Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Advantage Benefits Company, LLC 401(k) Plan, which comprise the statement of net assets available for plan benefits as of December 31, 2014, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplemental Schedules

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i – Schedule of Assets Held at End of Year and Schedule H, Line 4j – Schedule of Reportable Transactions as of and for the year ended December 31, 2014, which is the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Prior Year Financial Statements

The financial statements as of December 31, 2013, were audited by Cocuy, Burns, & Co., P.A., who merged with Templeton & Company, LLP as of August 1, 2015, and whose report dated October 9, 2014 expressed a disclaimer of opinion on those statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ADVANTAGE BENEFITS COMPANY, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Advantage Benefits Company, LLC 401(k) Plan (Plan) provides only general information. The Plan sponsor is Advantage Benefits Company, LLC (the Company) Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was formed effective January 1, 2001 as a defined contribution plan covering all full time employees of Advantage Benefit Company, LLC (the Plan Sponsor or the Company) who have one year of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides that participants may contribute up to 100% of their pretax annual compensation within the limitations prescribed by the Internal Revenue Service (IRS). For the year ended December 31, 2014, individual participants' contributions were limited to $17,500, (or $23,000, if over the age of 50). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants who are eighteen years or older and have at least one year of entry service are eligible for matching contributions. The Plan Sponsor may contribute to the Plan at its discretion. During the year ended December 31, 2014, matching contributions totaling $3,047 were paid to eligible participants from the Plan's forfeitures account. The match was 5% of each participant's contribution up to a maximum of 6% of pay.

All employee contributions are participant-directed and may be invested in one fund or allocated among different funds, subject to certain limitations set forth in the Plan. Participants may change the allocation of contributions among funds pursuant to Plan provisions.

Participant accounts

Each participant account is credited with the participant's contributions and an allocation of Plan earnings and investment gains and losses. Allocations of Plan earnings and investment gains and losses are based on actual participant account balances, as defined. Participants are entitled to the benefit derived from their vested account balance. Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions and administrative expenses.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous service. For employer matching contributions, a participant vests 20 percent after two years of credited service, 40 percent after three years of credited service, 66.67 percent after four years of credited service and 100 percent after five years. For all other employer contributions, a participant vests 33.33 percent after three years of credited service, 66.67 percent after four years of credited service and 100 percent after five years.

Note 1 – Description of Plan, Continued

Forfeitures

Nonvested Company contributions forfeited by participants are used to reduce certain administrative expenses or reduce Company contributions to the Plan. There were forfeitures amounting to $4,101 for the year ended December 31, 2014.

Participant notes receivable

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum of the lesser of $50,000 or 50 percent of their account balance. Participants may borrow only one loan at a time based on the participant's vested plan balance. Loan terms may range from one to five years and can extend beyond five years for the purchase of a primary residence. The loans are secured by the balance in a participant's account and bear interest at 5.25%. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits to participants

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum distribution, or annual equal installments. For termination of service for any other reason, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may elect to take an in-service distribution of vested funds upon becoming disabled under the terms of the Plan or upon attainment of the Plan's normal retirement age. The Plan also allows for distributions to participants for reasons of hardship.

Note 2 – Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition

The Plan's pooled separate accounts and guaranteed fund are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investment and unrealized appreciation or depreciation is recognized at period-end when carrying values of the related investments are adjusted to their fair values. Purchases and sales of investments are recorded on a trade-date basis.

Earnings on investments, with the exception of participant loans, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition, continued

Participant notes receivable are valued at their outstanding balances, which approximates fair value.

In accordance with the policy of stating investments at fair value, the Plan presents in the statement of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Administrative expenses

Administrative expenses include loan fees charged directly to the participants' accounts and investment management service fees which are first paid using forfeitures of the Company's contributions, with any remaining balance paid from investment returns.

Management estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the high level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

Concentration of credit risk

Financial instruments which potentially subject the Plan to concentrations of credit risk consist of the Plan's investments. Management believes that the Plan Trustee maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment.

