Report on the Financial Statements

We were engaged to audit the accompanying financial statements of McRee Ford, Inc. Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that John Hancock Life Insurance Company (U.S.A.) holds the Plan's investment assets and notes receivable from participants and executes investments transactions. The Plan Administrator has obtained certifications from the custodian as of and for the years ended December 31, 2014 and 2013, that the information provided to the Plan Administrator by the custodian is complete and accurate to the best of their knowledge.

McRee Ford, Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2014 and 2013

Note 1: Description of the Plan

The following description of McRee Ford, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the *Plan Document* and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

McRee Ford, Inc., and its affiliates (the Company) is the Plan Sponsor. The Plan is a defined contribution plan covering all employees who have reached the age of 21 and who have six months of service prior to the Plan enrollment date. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). John Hancock Life Insurance Company (U.S.A.) (John Hancock) serves as Plan custodian. Loren D. Stark Company, Inc. (Loren Stark) serves as the Plan recordkeeper.

Contributions

Participants may elect to defer a percentage of their pretax compensation as defined in by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover contributions from other qualified defined benefit or contribution plans. The Company, at its discretion, may make matching and profit sharing contributions. For the years ended December 31, 2014 and 2013, the Company matched 50 percent of the participant's deferral contributions, up to a maximum match of 2 percent of the participant's compensation. Contributions are subject to certain IRS limits.

Participant Investment Account Options

Participants direct the investment of their contributions, as well as the Company's contributions, into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and life insurance as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, plan earnings and forfeitures of terminated participants' nonvested accounts, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled are the benefits which can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Company's contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is fully vested after six years of continuous service. The nonvested balance is forfeited upon termination of service. Forfeitures are allocated among active participants based on compensation after Plan expenses are paid or forfeitures may be used to reduce Company contributions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of their vested account, a direct rollover distribution or a joint and survivor annuity. The Plan also permits withdrawals from the Plan due to circumstances of financial hardship, in accordance with provisions specified in the *Plan Document*.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited nonvested accounts totaled $448 and $4,018, respectively. These accounts will be reallocated to participants based on compensation after Plan expenses are paid or may be used to reduce Company contributions.

Notes Receivable From Participants

The *Plan Document* includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on loans is based on local prevailing rates as determined by the Plan Administrator.

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the *Plan Document*.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Insurance

Participants may elect to utilize elective deferral contributions to purchase life insurance coverage. Cash values of policies are included in Plan assets as of December 31, 2014 and 2013.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Pooled separate accounts are valued at estimated fair value as provided by John Hancock. Life insurance policies are valued at estimated fair value, which is cash surrender value as determined by Principal Life Insurance Company.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Plan Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter plan profit sharing plan sponsored by Loren Stark. The prototype plan document was filed with the appropriate agency and obtained an opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the prototype and related trust, as then designed, constituted a qualified plan under Section 401 of the Internal Revenue Code and, therefore, were not subject to tax. The Plan has been amended since receiving the opinion letter. The Plan has not requested or obtained a determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan is subject to routine audits by applicable taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Reclassifications

Certain reclassifications have been made to the 2013 financial statements to conform to the 2014 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Note 3: Certification of Plan Trustee (or Custodian)

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, excluding amounts related to life insurance policies, as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2014 and 2013.
- Investment income, excluding other income (loss), and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013.
- Investment information, excluding life insurance policies, included in the accompanying schedule of assets (held at year end) as of December 31, 2014.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Investments

During 2014 and 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	2014	2013
Pooled separate accounts	$ 532,992	$ 824,728

The fair value of individual investments that represented 5 percent or more of the Plan's net assets available for benefits were as follows:

	2014	2013
John Hancock Retirement Choices at 2025 Fund	$ 961,276	$ 951,970
John Hancock Retirement Choices at 2015 Fund	696,613	647,934
John Hancock Retirement Choices at 2030 Fund	641,106	720,561
John Hancock T. Rowe Price Health Science Fund	495,347	*
John Hancock Retirement Choices at 2035 Fund	471,296	426,736
John Hancock Disciplined Value Fund	54,247	389,305
John Hancock Retirement Choices at 2020 Fund	*	624,554
John Hancock Retirement Choices at 2010 Fund	*	397,091

*These investments did not represent 5 percent or more of the Plan's net assets at the respective year-end.

Note 5: Party-in-interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are units of pooled separate accounts managed by John Hancock, who is the custodian as defined by the Plan agreement. Therefore, these transactions qualify as party-in-interest transactions. The Company provides certain administrative services at no cost to the Plan.

Note 6: Disclosure About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value.

Level 1 Quoted prices in active markets for identical assets.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets.

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets.

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2014 and 2013.

	2014

Life insurance	24,907	-	-	24,907
Total	$ 7,372,453	$ 0	$ 7,347,546	$ 24,907

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2014 and 2013. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Pooled Separate Accounts: These investments are valued using net asset value (NAV) of units held by the Plan at year end as provided by John Hancock and are classified as Level 2. The NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee. The investment management fee is deducted prior to setting the daily unit value.

Life Insurance Policies: These investments are valued using mortality rates which are considered to be unobservable and are substantive to the valuation of the related policies. As such, these are classified as Level 3.

Fair value determinations for Level 3 measurements of securities are the responsibility of the Company. The Company contracts with a pricing specialist to generate fair value estimates on a monthly or quarterly basis. The Company challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States.

Level 3 Reconciliation

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statements of net assets available for benefits using significant unobservable (Level 3) inputs.

	Life Insurance
Balance, January 1, 2013	$ 53,624
Sales	(29,103)
Other income	386
Balance, December 31, 2013	24,907
Other loss	(909)
Balance, December 31, 2014	$ 23,998

Unobservable (Level 3) Inputs

The following table presents quantitative information about unobservable inputs used in recurring Level 3 fair value measurements.

	Fair Value	Valuation Technique	Unobservable Inputs	Range (Weighted Average)
December 31, 2014:				
Life insurance	$ 23,998	Cash surrender value	Mortality rate	Not available
December 31, 2013:				
Life insurance	$ 24,907	Cash surrender value	Mortality rate	Not available

Note 7: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of participants' contributions per the financial statements for the year ended December 31, 2013, to Form 5500:

Participants' contributions per the financial statements	$	433,641
Add participants' contributions receivable at beginning of year		3,384
Participants' contributions per Form 5500	$	437,025

The following is a reconciliation of benefits paid per the financial statements for the year ended December 31, 2013, to Form 5500:

		2013
Benefit payments per the financial statements	$	200,890
Add refund of excess contributions		37,261
Benefit payments per Form 5500	$	238,151

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
