INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Excelsior Orthopaedics, LLP 401(k) Profit Sharing Plan

We have audited the accompanying statements of net assets available for benefits of Excelsior Orthopaedics, LLP 401(k) Profit Sharing Plan as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2014 and 2013, and the changes in net assets available for benefits for the year ended December 31, 2014 in accordance with accounting principles generally accepted in the United States of America.

Additional Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements

1. Description of Plan:

The following description of Excelsior Orthopaedics, LLP 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering employees of Excelsior Orthopaedics, LLP (the Sponsor) who have attained age 21 and have 3 months of service. All newly eligible participants are enrolled into the Plan immediately under the Plan's default investment option unless another permitted percentage or investment option is selected by the participant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, provided total additions to the account of participating employees for any plan year shall not exceed the amount permitted by Internal Revenue Service regulations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Sponsor may elect to make safe harbor contributions to the Plan. There was a safe harbor contribution of 3% of participants' eligible compensation made in 2014.

The Plan allows discretionary profit-sharing contributions, determined by the Sponsor's members, and allocates them to participants based on eligible compensation and participant classification.

The Plan also allows discretionary matching contributions. Amounts are determined by the Sponsor's members, and the contributions are based on a percentage of participants' elective deferrals. There were no matching contributions in 2014.

Participants direct their contributions and the corresponding employer contributions into various investment options offered by the Plan. The variable annuity contract and pooled separate accounts are proprietary investments offered by Transamerica.

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions, the Sponsor's safe harbor contributions, plus actual earnings thereon. Vesting in the Sponsor's profit sharing and matching contribution portion of participant accounts is based on years of continuous service. A participant is 100% vested after 6 years of credited service.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits:

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments, or annuity options. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures:

At December 31, 2014 and 2013, forfeited non-vested accounts totaled $21,696 and $3,511. These amounts are used to reduce future employer contributions. In 2014, employer contributions were reduced by $3,511 from forfeited non-vested accounts.

2. Summary of Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Inputs to the valuation methodology of mutual funds, common stock, exchange traded funds and cash equivalents are unadjusted quoted prices for identical assets in active markets. The pooled separate accounts are valued based on the net asset value per share without further adjustment. Net asset value is based on the aggregate fair values of the underlying investments. Participants may redeem shares at net asset value daily without restriction. The variable annuity contract is stated at contract value. Contract value, as reported to the Plan by Transamerica without further adjustment, represents contributions made under the contract, plus interest, less participant withdrawals and administrative expenses. Participants may generally withdraw or transfer all or a portion of their investment at contract value unless Transamerica imposes a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. Fair value of limited partnerships is estimated by management of the Plan based on unobservable inputs.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized appreciation or depreciation on investments is charged or credited to the net assets of the Plan.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the plan document.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Costs:

Various administrative costs were paid by the Sponsor.

Subsequent Events:

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 12, 2015 (the date the financial statements were available to be issued).

3. Investments:

Accounting guidance establishes a three-level fair value hierarchy that prioritizes the inputs used to measure assets at fair value. Inputs refer broadly to the assumptions that market participants would use in pricing the asset, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset and are based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own perceptions about the assumptions market participants would use in pricing the asset and are based on the best information available.

The three levels of fair value hierarchy are as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access on the reporting date.

Level 2 – Inputs other than quoted market prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. If the asset or liability has a specific (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable for the asset or liability.

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs.

The Plan uses net asset value (NAV) per share (or its equivalent) as a practical expedient to determine the fair value of investments that (i) do not have a readily determinable fair value predicated upon quoted prices in active markets, and (ii) have the attributes of an investment company or prepare their financial statements consistent with the measurement principles of an investment company.

The fair values of investment assets valued at fair value are determined as follows as of December 31, 2014 and 2013:

	Based on		
2014	Level 1	Level 3	NAV
Mutual funds	**$ 1,901,910**	**$ -**	**$ -**
Common stock	**742,948**	**-**	**-**
Pooled separate accounts	**-**	**-**	**7,707,691**
Limited partnership	**-**	**14,800**	**-**
Cash equivalents	**316,386**	**-**	**-**
Exchnage-traded funds	**113,777**	**-**	**-**
	$ 3,075,021	**$ 14,800**	**$ 7,707,691**
2013			
Mutual funds	$ 1,679,753	$ -	$ -
Common stock	626,369	-	-
Pooled separate accounts	-	-	6,712,714
Limited partnership	-	14,800	-
Cash equivalents	250,309	-	-
Exchnage-traded funds	37,807	-	-
	$ 2,594,238	$ 14,800	$ 6,712,714

The Plan maintains a fully benefit-responsive variable annuity contract with Transamerica. Transamerica maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is established prior to January 1st and July 1st.

Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the crediting interest rate applicable for the six month period. There is no stated minimum or maximum interest rate for the variable annuity contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

4. Plan Termination:

Although it has no intent to do so, the Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Plan participants would become 100% vested in their employer contributions.

5. Tax Status:

The Internal Revenue Service has issued a favorable determination letter on the tax status of the Plan. Accordingly, no provision has been made for income taxes. The Plan believes it is no longer subject to examination by federal and state taxing authorities for years prior to 2011.

6. Risks and Uncertainties:

The Plan provides for various participant directed investment options. Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.