Payment of benefits to withdrawing participants

The Plan records benefit payments to withdrawing participants when paid.

Note 3 – Investment Information Prepared and Certified by the Trustee

Investment information was obtained from data prepared and certified to as complete and accurate by the Plan Trustee as of and for the years ended December 31, 2014 and 2013. The following are investments that represent 5% or more of the Plan's net assets available for plan benefits as of December 31, 2014 and 2013:

	2014	2013
Principal Large Cap S&P 500 Index	$ 129,807	$ 237,863
Morley Financial Principal Stable Value Fund	182,800	171,760

Principal Large Cap Growth II	-	98,872
Principal Mid Cap Growth III	-	80,622
Principal Large Cap Value III	74,129	-
Other	497,533	369,251
Total participant-directed investments	$ 1,153,566	$ 1,338,547

Note 4 – Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to Level 1 inputs consisting of unadjusted quoted prices in active markets for identical assets and liabilities, followed by Level 2 inputs consisting of direct or indirect observable inputs other than quoted prices for identical assets and liabilities, and the lowest priority to Level 3 inputs consisting of unobservable inputs. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Gains and losses (realized and unrealized) included in the statement of changes in net assets available for plan benefits for the year ended December 31, 2014 are reported in net appreciation in fair value of investments.

Note 4 – Fair Value Measurements, Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013.

Total assets	$ –	$ 1,166,787	$ 171,760	$ 1,338,547

Note 4 – Fair Value Measurements, Continued

Pooled separate accounts

The Plan's pooled separate accounts are valued based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs, but are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist solely of mutual funds, each of which follows a separate investment strategy. Due to the nature of these securities, there are no unfunded commitments or redemption restrictions. The Plan's pooled separate account investments are considered Level 2 investments as of December 31, 2014.

The following is a schedule of the Plan's Level 3 investment activity for the year ended December 31, 2014 measured on a recurring basis using significant unobservable inputs:

Balance, beginning of year	$ 171,760
Net appreciation	11,040
Balance, end of year	$ 182,800

Gains and losses (realized and unrealized) included in the statement of changes in net assets available for plan benefits for the year ended December 31, 2014 are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the date the event or change in circumstances that caused the transfer.

Note 5 – Guaranteed Fund with Plan Trustee

The Plan has a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (the Plan Trustee) which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

The contract value of a guaranteed fund is the relevant measurement of the net assets available for plan benefits in a defined contribution plan that holds fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The statement of net assets available for plan benefits presents fair value of the fully benefit-responsive investment contract with the appropriate adjustment to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis. The Plan Trustee indicated that the fair value of the guaranteed fund equals the contract value as of December 31, 2014.

Note 5 – Guaranteed Fund with Plan Trustee, Continue

The average yield, based on actual earnings for the guaranteed fund, for the year ended December 31, 2014 was 1.46%. As of December 31, 2014, there are no reserves recorded against contract value for credit risk of the contract issuer. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Interest rates are reviewed for resetting at least semi-annually. Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the Plan Trustee. The Plan Administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with the Plan's participants is not probable. The guaranteed fund investments are considered Level 3 investments as of December 31, 2014.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7 – Federal Income Taxes

The IRS has determined, and informed the Plan Sponsor by a letter dated March 31, 2014, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's tax counsel believe that the Plan currently is designed and operating in compliance with the applicable requirements of the IRC. Accordingly, the accompanying financial statements do not include a provision for federal income taxes.

Note 8 – Party-In-Interest Transactions

Certain Plan investments are funds managed by Principal Life Insurance Company which is affiliated with Principal Life Insurance Retirement Plan Processing Services, who is the record keeper and serves as the Plan Trustee and custodian.

Note 9 – Subsequent Events

The Plan Administrator evaluated events subsequent to December 31, 2014 through October 1, 2015, the date the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
