Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Laparkan Trading Limited 401(k) Profit Sharing Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of December 31, 2014, and for the year then ended, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules, Form 5500, Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2014, and Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014, are required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules referred to above.

Other Matter – 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by John Hancock Life Insurance Company, the custodian of the Plan. Their report, dated October 13, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2014 financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1—Description of Plan

The following description of Laparkan Trading Limited 401(k) Profit Sharing Plan (the "Plan"), provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan sponsored by Laparkan Trading Limited (the "Company" or the "Employer") for the benefit of its full-time employees who have six months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration of Plan Assets – The Plan's Board of Trustees (the "Board") has overall responsibility of the operation and administration of the Plan. The Board determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan's assets are maintained and administered by John Hancock Life Insurance Company (the "Custodian" or "John Hancock"). The Plan's recordkeeping services and maintenance of participant account records are managed by E.J. Reynolds.

Contributions – Subject to certain limitations, under Internal Revenue Code ("IRC") Section 401(k), participants may contribute up to 100% of their compensation, subject to 2014 annual limits of $ 17,500 and an additional $ 5,500 for catch-up contributions for participants that are age 50 or older. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may stop or change their contribution elections at any time.

As defined by the Plan, the Company may make discretionary matching contributions based on a percentage of a participant's elective deferral contributions. During 2014, the Company made matching contributions of 100% of the first 2% of participant's elective deferral contributions. The Company may also make discretionary profit sharing contributions. During the year ended December 31, 2014, the Company did not make any profit sharing contributions.

Participant Accounts – Each participant's account is credited and/or reduced with the participant's elective deferral contributions and distributions, the Company's contribution, and an allocation of the Plan's investment earnings/losses, investment fees and any administrative expenses paid out of the Plan. Allocations are based on either participant's compensation or account balance as defined in the Plan.

Vesting – Participants are fully vested in their elective contributions, as well as any rollover contributions, plus or minus any earnings or losses thereon. Vesting in the Company's discretionary contributions made by the Company and the earnings or losses thereon is based upon years of continuous service, as defined in the Plan documents, as follows:

Years of Service	Vested %
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notwithstanding the above, participants shall become fully vested upon their date of death.

Note 1—Description of plan (continued)

Forfeitures – Forfeitures occur when a participant terminates employment and has not vested in a portion of the Company contribution amounts. Forfeitures, if any, are used to reduce future Company contributions to the Plan. During the year ended December 31, 2014, approximately $1,000 was used to reduce Company contributions. At December 31, 2014 and 2013, the forfeitures account totaled approximately $400 and $1,000, respectively.

Investment Options – The Plan's assets are held and managed by the Custodian. The participants direct the investment of their account balance and may select from various investment options offered by the Plan. Participants may change their investment option selections on any business day as defined by the Plan.

Notes Receivable from Participants – Participants may have up to three loans outstanding at any time and may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance on the date of the note. Notes should be repaid within five years unless the note is for the purchase of a primary residence in which case the repayment schedule must be repaid within a reasonable period of time, not to extend beyond fifteen years. Interest accrues at the prevailing commercial rate for notes of similar types and was 4.25% at December 31, 2014. The notes are collateralized by the participants' vested interest in their account balance. Principal and interest payments with respect to the notes are credited solely to the account of the borrowing participant from which the note was made through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Hardship Distribution – Hardship distributions are permitted if the distribution is due to expenses incurred or necessary for medical care described in IRC Section 213(d), purchase of a principal residence, payment of tuition, to prevent eviction from or foreclosure of the principal residence, or any other condition which the Commissioner of the Internal Revenue Service ("IRS") deems an immediate and financial need of the participant. Participant voluntary contributions are suspended for six months after receipt of a hardship distribution.

Payment of Benefits – Participants are allowed in-service withdrawals of their participants' vested interest in his or her account upon attainment of retirement age or in the event of a financial hardship. Upon termination of service due to death, disability or retirement, participants or their designated beneficiary may receive the value of their vested interest in his or her account as a lump sum distribution. Participants 59 ½ years of age or older can obtain benefits from the Plan without penalties. Participants should refer to the Plan documents for a full description of the distribution methods offered by the Plan.

Plan Termination – Although it has not expressed any intent to do so, the Company reserves the right at any time to amend, modify or terminate the Plan without the consent of any participant or beneficiary subject to the provisions of ERISA. In the event of such termination, the Plan provides that the participants shall become 100% vested in all amounts credited to their accounts.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments – Investments held by the Plan are reported at fair value. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction. A fair value hierarchy exists which requires an entity to maximize the use of observable inputs when measuring fair value.

Note 2—Summary of significant accounting policies (continued)

Three levels of inputs may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for Plan instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled Separate Accounts – Valued at the Net Asset Value ("NAV") of units of the separate account. The NAV, as provided by the Custodian, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Guaranteed Interest Accounts – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The guaranteed interest accounts promise contract value for a benefit event (termination, death, disability and retirement); however, there is a possible market adjustment when funds are withdrawn prior to maturity. Therefore, the guaranteed interest accounts are not considered benefit-responsive and are valued at estimated fair value as determined by John Hancock.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to Participants – Benefits are recorded when they have been processed and paid by the Plan.

Administrative Expenses – In accordance with the Plan documents, certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 2—Summary of significant accounting policies (continued)

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of changes in net assets during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Note 3—Information certified by the Custodian (unaudited)

The following information included in the accompanying financial statements as of December 31, 2014 and 2013, and for the year ended December 31, 2014, and the supplemental schedule as of December 31, 2014 was obtained from data that has been prepared and certified to as complete and accurate by the Custodian as permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. This information was not subject to any auditing procedures performed by the independent auditor.

Note 4—Fair value of investments (continued)

* Amounts are unaudited. See Note 3. The fair value of the investments in the pooled separate accounts has been estimated using the net asset value of the investments. The pooled separate accounts listed in the above charts are redeemed on a daily basis and do not have any redemption restrictions. Additionally, there are no unfunded commitments.

Note 5—Parties-in-interest transactions

Certain Plan investments and the related transactions as of December 31, 2014 and 2013, and for the year ended December 31, 2014, were in investment funds managed by the Custodian; therefore, these investments and transactions qualify as party-in-interest transactions. Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants.

Note 6—Risks and uncertainties

The Plan provides for various investment options which are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in fair value of investments in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 7—Income tax status

The IRS has determined that the non-standardized prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the Custodian of such in a letter dated March 31, 2014. The plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 8—Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonable segregated from the employer's general assets. However, contributions of $1,266 were not remitted within the required time period for the year ended December 31, 2013. The Company has corrected these delinquent employee contributions, including any lost earnings as a result, during the year ended December 31, 2014.

Note 9—Subsequent events

The Plan's management evaluated subsequent events through October 13, 2015, in connection with the preparation of these financial statements, which is the date that the financial statements were available to be issued.
