NOTE 1 PLAN DESCRIPTION

THE 401(k) Plan (the Plan) is a qualified defined-contribution plan covering substantially all non-union employees of Health Care Service Corporation (the Company), a Mutual Legal Reserve Company, and certain subsidiaries who are at least 21 years of age. The Plan provides for immediate eligibility and automatic enrollment following 30 days of employment.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is administered by a committee (the Plan Administrative Committee) appointed by the Employee Benefits Compliance Committee of the Company. The Plan Administrative Committee consists of a chairman and at least two additional members. Each member is appointed by the Employee Benefits Compliance Committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and is exempt from Federal income taxes under Section 401(a) of the Internal Revenue Code (IRC).

Effective July 31, 2013, the Company completed an asset purchase agreement with Blue Cross and Blue Shield of Montana (BCBSMT) for the insurance and administrative services contracts operations, pursuant to which, former employees of BCBSMT commenced employment with the Company. These former employees of BCBSMT were eligible to participate in the Plan, effective August 1, 2014, and were granted vesting to their last date of hire.

Prudential Retirement Insurance and Annuity Company (PRIAC) and Prudential Bank & Trust, FSB (Prudential) currently serve as the record-keepers and custodians of the Plan.

Employee Contributions

Eligible active employees of the Company, as defined by the Plan agreement, are eligible to participate in the Plan beginning at the time of employment. Leased or temporary employees are not eligible to participate in the Plan. Participants are automatically enrolled in the Plan at a deferral rate of 6% of compensation on a tax-deferred basis, subject to applicable IRC maximum amounts during the limitation year, unless the participant chooses another percentage or elects not to participate. The maximum deferral percentage under the Plan is 50%. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions.

NOTE 1 PLAN DESCRIPTION *(continued)*

Employee Contributions *(continued)*

Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans.

Employer Contributions

Company contributions to the Plan are $1.00 for each $1.00 of participant contributions, up to 1% of eligible earnings, and $0.50 for each $1.00 of salary deferral contributions above 1%, up to 6% of the participant's compensation.

Participant Accounts

Each participant's account is credited with their contribution and an allocation of: (a) the Company's matching contribution and (b) the Plan's earnings, and are charged with an allocation of direct participant-related account fees and administrative expenses. Allocations are based on participant earnings or account balances, as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts. Participants direct contributions into the various investment options offered by the Plan.

Vesting

Participants are fully vested and have non-forfeitable interests in their contributions and earnings thereon at all times. Participants become fully vested in the Company contributions and earnings thereon upon retirement, disability, death, reaching the age of 65, or, for contributions on or after January 1, 2009, based upon the following vesting schedule:

Years of Vesting Service	Vested Portion
Less than 1	0%
1 but less than 2	25%
2 or more	100%

NOTE 1 PLAN DESCRIPTION *(continued)*

Forfeited Accounts

Forfeitures of non-vested Company contributions are applied against any administrative expenses separately billed by the record-keeper and paid by the Company, or can be used to offset the Company's matching contributions. At December 31, 2014 and 2013, forfeited non-vested accounts totaled $820,940 and $333,363, respectively. In 2014 and 2013, forfeitures of $193,194 and $124,906, respectively, were applied against certain administrative expenses. No forfeitures were used to offset Company matching contributions in 2014 and 2013.

Benefit Distributions

In accordance with the Plan's provisions, benefits are distributed upon termination, death, or disability in a single-sum cash payment. Participants may also take in-service withdrawals, according to the Plan provisions, and hardship withdrawals upon financial hardship, as defined by the Plan document.

Participant Loans

A participant is eligible to request a loan after accumulating $2,000 in his or her account. Loans will not be made in excess of 50% of the vested account balance, not to exceed $50,000, reduced by the highest outstanding loan balance in the preceding 12 months. The minimum loan amount is $1,000. Loans are secured by the balance in the participant's account, supported by promissory notes payable to the Plan, and bear interest at a periodically published fixed rate tied to the prime rate at the time of the loan. Both principal and interest are repayable through payroll deductions over periods ranging up to 60 months. Additionally, each employee may have only one loan outstanding under the current Plan.

Plan Termination

While the Company has not expressed any intent to discontinue the Plan, the Company's Board of Directors has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100% vested in their accounts.

Transfers from/to Affiliated Plan

If a participant changes job classifications from or to union and non-union, the Company allows for the participant to transfer his/her Plan balances between the Plan and The Represented 401(k) Plan, a qualified defined contribution plan sponsored by the Company for union employees. Transfers from/to affiliated plan are reported on a gross basis on the statements of changes in net assets.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires the Plan's management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined under Accounting Standards Codification (ASC) 820 as the general or open market price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). See Note 4 for further discussion of fair value measurements.In accordance with ASC 820, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1: Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2: Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3: Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information. For example, contract value may be the prevailing actual value under certain insurance company accounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Investment Valuation and Income Recognition *(continued)*

Interest income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought, sold, and held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments as agreed and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and is recorded as a benefit payment.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent),* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by ASC 820. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Plan management is currently evaluating the impact of ASU 2015-7 on the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Recent Accounting Pronouncements *(continued)*

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of the ASU is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. Plan management is currently evaluating the impact of ASU 2015-12 on the Plan.

