Independent Auditor's Report

To: The Retirement Committee of
V.P. Supply Corporation 401(K) Profit Sharing Plan

We have audited the accompanying statements of net assets available for benefits of V.P. Supply Corporation 401(K) Profit Sharing Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as discussed in the following paragraph, we conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Because of inadequacies in the Plan's prior year records, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan or to satisfy ourselves as to the basis on which participants' equity is stated as of December 31, 2009, or the propriety of the distributions to participants who terminated during the years then ended.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of V.P. Supply Corporation 401(K) Profit Sharing Plan as of December 31, 2009 and 2008, and the changes in its net assets available for benefits for the year ended December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held for investment purposes at end of year (Schedule I) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

401(K) PROFIT SHARING PLAN
Notes To Financial Statements
For The Years Ended December 31, 2009 And 2008

NOTE 1 PLAN DESCRIPTION

The following description of the VP Supply Corporation 401(K) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(K) plan that commenced on May 15, 1968. All full-time employees of the Company who have one year of service and are age twenty-one or older are eligible to participate in the Plan. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute 1-15% of eligible pre-tax compensation each pay period up to the maximum allowable contributions under the Internal Revenue Code of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan on a quarterly basis.

Employer contributions were $29,585 and $26,661 for the years ended December 31, 2009 and 2008, respectively.

Profit sharing amounts may be contributed at the option of VP Supply Corporation's board of directors and are invested in the participants' accounts based on a pro-rata share of the participant's vested interest and status of eligibility.

The Board of Directors elected to make no profit sharing contributions for the years ended December 31, 2009 and 2008, respectively.

Management Fees

For the years ended December 31, 2009 and 2008, the Plan absorbed all costs of the management fees.

NOTE 1 PLAN DESCRIPTION (Continued)

Participant Accounts

The Plan administrator maintains separate accounts in the name of each participant. Each participants' account is credited with the participants' contribution, investment earnings, and allocations of the Company's contribution and the increase or decrease in value of the investment options selected. The benefit to which a participant is entitled, is the benefit that can be provided from the participants' vested account.

For the year ended December 31, 2009, the Plan offered no cash account and thirty-seven mutual funds under the John Hancock group of funds.

Vesting

Participant's are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous services. A participant is 100% vested after seven years of credited service.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

Contributions that are forfeited as a result of a termination of employment prior to becoming fully vested will be used to reduce the employer's match in the following year. Forfeitures available to reduce future employer matching contributions totaled $2,393 and $1,866 at December 31, 2009 and 2008, respectively.

Participant Loans

Participant's may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 6.75% to 9.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principle and interest is paid ratable through payroll deductions for employee's who have not terminated service.

NOTE 1 PLAN DESCRIPTION (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participants' vested interest in their account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump sum distribution.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan, at any time, to terminate the Plan subject to the provisions of ERISA. Upon termination, participants will become 100% vested in their accounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the V.P Supply Corporation 401(K) Profit Sharing Plan (the "Plan") have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America. The presentation of the financial statements follows the recommendations of FASB ASC 962, Plan Accounting – Defined Contribution Pension Plans.

Investment Valuation and Income Recognition

Mutual funds are valued at the latest quoted sales prices on the last business day of the year, which represents the net asset value of shares held by the Plan at year-end.

Participant loans are valued at cost, which approximates fair value.

The Plan's investments are stated at fair value.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Purchases and sales of securities are reflected on a trade-date basis. Gains or losses on sale of securities are based on the specific cost of investments sold. The net appreciation in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments, is presented in the statements of changes in net assets available for benefits.

Dividend income is recorded on the ex-dividend date.

Administrative Expenses
Certain transaction fees are paid by the Plan and all other administrative expenses of the Plan are paid by the Plan Sponsor.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events
Management has evaluated events and transactions for potential recognition or disclosures in the financial statement through July 26, 2010 (the date the financial statements were available to be issued).

Risks and Uncertainties
The Plan provides for various participant-directed investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE 3 FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

FASB ASC 820-10 (formerly SFAS No. 157, *Fair Value Measurement*), establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Fair Value Measurements Using:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2009			
Receivables	$ 3,519	$ 3,519	$ 0
Mutual Funds	2,276,759	2,276,759	0
Unallocated Contributions	2,393	2,393	0
Participant Loans	123,806	0	123,806
	$ 2,406,477	$ 2,282,671	$ 123,806
December 31, 2008			
Receivables	$ 3,595	$ 3,595	$ 0
Mutual Funds	1,663,765	1,663,765	0
Unallocated Contributions	1,866	1,866	0
Participant Loans	135,960	0	135,960
	$ 1,805,186	$ 1,669,226	$ 135,960

NOTE 3 FAIR VALUE MEASUREMENTS (Continued)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company and participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations, and the fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Participant Loans

Beginning balance	$ 135,960
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	(12,154)
