INDEPENDENT AUDITORS' REPORT

Burk Royalty Co., Ltd. Plan Administrator
Burk Royalty Co., Ltd. 401(k) Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Burk Royalty Co., Ltd. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the

reasonableness of significant accounting estimates made by management, as well as the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Burk Royalty Co., Ltd. 401(k) Plan as of December 31, 2014 and 2013, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

BURK ROYALTY CO., LTD. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

1. DESCRIPTION OF PLAN

The following description of Burk Royalty Co., Ltd. 401(K) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, beginning January 1, 1985, covering substantially all employees of Burk Royalty Co., Ltd. and its related entities (Company). It is designed to comply with the Employee Retirement Income Security Act of 1974 (ERISA).

Employees become eligible to participate in the Plan after they have reached both the age of 20.5 and completed six calendar months of employment for the Company. Participation begins on January 1, or July 1 after the eligibility requirements have been met.

Contributions

Participants may contribute up to 20 percent of pretax annual compensation, as defined by the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes a matching contribution equal to 100 percent of the first six percent of employee compensation contributed as an elective deferral. Additional amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution and an allocation of (a) investment earnings, (realized and unrealized), (b) the Company's discretionary contribution, and (c) forfeitures of terminated participants' nonvested accounts. Allocations are based on the active participants' account balances or compensation, as defined in the plan agreement. There were no Company discretionary contributions during 2014 and 2013. There were forfeitures of $253 and $0 during 2014 and 2013, respectively.

1. DESCRIPTION OF PLAN, Continued

Vesting

Participants are immediately vested in their voluntary contributions and the Company's matching contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100 percent vested after seven years of credit service. There have been no discretionary contributions made to date.

Investment Options

Upon enrollment in the Plan, participants may direct contributions in any of the following investment options.

Federated Capital – The fund invests in short-term, high-quality, fixed-income securities to avoid unnecessary risk through a conservative maturity range.

Blackrock Pacific Fund – The fund invests in common stocks and convertible securities of corporations located in the Far East.

Blackrock Global Allocation Fund - The fund uses financial models and analysis to determine the best distribution of portfolio holdings among basic asset classes of U.S. and foreign equities, U.S. and foreign bonds, U.S. and foreign securities and money market instruments.

Blackrock S&P 500 Index Fund - The fund seeks to provide investment results that, before expenses, replicate the total return of the Standard & Poor's 500 Composite Price Index.

Mutual Discovery Fund - The fund seeks capital appreciation. Under normal market conditions, the fund invests mainly in equity securities of companies the fund management believes are available at market prices less than their value based on certain recognized criteria. The fund generally invests a majority of its assets in foreign securities.

Pimco Low Duration Fund - The fund seeks to maximize total return consistent with preservation of capital. The portfolio consists of securities of varying maturities with portfolio duration between one and three years.

1. DESCRIPTION OF PLAN, Continued

Investment Options, Continued

Pimco Real Return Fund – The fund seeks real return consistent with the preservation of capital. The fund invests at least 80% of assets in inflation-indexed bonds of varying maturities issued by the U.S. and non-U.S. governments, their agencies, and corporations.

Perkins Mid Cap Value - The fund seeks capital appreciation. The fund normally invests at least 80% of assets in equity securities of mid-sized companies whose market capitalization is within the 12-month average of the capitalization range of the Russell Midcap Index.

American Century Value Fund – The fund invests in companies of all sizes, foreign and domestic, seeking long-term capital growth.

Mainstay Growth Fund – The fund invests at least 80% of net assets in domestic large capitalization companies, which are companies having a market capitalization in excess of $4 billion at the time of purchase.

American Century Inflation Adjustment – The Bond is actively managed to help investors combat the corrosive effects of domestic inflation through holdings in high-quality, inflation-indexed bonds.

Transamerica Short-Term Bond – The fund seeks a high level of income consistent with minimal fluctuation in principal value and liquidity by focusing on shorter-term and investment-grade corporate bonds with modest allocation to shorter-duration high-yield domestic and foreign corporate debt.

