NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE A – DESCRIPTION OF PLAN

The following description of the Medical Depot, Inc. ("the Company") 401(K) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the company who have completed three months service with the Company and are age 21 or older. An employee may enter the Plan on the first day of the month coinciding with or following the date on which the employee meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may contribute up to 70% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may increase or decrease their contributions on a monthly basis. Participants may stop contributing at any time. The Company may make a discretionary profit sharing contribution to the Plan at the option of the Company's board of directors. There was no discretionary contribution for the year ended December 31, 2014. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, as well as allocations of the Company's profit sharing contribution (if any) and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Company's contributions to the Plan are allocated among all of the participants who have completed more than 1,000 hours of service based on a specified formula as defined within the Plan document and are actively employed on the last day of the Plan year.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

One hundred percent of the amount credited to participants who are presently employed shall become fully vested in their account balance upon: (1) death; or (2) the effective date of termination of employment by reason of disability.

Notes Receivable From Participants

A participant may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The maximum number of outstanding loans at any time is one per participant. The loans are secured by the balance in the participant's account and bear interest at prime plus one percent. Loans are generally repaid within five years of the date on which the loan's funds are disbursed. If the loan is for the purchase of a primary residence, the repayment can be longer than five years. Principal and interest is paid ratably through monthly payroll deductions. For the year ended December 31, 2014, loan interest rates ranged from 4.25% to 5.25%.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, a different form of annuity or in installments over a period of time not more than the participant's or beneficiary's life expectancy determined at time of distribution. The normal retirement age under the Plan is 65. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Prior to termination of service, participants who have attained age 59-1/2 may withdraw all or any portion of the value of salary reduction contributions and vested Company contributions made on their behalf.

Participants' benefits are included in deductions from net assets during the period when vested members reach the normal retirement date and are paid, unless the participants continue in service after reaching the normal retirement date and postpone payment of accrued benefits until the deferred retirement date or otherwise terminate employment. The payment occurs no later than 60 days after the Plan year following the Plan year in which the participants separate themselves from service.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Hardship Withdrawals

Hardship withdrawals by Plan participants may be made upon written request to, and upon approval of, the Plan Trustees. If approved, the distribution can be made out of the elective deferral, Roth elective deferral and rollover contribution accounts of the participant and shall be limited to the amount of the contributions to such account. No amount of income on such contributions may be withdrawn. All requests must be made in writing. Salary deferral contributions of participants who obtain a hardship withdrawal will be suspended for six months after the hardship withdrawal.

Forfeited Accounts

The forfeiture account is comprised of amounts formerly allocated to individual accounts of participants upon the participant's separation of service. The forfeited amount is the nonvested portion of the employer contribution. There were no forfeited novested accounts for the year ended December 31, 2014. The forfeited nonvested accounts totaled $10,133 for the year ended December 31, 2013. These amounts are used to reduce contributions made by the Company or offset any administrative expenses of the Plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on an accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies using information provided by the investment advisers, custodians and insurance company. See Note D for discussion of fair value measurements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2014 and 2013.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expense

All administrative expenses are paid by the Company, at its option. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan as evaluated subsequent events through October 12, 2015, the date the financial statements were available to be issued.

In April, 2015, the Plan was amended to provide for a discretionary employer matching contribution.

NOTE C – INVESTMENTS

Participant directed investments, held in a trust by John Hancock Life Insurance Company of New York, are combined with the investment portfolios of defined contribution plans of other companies. Interest income is allocated to the various plans included in the trust on a monthly basis, based on the ratio of each plan's fair value to total trust fair value. Participants may change their investment options daily.

NOTE C – INVESTMENTS (CONTINUED)

The following participant directed investments represent five percent or more of net assets available for benefits:

	2014	2013

** Did not meet the 5% criteria at respective financial statement date.

During 2014, the Plan's Investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $377,572. All Plan investments were held in Pooled Separate Accounts.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

Pooled Separate Accounts – Pooled separate accounts ("PSA") are made up of a wide variety of underlying investments such as equities, bonds, and mutual funds. The fair value of a pooled separate account is based on the market value of its underlying investments (level 2 inputs) and is not a publicly-quoted price in an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2014:

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts:

Cash	83	-	-	83
Assets at Fair Value	$ 83	$ 7,500,179	$ -	$ 7,500,262

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2013:

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total

Cash	10,216	-	-	10,216
Assets at Fair Value	$ 10,216	$ 6,386,436	$ -	$ 6,396,652

NOTE E – RELATED-PARTY AND PARTY-IN-INTERST TRANSACTIONS

Certain Plan investments are managed by John Hancock Life Insurance Company of New York. John Hancock Life Insurance Company of New York is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

The Company performs certain administrative functions on behalf of the Plan, for which no fees are charged.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE G – INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2014 and 2013, and net appreciation in fair value of investments, and interest for the year ended December 31, 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company of New York (the trustee of the Plan).

NOTE H – TAX STATUS

The IRS has determined and informed the Company, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely that not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2011.

NOTE I – EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

The Plan failed its discrimination test for the years ended December 31, 2014 and 2013. Excess contributions amounting to $172,450 and $148,610, respectively, were recorded as a liability in the accompanying statements of net assets available for benefits.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K – RECONCILIATION TO FORM 5500

The following is a reconciliation of the changes in net assets available for benefits during the year ended December 31, 2014:
