SAROYAN 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009

A. Description of Plan

The following description of the Saroyan Lumber Company, Inc. (the Company) provides only general information. The Plan was adopted on January 1, 1996 and restated during 2008 with an effective adoption date of January 1, 2002. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Saroyan Lumber (the Company) who are at least 21 years of age and have completed 12 months of consecutive service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute from one percent to not more than 25 percent of pretax annual compensation. Total contributions per participant in any calendar year may not exceed the limits of Code Sections 401(k), 404 and 415, which for 2009 the dollar limit is $16,500. Participants who are at least 50 years of age by December 31, 2009 may contribute catch-up contributions up to an additional $5,500. The company has the discretion to match participant contributions each year. This year the company provided a matching contribution equal to 25 percent of the first 6 percent of a participant's elective deferral contributions up to a maximum of 1.5 percent of a participant's compensation. At December 31, 2009, total matching contributions were $23,599. All contributions under the Plan are to be invested in shares of investment companies for which Transamerica Life Insurance Company (Transamerica) acts as transfer agent and which are selected by the employer as investment options under the Plan. The Plan allows participants to self direct their account balance among available investments. At December 31, 2009, all funds held for investment in the Plan were self directed by the participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the company's contribution and Plan investment earnings or losses of the trust fund. Participants will only realize the gain or loss of their individual investment selections. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participant's nonvested accounts are first used to defray the reasonable costs and expenses of administration of the plan. Any remaining amounts will be used to reduce the company's matching contributions for the year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company's matching, if any, of their accounts plus actual earnings thereon is based on years of continuous service. A participant becomes 20 percent vested after one year of service. Beginning with the second year, participants' vesting will increase 20 percent per year until they reach 100 percent vesting at the end of their fifth year of service.

A. Description of Plan (Continued)

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms range from one to five years. A loan for the purchase of a principal residence may be extended beyond the five year repayment period but will not go beyond a participants' normal retirement age. The loans are secured by up to 50 percent of the participant's vested account balance. The current loan interest rates range from 4.25 percent to 9.25 percent. Principal and interest are paid ratably through payroll deductions on not less than a semi-monthly basis.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive benefits equal to the value of the participant's account balance. On termination of service due to other reasons, a participant will receive benefits equal to the value of the vested interest in his or her account balance. Payments will be made in one of the following methods:

a. a lump sum payment of entire vested account balance;
b. a single sum distribution of a portion of vested account balance not exceeding the shorter of fifteen years or the participant's assumed life expectancy at the time of distribution.

Plan Administrator Fees

All routine plan administrative expenses including, but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the plan may be paid out of the trust fund unless paid by the employer. For the plan year ended December 31, 2009, administrative fees paid by the Plan totaled $14,660.

Forfeited Accounts.

Forfeitures of nonvested accounts are used first to reduce annual Plan administrative expenses, any remaining forfeitures are allocated to participants who have completed at least 1,000 hours of service during the plan year and are employed by the Company on the last day of the plan. Forfeitures available to reduce the Plan's administrative expenses totaled $4,851 at December 31, 2009.

B. Summary of Accounting Policies

Date of Management's Review

Subsequent events were evaluated through August 18, 2010, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Participant notes receivable are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when the participant has submitted a request for distribution and the request is approved by the plan sponsor.

Estimate.

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses

Forfeited account amounts will be used to defray any administrative expenses. Any excess administrative expenses will be paid by the Plan.

C. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

C Fair Value Measurements (Continued)

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Inputs Other Than Quoted Prices Included in Level 1 (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2009				
Investment contract with insurance company	$ 1,545,957	$ 622,450	$ 923,507	$ -
Principal loans	94,302	-	-	94,302
Total	$ 1,640,259	$ 622,450	$ 923,507	$ 94,302
December 31, 2008				
Investment contract with insurance company	$ 1,357,058	$ 1,302,949	$ 54,109	$ -
Principal loans	85,891	-	-	85,891
Total	$ 1,442,949	$ 1,302,949	$ 54,109	$ 85,891

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

C. Fair Value Measurements (Concluded)

Level 2 Fair Value Measurements

The fair value of Level 2 assets is based on quoted net asset values of similar assets in active markets, quoted prices for markests considered not active, or inputs other than quoted prices (e.g. interest rates).

Level 3 Fair Value Measurements

The participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Principant Loans
December 31, 2009	
Beginning balance	$ 85,891
Purchases, sales, issuances and settlements (net)	8,411
Ending Balance	$ 94,302
December 31, 2008	
Beginning balance	$ 86,054
Purchases, sales, issuances and settlements (net)	(163)
Ending Balance	$ 85,891

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2009 are reported in net appreciation in fair value of investments.

D. Investments

The following presents investments at December 31, 2009 and 2008 that represent 5 percent or more of the Plan's net assets:

	2009		2008	
	shares	value	shares	value
Transamerica Equity Index Fund	4,145.501	$ 135,775	5,063.319	$ 132,100
Transamerica Bond Fund	5,316.532	$ 128,535	4,557.405	$ 95,927
Transamerica Stable Value Fund	54,687.352	$ 715,462	47,576.832	$ 603,392
TA Vanguard Target Retirement 2025	7,162.056	$ 89,523	10,192.441	$ 102,839

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) ineased in value by $170,768 as follows:

Mutual funds	$ 170,768

E. Contract with Insurance Company

The Plan has an investment contract with Transamerica Life Insurance and Annuity Company (Transamerica). The contract provides for, among other things, an unallocated funding arrangement, and stipulates that Transamerica will perform such functions as receiving contributions, valuing the Plan's investments, and making payments of benefits, as directed by the Trustees. Transamerica maintains the contributions in a general account as well as pooled separate accounts. The general account is credited with interest at a floating rate as defined in the contract, and charged for participant withdrawals and administrative expenses. Separate accounts are segregated from other assets of Transamerica and are comprised of various investment funds, the values of which are affected by investment income and subject to market changes. In addition, participants may elect to transfer all or part of the funds maintained under the general account in their name to any other investment option maintained under the contract.

F. Information Prepared and Certified by Trustee

The following information for December 31, 2009 and 2008 included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2009	2008
Investments at fair value	$ 1,545,957	$ 1,357,058
Interest income	$ 5,926	
Investment income	$ 170,768	
Other income	$ 21,634	

G. Plan Termination

Although it has not expressed any intent to do so, the company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

H. Tax Status

The Internal Revenue Service has determined and informed the companies by a letter dated March 31, 2008 that the Plan and related trust are qualified under applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

J. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Transamerica Life Insurance and Annuity Company. Transamerica Life Insurance and Annuity Company is the custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services amounted to $14,660 for the year ended December 31, 2009.

K. Subsequent Events

A determination letter dated April 22, 2010 was subsequently received from the Internal Revenue Service. The letter provided a favorable determination on the plan.
