Each employee is permitted to contribute a percentage of their annual compensation to their individual accounts on a pre-tax basis, in a range from 1% to 80% of their eligible compensation. The Plan Sponsor will match 50% of the participant's elective contributions, up to 10% of gross wages and may make a discretionary contribution. Effective March 1, 2009, the Plan was amended to discontinue the employer matching contributions by the Plan Sponsor. No discretionary contributions were made during 2009. The Plan does permit rollover contributions.

Participants' Accounts

Each participant's account is credited with the participant's contribution, the Plan Sponsor's matching contribution, and an allocation of Plan earnings or losses and elective employer contributions. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which the participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are 100% vested in the portion of their accounts attributable to employee salary deferrals. The employer portion of participant balances are subject to a progressive vesting schedule ranging from 20% upon completion of two years of service to 100% upon completion of at least six years of service. The Plan provides for 100% vesting for any participant whose termination is attributable to death, normal retirement, or permanent disability.

1. Description of Plan, continued

Forfeited Accounts

As of December 31, 2009, forfeited nonvested accounts totaled \$1,082. These accounts will be used to reduce future employer contributions.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Risk and Uncertainties

The Plan provides for various participant directed investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of assets available for benefits and the statement of changes in net assets available for benefits.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in the preceding twelve month period. Loans must be fully repaid within five years unless the loan is used to purchase a primary residence, upon which it may be repaid within no more than thirty years. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus two percent. Principal and interest are paid ratably through payroll deductions.

Investment and Administrative Expenses

All investment and administrative expenses of the Plan, except certain trustee fees, are allocated pro-rata amongst the account balances of all participants in the Plan based on the ratio of each participant's account balance to the aggregate of all participants' account balances under the Plan.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies, continued

In June 2009, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* (SFAS No. 168). SFAS No. 168 establishes the FASB Accounting Standards Codification (ASC) standards as the only source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. The Plan adopted the provisions of SFAS No. 168 beginning with the year ended December 31, 2009. The adoption did not have a material impact on the financial statement disclosures.

The following is a summary of the significant accounting policies based on the FASB ASC and consistently followed by the Plan in the preparation of its financial statements:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee. Those investments that represent five percent or more of the Plan's net assets as of the end of the year are identified below:

** Investment did not represent more than 5% of the Plan's net assets as of the end of the plan year ended December 31, 2008.

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Registered investment companies	\$ 537,791
Common/collective trust	<u>55,226</u>
Total	<u>\$ 593,017</u>

4. Fair Value Measurement

The Plan has determined the fair value of certain assets through application of ASC 820-10. Financial assets and liabilities valued using Level 1 inputs are based on unadjusted quoted market prices within active markets. Financial assets and liabilities valued using Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets. Financial assets using Level 3 inputs are valued using management's assumptions about the assumptions market participants would utilize in pricing the asset or liability.

4. Fair Value Measurement, continued

	Fair Value	Level 1	Level 2	Level 3
Registered investment companies	\$ 2,405,973	\$ 2,405,973	\$ -	\$ -

Total	<u>\$ 2,970,891</u>	<u>\$ 2,405,973</u>	<u>\$ 548,034</u>	<u>\$ 16,884</u>

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2009.

Registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trust: Valued at the net asset value (NAV) of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by State Street Bank and Trust Company. State Street Bank and Trust Company, is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest.

6. Tax Status

The Plan obtained its latest determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

7. Subsequent Events

The Plan's management evaluated the period from December 31, 2009 to September 21, 2010 (date the financial statements were ready to be issued) for items requiring recognition or disclosure in the financial statements. There were no events occurring during the evaluation period that require disclosure and there were no events that require recognition in the financial statements.
