To the Trustees of
Comfort Window Company, Inc. 401(k) Salary Deferral Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Comfort Window Company, Inc. 401(k) Salary Deferral Plan, which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company of New York, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedules
The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter - 2013 Financial Statements
The financial statements of the Plan as of and for the year ended December 31, 2013, were audited by Testone, Marshall & Discenza, LLP (predecessor auditors), who merged with Bonadio & Co., LLP as of January 1, 2015. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by John Hancock Life Insurance Company of New York, the custodian of the Plan. Their report, dated August 27, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2014
The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Comfort Window Company, Inc. 401(k) Salary Deferral Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Comfort Windows Company, Inc. and affiliates; Galaxy Manufacturing Co. of CNY, Inc. and Comfort Management of CNY, Inc., (collectively known as the "Company"), who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees are eligible to begin salary deferrals after the attainment of age 21 and having completed one year of service.

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan, subject to certain limitations established by the Internal Revenue Code. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company establishes the matching contribution annually. In 2014 and 2013, the Company elected to match each participant's elective deferral by contributing 100% of the first 4% of compensation deferred.

Discretionary contributions may be made at the option of the Company's management. These contributions are allocated based on each participant's compensation. In order to receive an allocation of a discretionary contribution, participants must be an eligible participant in the Plan and be employed on the last day of the Plan year. Contributions are subject to certain limitations. No discretionary contribution was made in 2014 or 2013.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company matching contribution, allocation of any discretionary Company contribution and Plan earnings and charged with an allocation of administrative and investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions and Company matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Percent Vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in his or her account.

Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than $5,000 and the participant does not direct the Plan otherwise.

Investment Options

Plan investments are held within various investment funds offered and maintained by John Hancock Life Insurance Company of New York. Contributions to the Plan are invested, at the discretion of the participant, in one or a combination of available investment fund options.

Forfeited Accounts

Forfeited non-vested accounts totaled $8,196 and $7,386 at December 31, 2014 and 2013, respectively. These amounts are used to pay certain administrative expenses of the Plan. Forfeited non-vested accounts in excess of administrative expenses are used to reduce Company contributions. The Company did not use forfeited funds to pay administrative fees or reduce Company contributions in 2014 and 2013.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (continued)
Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and that such change could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
At the Company's discretion, administrative expenses of the Plan may be paid out of the Plan's assets or may be paid by the Company. Administrative expenses paid by the Company during 2014 and 2013 included expenses relating to the function of the Plan, including investment advisory. Investment management fees are charged directly against the related investments of the Plan. Record keeping fees are paid out of Plan assets. Administrative expenses related to record keeping fees paid out of the Plan assets during 2014 and 2013 amounted to $2,369 and $8,510, respectively.

Fair Value Measurement - Definition and Hierarchy
Financial Accounting Standards Board (FASB) *Accounting Standard Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 3. There were no transfers between levels of the fair value hierarchy during 2014 or 2013.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates
The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

3. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- *Pooled separate accounts* invest directly in designated investment funds. These accounts own and hold the underlying investment funds. They are valued at their accumulated unit value that is determined daily based on the net asset value of the quoted market prices of the underlying investment, the fund's dividends and the contracts separate account charges.
- *Stable value fund* is not fully benefit-responsive and is valued at the net asset value of units held by the Plan, based on quoted market prices of the underlying investments. A market value adjustment may be applied under certain circumstances, including termination of the contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the level, within the fair value hierarchy, of the Plan's fair value measurements at December 31, 2014 and 2013.

Fair value measurement at December 31, 2014:

	Level 1	Level 2	Level 3	Total

Schedule of Assets (Held at End of Year)	Schedule I	

Investment balances which represent 5% or more of plan assets available for benefits as of December 31:

	2014	2013
JH Lifestyle Growth	$ 1,806,146	$ 1,627,943
JH Lifestyle Balanced	$ 1,727,883	$ 1,643,543
JH Lifestyle Conservative	$ 568,703	$ 508,120
JH Lifestyle Aggressive	$ 474,584	$ 423,147
JH Lifestyle Moderate	$ 317,134*	$ 308,767

* Does not represent five percent or more of the Plan's net assets available for benefits for respective year, but is shown for comparative purposes.

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows for the years ended December 31:

	2014	2013
Pooled separate accounts	$ 263,542	$ 867,518
Stable value fund	537	480
Total	$ 264,079	$ 867,998

5. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include funds managed by John Hancock Life Insurance Company of New York, who acts as custodian as defined by the Plan. These transactions qualify as party-in-interest transactions. Administrative and investment management fees paid by the Plan to John Hancock Life Insurance Company amounted to $2,369 and $8,510 for the years ended December 31, 2014 and 2013, respectively.

6. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated March 31, 2008 that the "Prototype Non-Standardized Profit Sharing Plan with CODA" is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of the letter, the Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 2, 2015, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

September 2, 2015

To the Trustees of
Comfort Window Company, Inc. 401(k) Salary Deferral Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Comfort Window Company, Inc. 401(k) Salary Deferral Plan, which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company of New York, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedules
The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter - 2013 Financial Statements
The financial statements of the Plan as of and for the year ended December 31, 2013, were audited by Testone, Marshall & Discenza, LLP (predecessor auditors), who merged with Bonadio & Co., LLP as of January 1, 2015. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by John Hancock Life Insurance Company of New York, the custodian of the Plan. Their report, dated August 27, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2014
The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Comfort Window Company, Inc. 401(k) Salary Deferral Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Comfort Windows Company, Inc. and affiliates; Galaxy Manufacturing Co. of CNY, Inc. and Comfort Management of CNY, Inc., (collectively known as the "Company"), who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees are eligible to begin salary deferrals after the attainment of age 21 and having completed one year of service.

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan, subject to certain limitations established by the Internal Revenue Code. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company establishes the matching contribution annually. In 2014 and 2013, the Company elected to match each participant's elective deferral by contributing 100% of the first 4% of compensation deferred.

Discretionary contributions may be made at the option of the Company's management. These contributions are allocated based on each participant's compensation. In order to receive an allocation of a discretionary contribution, participants must be an eligible participant in the Plan and be employed on the last day of the Plan year. Contributions are subject to certain limitations. No discretionary contribution was made in 2014 or 2013.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company matching contribution, allocation of any discretionary Company contribution and Plan earnings and charged with an allocation of administrative and investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions and Company matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Percent Vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in his or her account.

Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than $5,000 and the participant does not direct the Plan otherwise.

Investment Options

Plan investments are held within various investment funds offered and maintained by John Hancock Life Insurance Company of New York. Contributions to the Plan are invested, at the discretion of the participant, in one or a combination of available investment fund options.

Forfeited Accounts

Forfeited non-vested accounts totaled $8,196 and $7,386 at December 31, 2014 and 2013, respectively. These amounts are used to pay certain administrative expenses of the Plan. Forfeited non-vested accounts in excess of administrative expenses are used to reduce Company contributions. The Company did not use forfeited funds to pay administrative fees or reduce Company contributions in 2014 and 2013.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (continued)
Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and that such change could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
At the Company's discretion, administrative expenses of the Plan may be paid out of the Plan's assets or may be paid by the Company. Administrative expenses paid by the Company during 2014 and 2013 included expenses relating to the function of the Plan, including investment advisory. Investment management fees are charged directly against the related investments of the Plan. Record keeping fees are paid out of Plan assets. Administrative expenses related to record keeping fees paid out of the Plan assets during 2014 and 2013 amounted to $2,369 and $8,510, respectively.

Fair Value Measurement - Definition and Hierarchy
Financial Accounting Standards Board (FASB) *Accounting Standard Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 3. There were no transfers between levels of the fair value hierarchy during 2014 or 2013.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates
The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

3. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- *Pooled separate accounts* invest directly in designated investment funds. These accounts own and hold the underlying investment funds. They are valued at their accumulated unit value that is determined daily based on the net asset value of the quoted market prices of the underlying investment, the fund's dividends and the contracts separate account charges.
- *Stable value fund* is not fully benefit-responsive and is valued at the net asset value of units held by the Plan, based on quoted market prices of the underlying investments. A market value adjustment may be applied under certain circumstances, including termination of the contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the level, within the fair value hierarchy, of the Plan's fair value measurements at December 31, 2014 and 2013.

Fair value measurement at December 31, 2014:

	Level 1	Level 2	Level 3	Total

4. INVESTMENTS

The Plan administrator has received a certification from John Hancock Life Insurance Company of New York, the custodian of the Plan, that states that the following information is complete and accurate as of and for the years ended December 31, 2014 and 2013.

	2014	2013
Statements of net assets available for benefits:		
Cash	$ 8,196	$ 7,386
Pooled separate accounts	$ 6,544,206	$ 5,898,000
Stable value fund	$ 89,587	$ 44,969
Statements of changes in net assets available for benefits:		
Net appreciation in fair value of investments	$ 264,079	$ 867,998
Schedule of Assets (Held at End of Year)	Schedule I	

Investment balances which represent 5% or more of plan assets available for benefits as of December 31:

	2014	2013
JH Lifestyle Growth	$ 1,806,146	$ 1,627,943
JH Lifestyle Balanced	$ 1,727,883	$ 1,643,543
JH Lifestyle Conservative	$ 568,703	$ 508,120
JH Lifestyle Aggressive	$ 474,584	$ 423,147
JH Lifestyle Moderate	$ 317,134*	$ 308,767

* Does not represent five percent or more of the Plan's net assets available for benefits for respective year, but is shown for comparative purposes.

