Dear Cindy:

In accordance with your request, we are attaching the accompanying PDF file, which contains an electronic final version of the financial statements of Hospital Cooperative Laundry, Inc. Employee Savings Plan as of December 31, 2014. We understand that your request for the electronic copy has been made as a matter of convenience. You understand that electronic transmissions are not entirely secure and that it is possible for confidential financial information to be intercepted by others.

These financial statements and our report(s) on them are not to be modified in any manner. This final version supersedes all prior drafts. Any preliminary draft version of the financial statements previously provided to you in an electronic format should be deleted from your computer, and all printed copies of any superseded preliminary draft versions should likewise be destroyed.

Professional standards and our firm policies require that we perform certain additional procedures whenever our reports are included, or we are named as accountants, auditors or “experts,” in a document used in a public or private offering of equity or debt securities. Accordingly, as provided for and agreed to in the terms of our arrangement letter, Hospital Cooperative Laundry, Inc. Employee Savings Plan will not include our reports, or otherwise make reference to us, in any public or private securities offering without first obtaining our consent. Any request to consent is also a matter for which separate arrangements will be necessary. After obtaining our consent, Hospital Cooperative Laundry, Inc. Employee Savings Plan also agrees to provide us with printer’s proofs or masters of such offering documents for our review and approval before printing, and with a copy of the final reproduced material for our approval before it is distributed. In the event our auditor/client relationship has been terminated when Hospital Cooperative Laundry, Inc. Employee Savings Plan seeks such consent, we will be under no obligation to grant such consent or approval.

Thank you for the opportunity to serve you.

Sincerely,

Independent Auditor's Report

To the Plan Administrator and Participants
Hospital Cooperative Laundry, Inc.
Employee Savings Plan
Denver, Colorado

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Hospital Cooperative Laundry, Inc. Employee Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified or provided by Principal Life Insurance Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Member of the RSM International network of independent accounting, tax and consulting firms.

Other Matter
The supplemental schedules, Schedule H, line 4a—schedule of delinquent participant contributions and Schedule H, line 4i—schedule of assets (held at end of year) as of or for the year ended December 31, 2014, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With the Department of Labor's Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following description of the Hospital Cooperative Laundry, Inc. Employee Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan sponsored by Hospital Cooperative Laundry, Inc. (the Company or Plan Sponsor). It covers all full-time employees of the Company who have one year of service, as defined, and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Sponsor's Board of Directors is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: Each year, participants may contribute up to 50 percent of pretax annual compensation, as defined in the Plan. However, the total amount deferred may not exceed the maximum allowed by law in any plan year. Participants may also contribute rollover amounts from other qualified defined benefit or contribution plans. The Company matches 50 percent of the first 6 percent of eligible compensation that a participant contributes to the Plan. The Company may also make a discretionary matching contribution in addition to the normal matching contribution. No discretionary matching contribution was made for 2014.

Participant accounts: Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately 100 percent vested in their contributions and Company contributions, plus actual earnings thereon.

Investment options: Participants are allowed to invest in a variety of investment choices, as more fully described in the Plan's literature. All choices vary in type of investment, rate of return, and investment risk. Participants may elect at any time to have all or part of their account balances and future contributions transferred from one fund to another or in any combination.

Benefit payments: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's interest in his or her account, or installments over varying periods, as permitted by the Plan. For termination of service due to other reasons, a participant may receive the value of his or her account as a lump-sum distribution. Lump-sum payments will be made upon retirement, termination or death of any participant having a vested account balance of less than $5,000.

Note 2. Summary of Significant Accounting Policies

Method of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's Board of Directors determines the Plan's valuation policies, utilizing information provided by Principal Life Insurance Company. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities have occurred since year-end and that such changes could materially affect participants' account balances and the amounts reported in the 2014 statement of net assets available for benefits.

Pending accounting pronouncements: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of net assets available for benefits. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management is currently evaluating the impact this update will have on the Plan's financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)—(I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures,* and *(III) Measurement Date Practical Expedient (consensuses of the FASB Emerging Issues Task Force)*, collectively referred to as the Update. The purpose of the Update is to simplify plan accounting.

