Cox Chevrolet 401(k) Plan
Bradenton, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Cox Chevrolet 401(k) Plan (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Great-West Life & Annuity Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, line 4i-Schedule of Assets (held at year-end) as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A – DESCRIPTION OF PLAN

The following description of the Cox Chevrolet 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of Cox Chevrolet and related adopting companies (the "Company"), other than union employees and non-resident aliens. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In order to be eligible for the Plan, an employee must satisfy the age and service requirements. An employee must be 21 years of age or older, and have completed a year of service. At the end of the first twelve consecutive months of employment, if the employee has been credited with at least 1,000 hours of service, the employee is eligible. If the employee has not met the 1,000 hours of service requirement by the end of the first twelve consecutive months of employment, the employee is eligible after completing a year of service at the end of any year following the Plan year in which the employee has been credited with at least 1,000 hours of service.

Effective July 1, 2014, the plan was amended for the following items:

> Automatic Deferral provision: Employees whose eligibility date is on or following the effective date of the amendment will automatically be enrolled in the plan by the Company. Employees will have 3% automatically withheld from their compensation for each payroll period upon enrollment. Employees have the option to either terminate the election or increase their withholding percentage once enrolled in the plan. Effect on net assets will be an increase in contributions, and therefore an increase in plan investments.
>
> Mandatory Distribution: For Participants who incur severance of employment and who will receive distributions before attaining the later of age 62 or Normal Retirement Age, the mandatory distribution amount maximum has increased from $1,000 to $5,000. Also, the amount of mandatory distribution subject to automatic rollover was enacted and is for any vested balance only if it exceeds $1,000, which must include any rollover contributions made to the participants account. Effect on net assets is minimal.

Contributions: Participants may contribute up to $17,500 for the years ended December 31, 2014 and 2013, of pre-tax annual compensation, as defined in the Plan and limited by IRS regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers about thirty fixed and variable annuities as investment options for participants. The Company may make matching discretionary contributions, limited to 25% of the employee's contributing percentage of up to 4%, for a maximum Company contribution of 1% of compensation. Any matching Company contribution is invested in the directed investment options described above.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors and are invested in a portfolio of investments as directed by the participant. The Company did not make any profit sharing contributions for the 2014 plan year.

Contributions are subject to certain limitations. Currently, Roth contributions are allowed, subject to limitations and conditions.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution, and (b) Plan earnings and losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings or losses thereon is graded based on years of continuous service. For matching contributions a participant is 100% vested after six years of service and for profit sharing contributions a participant is 100% vested after seven years of service.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of the vested account balance, whichever is less. The loans are secured by the balance in the participant's account and the rate is fixed for the life of the loan. The calculated interest rate is 1% over the Prime Rate published in the Wall Street Journal on the first business day of the month the loan is originated. Principal and interest are paid ratably through payroll deductions. Hardship loans have a term of 12 to 60 months. Principal residence loans have a term of 61 to 180 months. Loans are in arrears and delinquent when any payment is missed.

Payment of Benefits: On termination of service due to death, disability or retirement or for other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution or through various other options including receiving installments over an assumed life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures: Forfeited amounts from a terminated participant do not become available to the Company until the terminated participant requests a distribution of his or her account. These accounts will be used to reduce future employer contributions. At December 31, 2014 and 2013 there was no forfeited non-vested account balance. In 2014, employer contributions were reduced by $ 3,127 from forfeited non-vested accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes, therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All investments are participant directed. The Plan's Administrative Committee determines the Plan's valuation policies, utilizing information provided by the investment advisors, custodians and insurance company. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Excess Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS, are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contributions to the applicable participants prior to March 15, 2015.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

NOTE C – INFORMATION CERTIFIED AND PROVIDED BY GREAT-WEST LIFE & ANNUITY INSURANCE COMPANY

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Great-West Life & Annuity Insurance Company, the custodian of the Plan, except for comparing such amounts to information included in the Plan's financial statements and supplemental schedule.

The Plan administrator has obtained certifications from the custodian that the following information is complete and accurate:

	2014	2013
Statement of net assets available for benefits		
Fixed and variable annuities	$ 3,395,622	3,170,550
Notes receivable from participants	84,946	98,161
Statement of changes in net assets available for benefits		
Net appreciation in fair value of investments	$ 132,021	
Interest and dividends	15,054	
Interest income on notes receivable from participants	3,712	

NOTE D – INVESTMENTS

The following table presents the fair value of the investments in this Plan representing more than 5% of the Plan's net assets as of December 31, 2014 and 2013:

	2014	2013
American Funds Growth Fund of Amer R3	$ 295,645	270,724
Great West T. Rowe Price Mid-Cap Growth	242,532	203,672
Guaranteed Portfolio Fund	1,000,932	1,424,213
MFS Massachusetts Investors GR STK R3	238,132	215,658
Other annuity funds	1,618,381	1,056,283
	$ 3,395,622	3,170,550

The Plan administrator currently allows participants to direct the investment of all account balances.

During 2014, the Plan investments, (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $132,021. Investment interest and dividend income recognized was $15,054.

NOTE E – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB's") Fair Value Measurements and Disclosures establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this guidance are described as follows:

Level 1–Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2–Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- input derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3–Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Annuities: Valued at the net asset value (NAV) of units held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013:

NOTE F – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West Life & Annuity Insurance Company as of December 31, 2014 and 2013. Great-West Life & Annuity Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are in administrative expenses.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE H – TAX STATUS

The Plan is an adopter of a prototype plan. The Internal Revenue Service (IRS) has ruled that the prototype plan qualifies under Section 401 of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax laws. The prototype plan obtained its latest favorable
opinion letter on November 27, 2001, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the favorable opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013, to Form 5500:

	2014	2013
Net assets available for benefits per the financial statements	$ 3,483,492	3,274,257

Net assets available for benefits per Form 5500	$ 3,482,654	3,270,798

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2014 to Form 5500:

Net increase in net assets available for benefits per the financial statements	$	209,235
Change in contributions receivable		(7,138)
Change in excess contributions payable		9,760
Rounding		(1)
Net increase in net assets available for benefits per the Form 5500	$	211,856

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K – SUBSEQUENT EVENTS

The Plan's administrator has evaluated subsequent events through October 6, 2015, the date the financial statements were available to be issued.

Effective July 1, 2015, the Company changed custodians and all plan assets and participant information were transferred to MassMutual Retirement Services.
