INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Trailer Park, Inc. 401(k) Profit Sharing Pan

We have audited the accompanying financial statements of Trailer Park, Inc. 401(k) Profit Sharing Plan, which comprise the statements as of December 31, 2014 and 2013, and for the year ended December 31, 2014, as listed in the accompanying index, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 1, which was certified by ABC Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December

31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial status of Trailer Park, Inc. 401(k) Profit Sharing Plan as of December 31, 2014 and 2013, and the changes in its financial status for the year ended December 31, 2014, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules listed in the accompanying index, together referred to as "Supplemental Information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the effects on the Schedule of Assets Held for Investment Purposes at End of Year, of the matter described in the Basis for Qualified Opinion paragraph, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1- Description of Plan

The following description of the Trailer Park, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General

This is an amendment and restatement of a previously established qualified plan of the Employer which was originally effective January 1, 2003 (the "Effective Date). The effective date of this amendment and restatement is July 1, 2010. As of this date, the Plan was moved from ADP Retirement Services ("ADP") to Transamerica Retirement Services ("Transamerica"). The Plan is a tax-qualified, defined contribution 401(k) profit sharing plan adopted by Trailer Park, Inc. (the "Employer" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan covers all employees of the Employer age 21 years or older who have over 1 year of service, except for those who are covered by a collective bargaining agreement and nonresident aliens with no U.S. source income. Plan entry dates are as soon as administratively feasible following the date that the employee becomes eligible.

Plan Administration

Transamerica Retirement Services has been the Plan's trustee and record keeper since July 1, 2010 when it took over from Massachusetts Fidelity Trust Company and ADP on that date.

Contributions

Eligible employees of the Employer can elect to contribute an amount equal to, but not less than 1%, nor more than 90% of compensation as defined in the Plan document in increments of 1%, up to a maximum dollar limit per year as defined by the Internal Revenue Code ("IRC"). For the Plan year ended December 31, 2014, the annual limit on participant contributions was $17,500. The Plan allows participants age 50 years and older to make additional salary deferrals (referred to as employee catch-up contributions), subject to legal limits or up to $5,000 in 2014.

Participants may change their contribution percentage and their investment elections at any time. Participants may contribute amounts representing rollover distributions from other qualified plans.

The Employer makes employer matching contributions on behalf of each participant in an amount equal to 50 percent of the participant's first three percent of deferrals as interpreted by the Plan Administrator. The Employer may make a discretionary profit-sharing contribution to the Plan, allocated in the ratio that each eligible participant's compensation bears in relation to the total compensation for all eligible participants for the Plan year. The Company did not make a discretionary profit- sharing contribution in 2014.

Note 1- Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and rollovers, and allocations of (a) the employer discretionary profit sharing contributions; (b) employer matching contributions; and (c) investment earnings and charged with an allocation of administration fees, if any. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participants are immediately 100% vested in the amount of their contributions and earnings thereon.

The portion of a participant's account pertaining to employer discretionary profit sharing and matching contributions and related earnings vest according to the following schedule:

Years of Service	Vesting Percentage
0-1 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

Those reaching normal retirement date at age 65 years become 100% vested on that date in their accrued benefits regardless of the vesting schedule which would otherwise apply. Any participant, who terminates employment prior to the completion of the minimum number of applicable years, forfeits the unvested accrued benefit under the Plan.

Forfeited Accounts

Any participant, who terminates their employment prior to the completion of the minimum number of applicable years, forfeits their unvested accrued benefit under the Plan. Forfeitures are used to reduce future employer contributions or to pay for plan expenses. The balance in the forfeiture account was $86,003.58 as of December 31, 2014.

Investment Options

All of the Plan's investment options are fully participant directed. Participants may direct the investment of their account balances into any of the Plan's available investment options.

Note 1- Description of Plan (continued)

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's vested account and bear interest at a rate equal to the prime rate at the time of the loan. As of December 31, 2014, there was $190,614 in outstanding participant loans.

Payment of Benefits

Upon termination of employment, attainment of normal retirement at age 65 years, financial hardship (elective deferrals only), permanent disability, or death, 100% of the vested interest of the participant's account is distributable to the participant or the participant's beneficiary in a lump sum payment. In service withdrawals after age 59 1/2 years are also permitted.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could materially differ from those estimates.

Risks and Uncertainties

The Plan provides for various funds that hold investment securities. Investment securities are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors in the near term could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

Note 2 - Summary of Significant Accounting Policies (continued)

The Plan invests in various investment options that invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Investment Valuation and income Recognition

The Plan's investments in cash and cash equivalents and mutual funds are stated at fair value as determined by the quoted market prices on the last business day of the Plan year.
Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in fair value of investments is based on the fair value of the assets at the beginning of the year or at the time of purchase for assets purchased during the year and the related fair values on the day investments are sold with respect to realized gains and losses, and on the last day of the year with respect to unrealized gains and losses. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Plan Benefits as net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Administration Fees

The Plan's administration fees are paid by the Employer or the Plan as provided by the Plan document. For the period from January 1, 2014 through December 31, 2014, administration fees paid by the Plan were $9,320 for professional fees and $29,284 for investment and advisory fees. Administration fees paid by the Employer were not significant. There is no continuing obligation by the Employer to pay certain Plan related expenses.

Note 3 - Investments

The following table presents investments that represent 5 percent or more of the Plan's net assets available for Plan benefits:

	Current Value	Percent

BlackRock Equity Dividend	1,466,385	7.12
American Funds New Perspective	1,317,173	6.40
Transamerica Stable Value Comp	1,854,078	9.00

During 2014, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $985,183.

Note 4 – Tax Status

The Plan is based on the Prototype Plan sponsored by Automated Data Processing (ADP), which received an opinion letter from the Internal Revenue Service ("IRS") dated May 3, 2002 stating that the Prototype Plan was designed in accordance with the provisions of the IRC. The Plan has not yet filed for its own determination letter from the IRS, however, the Plan administrator believes that the Plan, including the effect of Plan amendments, is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, affected participants will become 100% vested in all of their accounts.
