Report of Independent Auditor

To the Plan Trustee and Administrator of
Unique Vacations, Inc. 401(k) Profit Sharing Plan
Miami, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Unique Vacations, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Charles Schwab Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2014 and for the year then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2014, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Charles Schwab Bank, the trustee of the Plan. Their report, dated October 10, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1—Description of the Plan

The following description of the Unique Vacations, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General – The Plan is a profit sharing and 401(k) plan covering all permanent, non-union full-time/part-time employees of Unique Vacations, Inc. (the "Company"/"Employer") who have completed one hour of credited service as defined in the Plan, excluding temporary employees whose scheduled service is less than 1,000 hours during the year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan allows employees to enter the Plan upon one hour of credited service, as defined in the Plan. Participants are eligible for matching contributions after six months of credited service, and are fully vested in three years.

The Plan is overseen by the Company's 401(k) Committee ("Committee"), which is a committee of the management of the Company. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Trustees.

Contributions – Participants may contribute up to 100 percent of eligible compensation, up to the maximum allowable by Internal Revenue Code ("IRC") limits and as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan.

Each year the Employer may make matching contributions at its discretion. For the year ended December 31, 2014, the Company elected to contribute an amount equal to 100% of the participant's elective deferral, not to exceed 7.5% of the employee's annual compensation. The Employer may make discretionary contributions. These contributions are made at the discretion of the Company's Board of Directors, but may not exceed amounts permitted under the IRC. No discretionary contributions to the Plan were made for the year ended December 31, 2014.

Certain other discretionary contributions called "Qualified Non-elective Contributions" ("QNECS") may be made by the Employer and allocated as defined in the Plan among the non-highly compensated employees who are participants in the Plan. These contributions are fully vested when contributed. There were no QNECS made during the year ended December 31, 2014.

Participant Investment Account Options – Upon enrollment in the Plan, a participant may direct contributions into any of various investment options held by Charles Schwab Bank including common stock, mutual funds, and money market and money funds. Participants may change their investment options at their discretion. Additionally, participants may select and manage their own investment options through a Personal Choice Investment Account. Participants are allowed to choose the investments of their choice, within specified limitations as defined in the Plan.

Participant Accounts – Each participant's account is credited with the participant's contribution and, if applicable, allocations of (a) the Company's contribution and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on either participants' compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1—Description of the Plan (continued)

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions portion of their accounts plus earnings thereon is based upon years of continuous service. Participants become fully vested upon three years of credited service as follows:

Years of Service	Vested %
1	33%
2	66%
3	100%

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance on the date of the loan. Loan terms are limited to five years; however, any loan used for the purchase of a primary residence cannot extend beyond ten years from the date of the loan. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1 percentage point. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits – Participants are allowed in-service withdrawals of their participants' vested interest in his or her account upon attainment of early retirement age. On termination of service due to death, disability, retirement, and other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or installments as permitted for required minimum distributions as defined in the Plan.

Forfeited Accounts – At December 31, 2014 and 2013, forfeited non-vested accounts totaled approximately $8,500 and $10,000, respectively. Forfeitures are first used to reduce employer contributions and then to reduce plan expenses. During the year ended December 31, 2014, approximately $10,000 of forfeitures was used to reduce employer contributions.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 5 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 2—Summary of significant accounting policies (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants and for distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3—Investments

The following presents investments that represent 5% or more of the Plan's net assets:

	2014	2013
Schwab Value Advantage Select	$ 1,877,815	$2,140,676
Schwab S&P 500 Index	2,477,613	2,118,320
PIMCO Total Return Instl	2,290,392	2,089,690
Artisan International Instl	1,645,191	1,809,441
Mainstay Large Cap Growth Instl	1,492,869	1,288,073
JP Morgan Mid Cap Value Instl	1,349,963	1,165,750
Harbor International Instl	1,184,098	1,107,470
Touchstone Value Class Y	1,221,843	997,755

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Common stock	$ 3,876
Mutual funds	91,494
	$ 95,370

See Note 4; these amounts are certified by the trustee and are unaudited.

Note 4—Information certified by the trustee (unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5—Fair value of investments

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820*, Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The asset or liability's fair value measurement level within fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Common Stocks – Valued at the closing price reported on the active market on which the individual securities are traded.

Note 5—Fair value of investments (continued)

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds – Valued at the quoted NAV of shares held by Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014:

See Note 4; these amounts are certified by the trustee and are unaudited.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7—Parties-in-interest transactions

Certain Plan investments are managed by Charles Schwab Bank and Newport Retirement Services, Inc., who are trustee and record keeper of the Plan, respectively, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. Fees paid by the Plan for the investment management and recordkeeping services amount to $27,706 for the year ended December 31, 2014. The Plan sponsor pays directly any other fees related to the Plan's operations. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants.

Note 8—Tax status

The Internal Revenue Service ("IRS") has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed third-party administrator of such in a letter dated March 31, 2008. Although the Plan has been amended since receiving the opinion letter, the Plan administrative committee believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 9—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10—Subsequent events

The Plan has evaluated subsequent events through October 6, 2015, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