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows for the years ended December 31:

	2014	2013
Pooled separate accounts	$ 263,542	$ 867,518
Stable value fund	537	480
Total	$ 264,079	$ 867,998

5. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include funds managed by John Hancock Life Insurance Company of New York, who acts as custodian as defined by the Plan. These transactions qualify as party-in-interest transactions. Administrative and investment management fees paid by the Plan to John Hancock Life Insurance Company amounted to $2,369 and $8,510 for the years ended December 31, 2014 and 2013, respectively.

6. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated March 31, 2008 that the "Prototype Non-Standardized Profit Sharing Plan with CODA" is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of the letter, the Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 2, 2015, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

September 2, 2015

To the Trustees of
Comfort Window Company, Inc. 401(k) Salary Deferral Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Comfort Window Company, Inc. 401(k) Salary Deferral Plan, which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company of New York, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedules
The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter - 2013 Financial Statements
The financial statements of the Plan as of and for the year ended December 31, 2013, were audited by Testone, Marshall & Discenza, LLP (predecessor auditors), who merged with Bonadio & Co., LLP as of January 1, 2015. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by John Hancock Life Insurance Company of New York, the custodian of the Plan. Their report, dated August 27, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2014
The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Comfort Window Company, Inc. 401(k) Salary Deferral Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Comfort Windows Company, Inc. and affiliates; Galaxy Manufacturing Co. of CNY, Inc. and Comfort Management of CNY, Inc., (collectively known as the "Company"), who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees are eligible to begin salary deferrals after the attainment of age 21 and having completed one year of service.

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan, subject to certain limitations established by the Internal Revenue Code. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company establishes the matching contribution annually. In 2014 and 2013, the Company elected to match each participant's elective deferral by contributing 100% of the first 4% of compensation deferred.

Discretionary contributions may be made at the option of the Company's management. These contributions are allocated based on each participant's compensation. In order to receive an allocation of a discretionary contribution, participants must be an eligible participant in the Plan and be employed on the last day of the Plan year. Contributions are subject to certain limitations. No discretionary contribution was made in 2014 or 2013.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company matching contribution, allocation of any discretionary Company contribution and Plan earnings and charged with an allocation of administrative and investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions and Company matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Percent Vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in his or her account.

Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than $5,000 and the participant does not direct the Plan otherwise.

Investment Options

Plan investments are held within various investment funds offered and maintained by John Hancock Life Insurance Company of New York. Contributions to the Plan are invested, at the discretion of the participant, in one or a combination of available investment fund options.

Forfeited Accounts

Forfeited non-vested accounts totaled $8,196 and $7,386 at December 31, 2014 and 2013, respectively. These amounts are used to pay certain administrative expenses of the Plan. Forfeited non-vested accounts in excess of administrative expenses are used to reduce Company contributions. The Company did not use forfeited funds to pay administrative fees or reduce Company contributions in 2014 and 2013.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (continued)
Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and that such change could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
At the Company's discretion, administrative expenses of the Plan may be paid out of the Plan's assets or may be paid by the Company. Administrative expenses paid by the Company during 2014 and 2013 included expenses relating to the function of the Plan, including investment advisory. Investment management fees are charged directly against the related investments of the Plan. Record keeping fees are paid out of Plan assets. Administrative expenses related to record keeping fees paid out of the Plan assets during 2014 and 2013 amounted to $2,369 and $8,510, respectively.

Fair Value Measurement - Definition and Hierarchy
Financial Accounting Standards Board (FASB) *Accounting Standard Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 3. There were no transfers between levels of the fair value hierarchy during 2014 or 2013.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates
The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

3. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- *Pooled separate accounts* invest directly in designated investment funds. These accounts own and hold the underlying investment funds. They are valued at their accumulated unit value that is determined daily based on the net asset value of the quoted market prices of the underlying investment, the fund's dividends and the contracts separate account charges.
- *Stable value fund* is not fully benefit-responsive and is valued at the net asset value of units held by the Plan, based on quoted market prices of the underlying investments. A market value adjustment may be applied under certain circumstances, including termination of the contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the level, within the fair value hierarchy, of the Plan's fair value measurements at December 31, 2014 and 2013.

Fair value measurement at December 31, 2014:

	Level 1	Level 2	Level 3	Total

5. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include funds managed by John Hancock Life Insurance Company of New York, who acts as custodian as defined by the Plan. These transactions qualify as party-in-interest transactions. Administrative and investment management fees paid by the Plan to John Hancock Life Insurance Company amounted to $2,369 and $8,510 for the years ended December 31, 2014 and 2013, respectively.

6. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated March 31, 2008 that the "Prototype Non-Standardized Profit Sharing Plan with CODA" is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of the letter, the Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 2, 2015, the date the financial statements were available to be issued.
