INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Riata Management, LLC 401(k) Plan

REPORT ON THE FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statement of Riata Management, LLC 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these December 31, 2014 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by John Hancock Life Insurance Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of and for the year then ended December 31, 2014, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these December 31, 2014 financial statements.

OTHER MATTER – SUPPLEMENTAL SCHEDULE

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at Year End) as of December 31, 2014, is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

OTHER MATTER—2013 FINANCIAL STATEMENTS

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by John Hancock Life Insurance Company, the Custodian of the Plan. Their report, dated September 30, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH DOL RULES AND REGULATIONS

The form and content of the information included in the December 31, 2014 financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

General

The Riata Management, LLC 401(k) Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 2009, and covers substantially all employees of Riata Management, LLC; Nexlube Tampa, LLC; Longfellow Energy, LP; Longfellow Ranch Partners, LP; Pecos Roadhouse, LLC; Rock Solid Mudlogging, LLC; Stockton Plaza, LP; Viking Drilling, LLC; Viking Coil Tubing, LLC; Texas Lantana, LLC; and TransAtlantic Petroleum Crop. (the "Company" or "Plan Sponsor"). John Hancock Life Insurance Company serves as the custodian and recordkeeper ("Custodian" and "Recordkeeper") of the Plan. The Company has elected Actuaries and Associates as the plan administrator ("Plan Administrator"). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective December 31, 2013, TransAtlantic Petroleum Corp. ceased adoption of and participation in the plan. On January 24, 2014, the Plan transferred out assets of $1,486,744 to the TransAtlantic Petroleum (USA) Corp 401(k) Plan.

Eligibility and Participant Accounts

Employees become eligible for participation after completing three months of service and one working hour per month, as defined by the Plan document. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company matching contributions (if applicable), and an allocation of Plan earnings and charged with administrative expenses. The allocations are based on participant earnings or account balances, as defined. Participants may modify salary deferral elections each payroll period.

Contributions

Each year, a participant may elect to contribute a portion of his or her pretax or after-tax (Roth) compensation from 1% to 90%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($17,500 for 2014). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($5,500 for 2014). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted by the Plan.

The Plan allows for discretionary employer contributions in amounts to be determined by the Company. To receive such contributions, a participant must be participating in the Plan at the end of the year. For the year ended December 31, 2014, the Company contributed matching contributions in the amount of 50% of participant elective deferrals up to 10% of a participant's eligible compensation contributed to the Plan.

Benefits Paid to Participants

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Participants with vested account balances greater than $5,000 may defer their distributions to a later date. Participant account balances less than $5,000, upon termination, may be rolled over to an individual retirement account or, if less than $1,000 paid directly to the participant by the Company.

NOTE 1 - DESCRIPTION OF PLAN, CONTINUED

Investment Options

The Plan provides for contributions to be invested by the participants among a variety of pooled separate accounts, mutual funds of registered investment companies, a collective investment trust, and a money market fund in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

Vesting

Participants are immediately vested in elective deferrals including catch-up contributions plus actual earnings thereon. Vesting in the Company's matching contributions plus actual earnings, thereon, is based on years of continuous service. Participants vest 33% beginning after one year of qualified service, 67% after two years of qualified service, and are 100% vested after three years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

Forfeitures

Forfeitures of terminated Participants' non-vested accounts are available to reduce future Company contributions or pay Plan administrative expenses. These amounts are reported as a component of net assets available for benefits. At December 31, 2014 and 2013, forfeited non-vested accounts available for future use totaled $45,870 and $61,399, respectively.

Notes Receivable from Participants

Borrowings are not available for participants by the plan.

Administrative Expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. If the expenses are paid using the Plan's assets, the expenses will generally be allocated among the accounts of all participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Certain administrative expenses may be paid by the Company at its discretion.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expense.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements as of December 31, 2014 have been prepared under the accrual method in accordance with U.S. generally accepted accounting principles ("U.S. GAAP"). The financial statements as of December 31, 2013 are prepared under the modified-cash basis of accounting, which is a basis of accounting other than GAAP. The modified-cash basis of accounting, as herein applied, does not include fair value measurements and disclosures required by GAAP and recognizes forfeitures and corrective distributions when paid rather than when the obligations are incurred. Excess contributions payable in the amount of $142,132 would have been reflected as of December 31, 2013 if the financials were presented under the accrual method.

Reclassifications

Certain reclassifications have been made to prior year amounts to conform to the current year presentation.

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation includes the Plan's gain and losses on the investments bought and sold, as well as held during the year.

The Plan's interest in the collective investment trust is based on the fair value of the collective investment trust's underlying investments which are based on information reported by the Custodian using the audited financial statements of the collective investment trust at year end. The collective investment trust invests in certain investments that are considered to be benefit-responsive.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTE 3 – FAIR VALUE MEASUREMENTS, CONTINUED

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.
In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Money market fund: Valued at cost of $1 per unit.

