Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Perry Ellis International, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Charles Schwab Bank ("Charles Schwab"), the Trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the Trustee as of December 31, 2014 and 2013, and for the years then ended, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements

Report on Supplementary Information

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of the Plan

The following brief description of Perry Ellis International, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan was established on January 31, 1994. The Plan is a defined contribution plan covering all eligible employees of Perry Ellis International, Inc. ("Company" or "Plan Sponsor") and its wholly owned subsidiaries. Employees may elect to contribute, subject to defined limitations, a percentage of their earnings to the Plan in lieu of being paid such amounts in cash pursuant to Section 401(k) of the Internal Revenue Code.

Employees become eligible to enroll in the Plan at the attainment of age twenty-one and the completion of three months of service within a twelve month period. Employees that are residents of Puerto Rico, that are leased employees, employees of any affiliated employer which did not adopt this Plan, classified as an intern, or that are non-resident aliens with no income from United States sources are not eligible to participate in the Plan. For purposes of eligibility and vesting, the Plan includes service with the following predecessor employers: Jolem Imports, Inc., Munsingwear, Inc., Salant Corporation, Tropical Sportswear International Corporation, Jantzen, Inc., Gotcha, Inc., Laundry, LLC, and Rafaella Apparel Group, Inc.

Contributions:

Contributions to the Plan consist of the following:

Participant Salary Deferrals: Employees electing to participate in the Plan are permitted to contribute, through wage deferrals, to the Plan up to 60% of their annual compensation, as defined in the Plan, not to exceed amounts allowed by the Internal Revenue Service ("IRS"). Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. All contributions are credited solely to each participant's voluntary contribution account and are subject to annual limitations established by the Internal Revenue Service. The balance in this account is fully vested and may not be forfeited for any reason. The Plan provides for an automatic Participant deferral of 3% when a Participant becomes eligible unless the Participant elects not to defer or elects a different percentage. Effective January 1, 2012, the Plan was amended to increase the automatic employee deferral percentage from 3% to 4% and to increase the deferral percentage of any participant whose contribution rate of deferrals is 0% to 4% on July 1st of each year.

Employer Matching Contributions: Each year the Plan Sponsor may make matching contributions at its discretion. The Sponsor amended the Plan, effective April 1, 2013, to set the employer match at 20% of up to 6% of each employee's contributions for employees with base pay for the Plan Year of more than $85,000, and 35% of up to 6% of each employee's contributions for employees with base pay for the Plan Year of $85,000 or less per year.

Note 1. Description of the Plan, Continued

Contributions, continued:

Discretionary Contributions: Prior to August 1, 2007, the Plan Sponsor was permitted to make additional profit-sharing contributions at its discretion. Such discretionary profit-sharing contributions were allocated to each eligible employee in proportion to his or her compensation as a percentage of the compensation of all eligible employees. Participants must have completed at least 1,000 hours of service during the Plan year to be eligible for the discretionary profit-sharing contributions. No discretionary contributions were made to the Plan for the years ended December 31, 2014 and 2013. The total of a participant's contributions, Plan Sponsor matching contributions and Plan Sponsor discretionary profit-sharing contributions, if any, may not exceed the lesser of $49,000 or 100% of the participant's annual compensation. The total of all participant contributions and Plan Sponsor contributions for any Plan year may not exceed 25% of the compensation paid or accrued to all participants in the Plan.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts:

Each participant's account is credited with the participant's salary deferral, Plan Sponsor matching contributions, allocations of any Plan Sponsor discretionary profit-sharing contributions, and Plan earnings or losses. Participant accounts are also charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their voluntary salary deferral contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching and discretionary contribution portion, if any, of their accounts plus earnings thereon is based upon years of continuous service. Prior to August 1, 2007, a participant was 100% vested after five years of credited service, vesting 20% for each year of service. Participants who had completed a year of service at August 1, 2007 are subject to 20% vesting after a year of service, 40% vesting after two years of service and 100% vesting after three years of service. Those participants that had not completed a year of service at August 1, 2007 are subject to three year cliff vesting.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance on the date of the loan, whichever is less. The loans, classified as notes receivable from participants, are secured by the vested portion in the participant's account and are repayable over periods no longer than ten years. Interest is charged at a fixed rate determined by the Plan Administrator, based on prevailing interest rates, currently prime plus 1%, ranging from 4.25% to 6.25%, over the term of the loan. Principal and interest are paid ratably through payroll deductions.

Note 1. Description of the Plan, Continued

Payment of benefits:

On termination of service, a participant or designated beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or other installment options as provided by the Plan.

Forfeited accounts:

At December 31, 2014 and 2013, forfeited nonvested accounts totaled $81,376 and $4,758, respectively. These accounts will be used to pay Plan administrative expenses and to reduce future employer contributions. During 2014 and 2013, the Plan used $72,978 and $102,157, respectively, from forfeited nonvested accounts to reduce employer contributions and to pay Plan expenses.

Note 2. Summary of Significant Accounting Policies and Activities

Basis of accounting:

The financial statements of the Plan have been prepared on the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changed therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Policy Committee determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 5 for disclosure of fair value measurements.

Note 2. Summary of Significant Accounting Policies and Activities, Continued

Investment valuation and income recognition, continued:

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events:

The Plan has evaluated subsequent events through October 6, 2015, the date the financial statements were available to be issued.

Recently issued accounting pronouncements:

In May 2015, the Financial Accounting Standards Board ("FASB") amended the Fair Value Measurement topic of the Accounting Standards Codification by issuing guidance that removes the requirements to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendments will be effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2016, with early adoption permitted. A reporting entity should apply the amendments retrospectively to all periods presented. The retrospective approach requires that an investment for which fair value is measured using the net asset value per share practical expedient be removed from the fair value hierarchy in all periods presented in an entity's financial statements. The Plan does not expect these amendments to have a material effect on its financial statements.