- The amendments in part I of the Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

Note 2. Summary of Significant Accounting Policies (Continued)

- The amendments in part II of the Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

- The amendments in part III of the Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II and III), as applicable. The amendments in the Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in parts I and II shall be applied retrospectively to all periods presented; the amendments in part III shall be applied prospectively.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 13, 2015, the date the financial statements were available to be issued.

Note 3. Investment Contract With Principal Life Insurance Company

The Plan has an investment contract with Principal Life Insurance Company (Principal), whereby Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for plan withdrawals. The contract is included in the financial statements at fair value because it is not fully benefit-responsive. Principal's Guaranteed Investment Accounts promise contract value for a benefit event; however, there is a possible market value adjustment when funds are withdrawn prior to their maturity. Thus, the Guaranteed Investment Accounts are not considered fully benefit-responsive. The crediting interest rate varied between 0.44 percent and 1.55 percent during 2014. The crediting interest rate changes on an annual basis to reflect market conditions. There are no reserves against fair value for credit risk of the contract issuer, Principal, or otherwise.

Note 4. Information Certified or Provided by the Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013, and for the year ended December 31, 2014, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by Principal Life Insurance Company (the trustee) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets.

Note 4. Information Certified or Provided by the Plan Trustee (Continued)

The following is a summary of assets, with those that individually exceed 5 percent of net assets available for benefits reflected separately.

	December 31	
	2014	2013

Investments representing less than 5 percent of net assets available for benefits	575,088	518,633
	$ 2,541,027	$ 2,274,004

*Investment did not exceed 5 percent of the net assets available for benefits in the year indicated.

The trustee also certified to the completeness and accuracy of $117,825 of net appreciation in fair value of investments and $17,126 of dividend and interest income related to the aforementioned investments for the year ended December 31, 2014.

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) appreciated in fair value as follows:

Pooled separate accounts	$ 107,409
Registered investment companies	8,254
Investment contract with Principal Life Insurance Company	2,162
	$ 117,825

Note 5. Fair Value Measurements

Accounting guidance established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Note 5. Fair Value Measurements (Continued)

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used between December 31, 2014 and 2013.

Investment contract with Principal Life Insurance Company: Fair value represents the amount the Plan Sponsor would have received if the investment contract had been terminated at year-end, and represents book value of the contract less an early withdrawal charge.

Pooled separate accounts: Pooled separate accounts are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Registered investment companies: Investments in registered investment companies are valued at the quoted prices for identical assets in active markets for investments held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	Assets at Fair Value as of December 31, 2014

(a) The funds primarily invest in equity securities of U.S. companies with large market capitalization.

(b) The fund invests mainly in short-term securities, including securities with quoted prices for similar assets in active or nonactive markets.

(c) The funds invest mainly in fixed securities such as asset-backed securities, residential mortgage-backed securities, commercial mortgage-backed securities and corporate bonds. In addition, one of the funds in this group invests in a single mutual fund.

Note 5. Fair Value Measurements (Continued)

(d) The funds invest primarily in value stocks issued by U.S. companies with small to midsized market capitalization.

(e) The fund invests in common stocks of non-U.S. companies, typically with large market capitalization. Investments are normally diversified across different countries and regions of the world.

(f) The fund invests only in Principal Financial Group stock.

There were no unfunded commitments to the investments measured at fair value based on NAV per share as of December 31, 2014 and 2013.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 7. Tax Status—Prototype Plan

The Plan adopted a standardized prototype plan from Principal Financial Group. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan has been amended subsequent to the version covered by the prototype plan's opinion letter. However, the Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations beyond three years.

Note 8. Delinquent Participant Contributions

The Department of Labor has increased their focus related to the timing of employee contributions to retirement plans. In conjunction with this increased focus, interpretations concerning when amounts withheld from employees should be deposited to plans have been made. As a result of these interpretations, practices related to timing of deposits that were acceptable in the past are now no longer acceptable, and certain contributions for participants made during the years ended December 31, 2014 and 2013, are being reported as delinquent contributions. Plan management has fully corrected the errors in 2014.

Note 9. Related-Party and Party-in-Interest Transactions

Certain plan investments are shares of mutual funds managed by Principal Life Insurance Company. Principal Life Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.