Pooled separate accounts: Valued at the net asset value ("NAV") of shares held by the Plan at year end, as determined by John Hancock Life Insurance Company. The NAV, as provided by John Hancock Life Insurance Company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Mutual funds of registered investment companies: Valued at the NAV or quoted market prices of shares held by the plan at year end.

Collective investment trust: The collective investment trust is stated at fair value as determined by the issuer based on the fair market value of the underlying investments. The collective investment trust is considered benefit-responsive. The collective investment trust with underlying investments in investment contracts are valued at fair value of the underlying investments and then adjusted by the issues to contract value.

NOTE 3 – FAIR VALUE MEASUREMENTS, CONTINUED

An investment contract held by the Plan is required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transaction under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value, if any, for the year. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

NOTE 4 – COLLECTIVE INVESTMENT TRUST

The Plan invests in an investment contract held in the John Hancock Stable Value Fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Stable Value Fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Stable Value Fund is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the Stable Value Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. This investment is presented at fair value in the accompanying statement of net assets available for benefits, which approximates contract value. Management believes the adjustment from fair value to contract value is immaterial to the financial statements.

NOTE 4 – COLLECTIVE INVESTMENT TRUST, CONTINUED

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the previous six month period. There is no stated minimum or maximum interest rate for the Stable Value Fund.

Certain events limit the ability of the Plan to transact at contract value with John Hancock. Such events include amendments to the plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Average yields were 2.29% and 2.27% as of December 31, 2014 and December 31, 2013, respectively. The average yield credited to Plan participants approximates the average yield based on actual earnings.

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by John Hancock Life Insurance Company, the Custodian and party-in-interest as defined by ERISA, as of December 31, 2014 and 2013, and for the year ended December 31, 2014, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2014	2013
Pooled separate accounts	$ 7,138,175	$ 6,348,908
Mutual funds of registered investment companies	1,307,818	2,332,066
Collective investment trust	946,678	833,993
Money market fund	45,870	61,399
Total investments	$ 9,438,541	$ 9,576,366
Net appreciation in fair value of:		
Pooled separate accounts	$ 268,595	
Mutual funds of registered investment companies	51,413	
Collective investment trust	8,663	
Net appreciation in fair value of investments	$ 328,671	

NOTE 6 - INVESTMENTS

The fair values of the individual investments that represent 5% or more of the Plan's assets at December 31, 2014 are summarized as follows:

	2014
John Hancock Lifestyle Growth	$ 2,554,112
John Hancock Lifestyle Balanced	1,760,299
John Hancock Lifestyle Aggressive	1,176,641
John Hancock Stable Value	946,678
John Hancock Lifestyle Conservative	474,851

The fair values of the individual investments that represent 5% or more of the Plan's assets at December 31, 2013 are summarized as follows:

	2013
John Hancock Lifestyle Growth	$ 2,048,628
John Hancock Lifestyle Balanced	1,601,515
John Hancock Lifestyle Aggressive	974,955
John Hancock Stable Value	833,993

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts, a collective investment trust, and a money market fund, managed by John Hancock Life Insurance Company, the Custodian and Recordkeeper, as defined by the Plan. As such, these transactions qualify as party-in-interest.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments, including pooled separate accounts, mutual funds of registered investment companies, collective investment trust, and money market fund. Investment securities in general are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of the investments will occur in the near term and those such changes could materially affect participant accounts balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 9 – TAX STATUS OF THE PLAN

Effective January 1, 2009, the Plan is based on a prototype plan developed by Actuaries and Associates-Sixty Forth Corp, which received a favorable opinion letter dated March 31, 2008, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC, and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

NOTE 9 – TAX STATUS OF THE PLAN, CONTINUED

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2011.

NOTE 10 – EXCESS CONTRIBUTIONS PAYABLE

The Plan failed the discrimination test for the year ended December 31, 2014. As a result, excess contributions payable amounting to $50,594 are recorded as a liability in the accompanying statements of net assets available for benefits and as a reduction in the related statement of changes in net assets available for benefits.

NOTE 11 – RECONCILIATION TO THE 2014 FORM 5500, SCHEDULE H

The following are reconciling items between the net assets reported in the audited financial statements and the Schedule H of the Form 5500 for the year ended December 31, 2014:

Net assets available for benefits per the financial statements	$	9,387,947
Add: excess contributions payable		50,594
Net assets available for benefits per the Form 5500	$	9,438,541

NOTE 12 – SUBSEQUENT EVENTS

The Company has evaluated events or transactions occurring after December 31, 2014, the Statement of Net Assets Available for Benefits date, through September 28, 2015, the date the financial statements were issued, and determined no other subsequent events except for the event listed below, which would impact the financial statements for the year ended December 31, 2014.

Effective January 1, 2015, the plan has been amended and restated due to a new favorable opinion letter from the IRS.