NOTE 3 INVESTMENTS

Other than the fair value of the HCSC Stable Value Fund and the adjustment from fair value to contract value for fully benefit-responsive investment contracts, all investment information and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2014 and 2013, and net appreciation in fair value of investments, interest, dividends and interest income in notes receivable from participants for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the custodians. The contract value of the HCSC Stable Value Fund was certified as complete and accurate by the custodians.

NOTE 3 INVESTMENTS *(continued)*

The value of individual investments that represented 5% or more of the Plan's net assets as of December 31, 2014 and 2013 is as follows:

Interest	11,053,539	11,214,522
Total investment income	$ 71,144,736	$ 227,818,704

NOTE 4 FAIR VALUE MEASUREMENTS

The fair value of the participant units owned by the Plan in the pooled separate accounts is based on quoted redemption values of the last business day of the Plan year. The fair value of the HCSC Stable Value Fund is calculated using the fair value provided by the insurance company that manages the underlying assets of the separate account. The fair value of the public and private fixed income securities in the separate account is based on quotes provided by pricing vendors or other pricing inputs that are observable in the market. The fair value of the commercial mortgage fund in the separate account is calculated by Prudential and is based on unobservable inputs. Investments in registered investment companies are valued at the net asset value (NAV) of shares held by the Plan at year end.

NOTE 4 FAIR VALUE MEASUREMENTS *(continued)*

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

(a) This category includes investments in highly diversified funds designed to remain appropriate for investors in terms of risk throughout a variety of life circumstances. These funds offer a range of risk/return characteristics, and performance goals are to consistently outperform benchmarks, other funds, or certain indexes. There are currently no transfer or redemption restrictions on these investments. The fair values of the investments in this category have been estimated using the NAV per share.

(b) This category includes a stable value fund designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is invested in an investment contract backed by high-quality, fixed-income securities. Participant-directed redemptions have no significant restrictions; however, the Plan is required to provide a 30-day termination notice to liquidate its entire share in the fund. The fair value differs from the contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

(c) This category includes an open-ended mutual fund that is registered with the Securities and Exchange Commission. The fund is required to publish its daily NAV and to have transactions at that price. The fund held by the Plan is deemed to be actively traded and does not currently have any transfer or redemption restrictions.

NOTE 4 FAIR VALUE MEASUREMENTS *(continued)*

The table below summarizes the changes in fair value of the Plan's Level 3 assets for 2014 and 2013:

	2014	2013
Fair value, beginning of year	$ 88,952,351	$ 88,094,123
Net purchases and sales	10,802,837	(1,327,575)
Unrealized gains	3,229,376	289,954
Realized gains	2,071,174	1,895,839
Fair value, end of year	$ 105,055,728	$ 88,952,341

There were no assets or liabilities measured at fair value on a nonrecurring basis as of December 31, 2014 and 2013. There were no transfers between levels of the fair value hierarchy.

At December 31, 2014, the separate account investments underlying the HCSC Stable Value Fund consisted of $293,780,946 in public and private fixed income securities and $105,055,728 in a commercial mortgage fund. At December 31, 2013, the separate account investments underlying the HCSC Stable Value Fund consisted of $282,986,801 in public and private fixed income securities and $88,952,341 in a commercial mortgage fund.

NOTE 5 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan has entered into a fully-benefit-responsive investment contract with PRIAC. PRIAC maintains the contributions in a separate account. The separate account, which is segregated from the general account assets of PRIAC, is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Payment obligations and the fulfillment of any guarantees specified in the group insurance claims are supported by the assets in the separate account and if such assets are not sufficient, by the full faith and credit of PRIAC.

Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 5 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS *(continued)*

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made, regardless of the timing of those contributions. The crediting interest rate is based on a formula agreed upon with PRIAC, but may not be less than 0%. Such interest rates are reviewed on a semiannual basis for resetting. In determining the interest rate, consideration is given to the anticipated yield on separate account for the following calendar year, adjusted to reflect the amortization of gains or losses realized from the sale of securities, amortization of gains or losses due to permanent impairments and the difference between the amount of interest credited to date to the HCSC Stable Value Fund and the underlying investments results of the separate account. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan sponsor or other Plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

The following table provides the average crediting rate yield and the average earnings yield for the years ended December 31, 2014 and 2013, for the following investments:

	Average Crediting Rate Yield December 31		Average Earnings Yield December 31	
	2014	**2013**	**2014**	**2013**
HCSC Stable Value Fund	2.9%	3.1%	2.4%	2.6%

NOTE 6 INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated November 8, 2012, stating the Plan is qualified under Section 401(a) of the IRC, and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of IRC, and, therefore, believes the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more-likely-than-not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2014, there were no uncertain positions taken or are expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is not subject to income tax examinations for years prior to 2011.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. The changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 RELATED-PARTY TRANSACTIONS

Certain of the Plan's investments are units of the HCSC Stable Value Fund and pooled separate accounts that are managed by the custodians. PRIAC and Prudential are the custodians the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodians for certain transactions and certain investment management services amounted to $328,594 and $251,056 during 2014 and 2013, respectively.

NOTE 9 SUBSEQUENT EVENTS

Management evaluated subsequent events for the Plan through October 9, 2015, which is the date the financial statements were available to be issued and has determined that there were no subsequent events to be recognized or disclosed in these financial statements.
