up contributions into the Plan.

The Plan allows for participants in a former employer's qualified plan to contribute direct rollovers to this Plan prior to meeting the Plan's eligibility requirements.

The Companies may, at their discretion, contribute for each participant a matching contribution equal to a percentage of each participant's elective contribution. The Companies made matching contributions equal to 10 percent of each participant's contribution up to 4 percent of each participant's eligible compensation.

The Companies may also make an additional discretionary contribution, which shall be allocated to each eligible employee in proportion to his or her eligible compensation as a percentage of the eligible compensation of all eligible employees. No such contributions were made during 2009.

Vesting

For vesting purposes, a participant must be credited with at least 1,000 hours during the plan year to qualify as one year of service and count toward vesting. Participants are at all times fully vested in their participant and rollover contribution accounts and the appreciation or depreciation thereon. Vesting in the Companies' contributions portion of their accounts plus earnings thereon is based on years of continuous service. Participants vest 20 percent per year after two years of service and are 100 percent vested after six years of service. A participant shall be immediately vested upon death, retirement, or termination of employment due to permanent disability. Normal retirement age under the Plan is age 65.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Forfeited Accounts

Forfeitures of nonvested contributions shall be used to reduce matching contributions. The forfeitures balances were $3,108 and $2,358 at December 31, 2009 and 2008, respectively. Forfeitures in the amount of $7,042 were used to reduce employer contributions during 2009.

Benefit Payments

Upon a participant's termination or retirement, the vested funds in the participant's account are distributed in a lump-sum payment.

Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100 percent vested in their accounts.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Accounting Standards Codification

The Financial Accounting Standards Board (FASB) issued the FASB Accounting Standards Codification (ASC) effective for financial statements issued for interim and annual periods ending after September 15, 2009. The ASC is an aggregation of previously issued authoritative U.S. generally accepted accounting principles (GAAP) in one comprehensive set of guidance organized by subject area. In accordance with the ASC, references to previously issued accounting standards have been replaced by ASC references. Subsequent revisions to GAAP will be incorporated into the ASC through Accounting Standards Updates (ASU). The adoption of the ASC did not have an impact on the Plan's financial statements.

Basis of Accounting

The accounting records of the Plan and the financial statements have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fixed interest investment option through the custodian's general account. The custodian has determined that contract value is an appropriate determination of fair value at December 31, 2009 and 2008. Liquidation of the entire contract may cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value. This total liquidation is a contingent event, which cannot be initiated by Plan participants, and can only be initiated by the trustee upon termination of the Plan or complete termination of the contract.

Administrative Expenses

All expenses incident to the administration, termination, or protection of the Plan including, but not limited to, legal, accounting, and trustee fees, shall be paid by the Companies or, if not paid by the Companies, shall be paid by the Plan.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Income Taxes

The Plan has obtained its latest determination letter on May 28, 1997 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

During 2009, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value as follows:

American United Life Insurance Company Separate Account II	$876,172

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures,* clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

Various inputs are used in determining the value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, FASB ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Pooled Separate Accounts: Valued at account unit value ("AUV") by the custodian based on the units held at year-end reflecting the closing price reported on the applicable active market on which the underlying investments are traded. Underlying investments are primarily composed of mutual funds that are priced in an active market. The pooled separate accounts held by the Plan provide for daily redemptions by the Plan at reported AUV with no advance notice requirement. The Plan has no unfunded commitments and no contractual obligations to further invest in the accounts.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Contract Account: Valued at fair value as determined by the custodian based on amounts contributed to the account less any withdrawals or transfers out, plus all accrued interest. Interest rates are determined based on the expected performance of the underlying investments through the custodian's general account, which are primarily composed of bonds, mortgages, and private placements that are priced in an active market.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e. projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2009 and 2008.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2009 and 2008:

	December 31, 2009:

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American United Life Insurance Company ("AUL"), the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying statement of net assets available for benefits as of December 31, 2009 and 2008, and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2009, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2009.

NOTE 6 - CONTRACT WITH INSURANCE COMPANY

The Plan holds a contract with AUL. Contributions under this contract are recorded into the AUL Fixed Fund, which is part of AUL's general account. The AUL Fixed Fund is unallocated and maintains a variable quarterly rate, which was 4.00% and 4.05% at December 31, 2009 and 2008, respectively.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2009 and 2008:

	2009	2008
Net assets available for benefits per the financial statements	$4,814,106	$3,628,014
Add: Nondiscriminatory refunds payable	60,280	74,330
Net assets available for benefits per the Form 5500	$4,874,386	$3,702,344

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2009:

Change in net assets per the financial statements	$1,186,092
Add: Nondiscriminatory refunds at December 31, 2009	60,280
Less: Nondiscriminatory refunds at December 31, 2008	(74,330)
Change in net assets per the Form 5500	$1,172,042

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Investments are in pooled separate accounts and a contract account managed by AUL. AUL is the custodian of the Plan and, therefore, qualifies as a party-in-interest. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 10 - NONDISCRIMINATORY REFUNDS

At December 31, 2009 and 2008, liabilities of $60,280 and $74,330, respectively, are recorded for amounts refundable by the Plan to highly compensated participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

NOTE 11 - SUBSEQUENT EVENTS

The Plan has entered into an agreement to change the custodian to Principal Life Insurance Company, a member of the Principal Financial Group, effective October 1, 2010.

The Plan has evaluated subsequent events through September 27, 2010, the date the financial statements were available to be issued.