Deutsche Small Cap Value Fund – The fund seeks long-term capital appreciation by gaining access to small-cap stocks with low valuations that give them compelling growth potential.

Participants may change their investment options daily.

1. DESCRIPTION OF PLAN, Continued

Participant Loans

Participants may borrow from their accounts a minimum of $250 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Repayments are required to be completed within five years, except for the purchase of a primary residence, which must be repaid within fifteen years. The loans are secured by the balance in the participant's account and bear interest at rates of 4.25 percent, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, the participant or beneficiary may elect to receive an amount equal to the value of the vested funds of their account as follows:

a. By lump-sum cash distribution.
b. By payments in a series of installments from the Plan for a period not to exceed the life expectancy of the participant.
c. By installments through the purchase of an annuity from an insurance company.
d. Any combination of the above.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Reclassifications

Certain amounts in the prior-year summary presentation have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Investments in mutual funds traded on national securities exchanges are valued at the last reported sales price on the last business day of the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

Notes Receivable

Participant notes receivable are valued at cost, which approximates fair value.

Payment of Benefits

Benefits are recorded when paid.

Other

In accordance with the policy of stating securities at fair value, the net change in appreciation or depreciation for the years are reflected in the statement of changes in net assets available for benefits.

3. INVESTMENTS

Generally accepted accounting principles establish a three-level hierarchy for disclosure of assets and liabilities recorded at fair value. The classification of assets and liabilities within the hierarchy is based on whether the inputs to the valuation methodology used for measurement are observable or unobservable. Observable inputs reflect market-derived or market-based information obtained from independent sources while unobservable inputs reflect estimates about market data.

3. INVESTMENTS, Continued

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level I – Quoted prices are available in active markets for identical investments as of the reporting date. The type of investments which would generally be included in Level I include listed equities and listed derivatives. The Plan, to the extent that it holds such investments, reports them at their quoted price.

Level II – Pricing inputs are observable for the investments, either directly or indirectly, as of the reporting date, but are not the same as those used in level I. Fair value is determined through the use of models or other valuation methodologies. Investments which are generally included in this category include corporate bonds and loans, and less liquid and restrictive equity securities.

Level III – Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Investments that are included in this category generally include general and limited partnership interests, corporate private equity and real estate funds, and hedge funds.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the determination of which category within the fair value hierarchy is appropriate for any given investment is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. INVESTMENTS, Continued

Collective trust fund (CCT): Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

4. LOANS TO PARTICIPANTS

The Plan had no outstanding loans to officers of Burk Royalty Co., Ltd. as of December 31, 2014 and 2013.

5. PLAN TERMINATION

Although it has not expressed the intent to do so, the Company has the right, by appropriate resolution, to discontinue contributions at any time or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

6. RELATED PARTY TRANSACTIONS

Certain Plan investments are cash equivalents invested in the Merrill Lynch Retirement Preservation Trust. Merrill Lynch serves as the broker and custodian of the Plan's assets and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Merrill Lynch for administration of the Plan for 2014 and 2013 were $14,311 and $13,198, respectively.

6. RELATED PARTY TRANSACTIONS, Continued

Burk Royalty Co., Ltd., the Plan Sponsor, paid fees on behalf of the Plan for the following services:

	2014	2013
Hupp, Bauer, Hanson & Lewis, P.C.		
Accounting and auditing services	$ 16,024	$ 17,371
Trinsic Capital, LLC		
Investment management services	$ 7,200	$ 7,200
Starr Indemnity and Liability Company		
Fidelity Bond coverage	$ 4,583	$ 4,583

7. INCOME TAX STATUS

The Plan formally adopted the Merrill Lynch Special Prototype Defined Contribution Plan and Trust in 1993. A favorable determination letter was received from the Internal Revenue Service.

The IRS has determined and informed the Plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been restated since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

8. PLAN AMENDMENTS

The Plan was restated, effective January 1, 2015, to incorporate Pension Protection Act of 2006 (PPA) law changes.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, as disclosed in Note 1, under the directives of the plan participants. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts and the amounts reported in the statement of net assets available for benefits.

10. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 5, 2015, which is the date the financial statements were available to be issued.
