INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Emergency Medicine Professionals, P.A. 401(k) Plan and Trust
Ormond Beach, Florida

Report on the Financial Statements:
I have audited the accompanying financial statements of Emergency Medicine Professionals, P.A. 401(k) Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements:
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility:
My responsibility is to express an opinion on these financial statements based on my audits. I conducted my audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosure in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, I express no opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion:
In my opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Emergency Medicine Professionals, P.A. 401(k) Plan and Trust as of December 31, 2014 and 2013, and the changes in its net assets available for benefits for the years ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information:
My audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets held at end of year, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

1. Plan Description:

The following plan descriptions of the Emergency Medicine Professionals, P.A. 401(k) Plan and Trust (the "Plan") provides only general information regarding the Plan. Participants should refer to the Summary Plan Description, including Plan Amendments thereto, for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan designed to comply with the provisions of the Internal Revenue Code (IRC), and is subject to the provision of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan consists of two components, a 401(k) plan and a profit sharing plan. The Plan covers all eligible employees of Emergency Medicine Professionals, P.A. and Healthcare Billing Systems, Inc. (together referred to as the "Company"). Employees of the Company are eligible to become participants in the Plan upon completion of one year of service and upon attaining the age of 21 years. Participation in the Plan is voluntary.

Administration of the Plan:

The accounting records are maintained by the Company. The Plan's assets are held and managed by Fidelity, American Funds and Stifel Nicolaus (together referred to as "Asset Custodians").

Contributions:

Under the 401(k) component of the Plan, eligible participants may elect to contribute up to 100% of their compensation for the year, not to exceed the Internal Revenue Service limitation of $17,500 for 2014 and 2013 ($23,000 if the participant will be at least age 50 by the end of the tax year 2014 and 2013). The Company contributes 3% of the participants' base compensation to the Plan. Under the discretionary profit sharing component of the Plan, the Company contributed an additional 2% of the participants' base compensation to the Plan (an additional 3% for licensed physician shareholders). During the year ended December 31, 2014 and 2013, the Company made discretionary profit sharing contributions of $291,501 and $272,979 to the Plan, respectively. The Plan may also receive, on behalf of any participant, a roll-over contribution received by the participant from another qualified plan.

Participants' Accounts:

Each participant's account is credited with his or her contributions, an allocation of the Company's contributions and allocation of Plan earnings or losses. Allocations of the Company's contributions are based upon the participant's compensation, as defined by the Plan documents. Allocations of Plan earnings or losses are based upon the participant's account balance. Expenses paid by the Plan are charged against the accounts to which the expense relates. Self-directed brokerage accounts may only invest in specific assets as permitted the Plan.

Vesting:
Participants are fully vested at all times in all contributions.

Payment of Benefits:
On termination of service due to disability, retirement or interruption of continuous service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or an annuity. In the case of death, distributions will be made to the designated beneficiary. Hardship withdrawals may be requested and are paid in one lump-sum upon approval.

Notes Receivable from Participants:
Under the terms of the Plan, participants may borrow from their accounts a minimum of $1,000 up to a maximum, which is equal to the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding loan balance in the past 12 months. The loans are secured by the balance in the participants' accounts, bear interest at a rate commensurate with interest rates charged by institutions in the business of lending funds under similar circumstances and must be repaid over a period not to exceed five years, except for a loan taken to purchase an employee's principal residence, which may be repaid over a period longer than five years. At December 31, 2014 and 2013, notes receivable from participants totaling $167,397 and $133,904, respectively, bear interest at rates ranging from 4.25% to 7.5%.

Deemed Loan Distributions:
Deemed loan distributions are recorded when the participant defaults on the loan.

Plan Termination:
Although there has been no expression of intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan at any time subject to the provisions set forth in ERISA and the Internal Revenue Code (IRC).

2. Summary of Significant Accounting Policies:
The following is a summary of the Company's significant accounting policies:

Basis of Accounting:
The accompanying financial statements of the Plan have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), except for benefit payments, which are reported on a cash basis in accordance with the guidelines of the American Institute of Certified Public Accountants' Audit and Accounting Guide, *Audits of Employee Benefit Plans*.

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, as well as disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (Continued):

Risks and Uncertainties:
The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition:
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Money market funds and mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. Common stocks are valued at the closing price on the active market on which the individual securities are traded.

Purchase and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment income includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants:
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Benefits and Expenses:
Benefit payments to participants are recorded upon distribution. Administration expenses may be paid out of the Plan assets unless paid by the Company. Expenses paid by the Company during the year ended December 31, 2014 and 2013 were $26,046 and $21,555, respectively, representing attorney, auditor, surety bond and pension plan administrator expenses. Expenses paid by the Plan during the year ended December 31, 2014 and 2013 were $29,702 and $24,318, respectively, representing loan, distribution and investment management fees charged against applicable individual participant accounts.

Recently Issued or Adopted Accounting Pronouncements:
I have assessed the potential impact of accounting standards that have been issued, but are not yet effective, and have determined that no such standards are expected to have a material impact to my financial statements.

3. Investments:

The fair market values of individual assets that represent 5% or more of the Plan's net assets are as follows:

Self directed brokerage accounts held at Stifel Nicolaus included money market funds in the amount of $1,869,561 and $1,605,824, as of December 31, 2014 and 2013, respectively.

During the year ended 2014 and 2013, the Plan's unrealized appreciation (depreciation) in fair market value of investments was $(357,255) and $1,344,305, respectively. Realized gains (losses) on investments sold during the year ended 2014 and 2013 were $191,329 and $76,808, respectively.

4. Income Tax Status:

The Plan received an initial favorable determination letter from the Internal Revenue Service (IRS) dated June 29, 2006 as part of their adoption of a standardized prototype profit-sharing plan. The letter stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC).

The Plan has since been amended on numerous occasions, and has received an updated favorable determination letter from the IRS dated July 23, 2013 covering all plan amendments. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt. No provision for income taxes has been recorded in these financial statements.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the IRS. The Plan administrator believes that there are no uncertain tax positions that would have a material impact on the financial statements of the Plan. The Plan's 2011, 2012 & 2013 Form 5500 Annual Return/Report of Employee Benefit Plan are subject to examination by the IRS, generally for three years after they were filed. There are currently no audits for any tax periods in progress.

5. Party-in-Interest Transactions:

Certain funds of the Plan are managed by the custodians, parties-in-interest. During the year ended December 31, 2014, $6,502, $11,171,545 and $3,505,005 in funds were managed by Fidelity Investments, Stifel Nicolaus and American Funds, respectively. During the year ended December 31, 2013, $6,068, $10,694,828 and $3,191,259 in funds were managed by Fidelity Investments, Stifel Nicolaus and American Funds, respectively.

6. Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reported date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are observable inputs other than the quoted prices included in Level 1, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 fair market measurements include the fair value of mutual funds based on quoted net asset values of the shares held by the Plan at year end. The fair values of common stocks, corporate bonds and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded. At December 31, 2014 and 2013, Level 1 fair market measurements equaled $14,683,052 and $13,892,155, respectively. No Level 2 or Level 3 inputs were available to the Plan.

7. Related Party:

Administration expenses were paid directly by the Company during the year ended December 31, 2014 and 2013 in the amount of $26,046 and $21,555, respectively, representing attorney, auditor, surety bond and pension plan administrator expenses.

8. Subsequent Events:

The Plan has evaluated subsequent events through October 11, 2015, the date on which the financial statements were available to be issued. There have been no material subsequent events that would require recognition in these financial statements or disclosure in the Notes to the Financial Statements.