Note 2. Summary of Significant Accounting Policies and Activities, Continued

Recently issued accounting pronouncements, continued:

In July 2015, the FASB amended the Defined Benefit Pension Plans, Defined Contribution Pension Plans, and Health and Welfare Benefit Plans topics of the Accounting Standards Codification by issuing guidance that (I) removes the requirements that fully benefit-responsive investment contracts be measured at fair value for purposes of presentation and disclosure and (II) removes the requirement that investments (both participant-directed and nonparticipant-directed) be grouped and disclosed on the basis of nature, characteristics, and risks in the fair value disclosures of the financial statements of employee benefit plans, thereby allowing that such investments need only be grouped and disclosed by general type. These amendments will be effective for fiscal years beginning after December 15, 2015, with early adoption permitted. A reporting entity should apply the amendments retrospectively to all periods presented. The Plan is currently evaluating the impact of these amendments on its financial statements.

These amendments also provide a practical expedient to permit employee benefit plans to measure investments and investment-related accounts (for example, a liability for a pending trade with a broker) as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with a month-end. These amendments will be effective for fiscal years beginning after December 15, 2015, with early adoption permitted. A reporting entity should apply the amendments prospectively. The Plan does not expect these amendments to have a material effect on its financial statements.

Note 3. Investments, Continued

During 2014 and 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,499,978 and $7,684,132 respectively, as follows:

	2014	2013
Mutual funds	$ 474,937	$ 5,248,078
Common collective trust funds	1,025,041	2,436,054
	$ 1,499,978	$ 7,684,132

Note 4. Trustee Certifications

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and related income, which excludes information related to the State of Israel bonds, which were not certified by the trustee:

	2014	2013
Investments at fair value:		
Mutual funds	$ 38,324,189	$ 36,028,505
Common collective trust funds	20,617,702	21,003,673
Cash	-	1,417
Notes receivable from participants	1,903,265	1,935,879
	$ 60,845,156	$ 58,969,474

The trustee also certified to the completeness and accuracy of $1,499,978 and $7,684,132 net appreciation in the fair value of investments and $2,273,655 and $1,608,544 of interest, including notes receivable from participant loans, and dividends for the years ended December 31, 2014 and 2013, respectively.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Bonds: Valued using pricing models maximizing the use of observable inputs for similar securities.

Note 5. Fair Value Measurements, Continued

Note 5. Fair Value Measurements, Continued

The following table for December 31, 2014 and 2013 sets forth a summary of the Plan's investments reported at NAV as a practical expedient to estimate fair value:

December 31, 2014

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust funds:				
Schwab Managed Retirement Funds (a)	$ 15,153,534	$ -	Immediate	None

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust funds:				
Schwab Managed Retirement Funds (a)	$ 15,348,633	$ -	Immediate	None
Galliard Retirement Income Funds CL 60 (b)	5,655,040	-	Daily	None
	$ 21,003,673	$ -		

a) This category includes diversified investments through exposure to a variety of asset classes including but not limited to domestic and international equity, emerging markets equity, global real estate, commodities, intermediate-term bonds, inflation protected bonds, short-term bonds, world bond ex-US, cash equivalents, and inflation-protected bonds. Investments in this category can be redeemed immediately at the current net asset value per share based on the fair value of the underlying assets. The fair value of investments in this category has been estimated using the net asset value per share of the investments.

b) This is a stable value fund that seeks to provide safety of principal, adequate liquidity and a competitive yield with low return volatility. Investments can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets. The fair value of the investment has been estimated using the net asset value per share of the investment. See Note 6.

Note 6. Stable Value Funds

During 2014 and 2013, the Plan invested in the Galliard Retirement Income Fund CL 60 Stable Value Fund which is comprised of fully benefit-responsive contracts and is therefore valued at contract value, which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. At December 31, 2014 and 2013, contract value approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Galliard Retirement Income Fund CL 60 Stable Value Fund states that it does not have a crediting interest rate. The average yield was 1.46 percent and 1.43 percent for the years ended December 31, 2014 and 2013, respectively.

Note 7. Related-Party and Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by Charles Schwab Bank. Charles Schwab Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator totaling $83,428 and $113,257 in 2014 and 2013, respectively, which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

During the years ended December 31, 2014 and 2013, the Plan entered into exempt party-in-interest transactions with the following service providers: Schwab Retirement Plan Services, Inc., Welch, Hornsby & Welch, Inc., Elliott Davis Decosimo, LLC, Charles Schwab Bank, Charles Schwab & Co., Inc., and Charles Schwab & Co. and Affiliates.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 9. Tax Status

The Company has adopted the Plan based on a prototype plan document sponsored by Charles Schwab Trust Company. Charles Schwab Trust Company has received an opinion letter from the Internal Revenue Service ("IRS") dated May 23, 2008 that states that the form of the prototype plan is acceptable under Section 401 of the Internal Revenue Code ("IRC"). The Plan Administrator has not requested a determination letter from the IRS on the Plan. The Plan has been amended since the date of the IRS opinion letter on the prototype plan. While the Plan cannot rely on the IRS opinion letter, the Company and the Plan Administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 11. Voluntary Correction

The Plan Sponsor has initiated corrective measures to remedy the Plan for certain errors under the IRS's Employee Plans Compliance Resolution System ("EPCRS") Self Correction Program. EPCRS is a voluntary program in which plan sponsors may correct certain plan qualification failures and preserve the favorable tax treatment of their employees' retirement benefits. Management believes that the Plan's qualified tax status has not been jeopardized due to these actions.
