We were engaged to audit the financial statements and supplemental schedule of Bodine Electric Company Employees' Savings & Investment Plan (the "Plan") as of December 31, 2009, and for the year ended December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2008 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated August 10, 2009 indicated that (a) because of significance of the information they did not audit, they were unable to, and did not express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information included by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2009 financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2009 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2009 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2009 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the

Employees' Savings & Investment Plan

Notes to Financial Statements

NOTE 1. Plan Description

The following description of the Bodine Electric Company Employees' Savings & Investment Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees of Bodine Electric Company (the "Company"). For purposes of making employee deferral contributions, employees must complete at least three months of service and attain age 18. Upon meeting eligibility requirements, employees are automatically enrolled in the plan to defer 3% of eligible compensation, unless the employee elects not to participate. For purposes of receiving matching contributions, eligible participants must complete one year of service of at least 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

The Plan is funded by voluntary contributions of participants and discretionary matching and profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company made matching contributions of $115,069 to the Plan for the year ended December 31, 2009. The Company made no discretionary profit sharing contributions to the Plan for the year ended December 31, 2009.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company discretionary and profit sharing contributions (b) plan earnings by fund, and (c) charged with an allocation of administrative expenses. The Company's discretionary matching contribution is allocated based on a percentage of the participant's contribution. The Company's discretionary profit sharing contribution is allocated as of the last day of the plan year and is based on a ratio of each participant's compensation to total compensation for all participants. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE 1. Plan Description (Continued)

Investment Options

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time. Please refer to the plan agreement for a more complete description of the Plan's investment options.

Vesting

Participants are immediately fully vested in all participant and Company contributions, plus the actual earnings thereon.

Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time, or a direct rollover distribution. Hardship withdrawals are also permitted by the Plan. If the value of participant's vested account balance does not exceed $1,000, the entire vested account balance shall be payable in a single-sum upon termination of service. There was $3,143 in vested balances owed to participants terminating before December 31, 2009.

Participant Loans

Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at 4.50% to 8.75%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled $29,891 for the year ended December 31, 2009.

Hardship Distributions

Participants may elect to withdraw all or a portion of their fund accounts if they incur a hardship. Payments for deductible medical expenses or post secondary tuition for the participant, spouse, or dependents, the purchase of a principal residence for the participant or to prevent eviction or foreclosure of the participant's principal residence are eligible for a hardship distribution. The participant may not make elective deferrals to the plan for the six-month period following the date of the hardship distribution.

NOTE 1. Plan Description (Continued)

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. All other administrative expenses are absorbed by the plan sponsor.

NOTE 2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for discussion of fair value measurements.

The investments in the fully benefit-responsive investment contracts are stated at contract value which is equal to principal balance plus accrued interest. As described in Financial Accounting Standards Board Staff Position, ASC Topic 946, *Reporting of Fully Benefit-Responsive Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount

participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The Plan's investments in mutual funds are stated at fair value based on quoted market prices, which represents the net asset value of shares held by the Plan at year-end. Investments in common/collective trust funds are reported at values quoted by the trust. Participant loans are valued at cost, which approximates fair value.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Changes in the fair value of mutual funds and common/collective trust funds are recognized when the investments appreciate or depreciate in value. Purchases and sales of securities are recorded on a trade-date basis.

Payment of Benefits

Benefits are recorded when paid.

Adoption of New Accounting Guidance

In June 2009, the Financial Accounting Standards Board ("FASB") issued the Accounting Standards Codification ("ASC") and the Hierarchy of Generally Accepted Accounting Principles ("GAAP"), which establishes the Codification as the source of authoritative accounting principles recognized by the FASB to be applied to nongovernmental entities in the preparation of their financial statements in conformity with GAAP. The Codification is effective for all financial statements issued for interim and annual periods ending after September 15, 2009. Effective December 31, 2009, the Plan adopted the Codification, which did not have a material impact on the financial statements. However, references to specific accounting standards in the notes to the financial statements have been changed to refer to the appropriate section of the Codification.

NOTE 3. Funding Policy

The Company's annual contribution to the Plan consists of a matching contribution based upon the employee's contribution. Company contributions are recorded as plan assets when accrued by the Company.

NOTE 4. Priorities Upon Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 5. Income Tax Status

The Plan has adopted a standardized form of a prototype plan sponsored by Fidelity Management and Research Company. The prototype plan has received an opinion letter from the Internal Revenue Service, dated October 9, 2003, as to the prototype plan's qualified status under the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter, however the Plan administrator and the Plan's tax counsel believe that the Plan and its underlying trust is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6. Related-Party and Party-In-Interest Transactions

Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Participant loans totaled $229,816 and $649,391 as of December 31, 2009 and 2008, respectively. Administrative expenses not including brokerage fees paid to the related party by the plan totaled $6,856 for the year ended December 31, 2009.

NOTE 7. Investments and Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

The Plan's investments are held the Plan's trustee. The following table represents the fair values of investments as determined by quoted market price, as of December 31, 2009 and 2008. Investments representing 5% or more of the Plan's net assets as of December 31, 2009, are identified with a '*'.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

NOTE 10. Fair Value Measurements

ASC Topic 820 establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the plan at year-end.

Common/Collective Trusts: Valued at estimated fair value as determined by the issuer based upon the fair value of the underlying investments.

Participant Loans: Valued at amortized cost, which approximates fair value.

NOTE 10. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

		Investments at Estimated Fair Value		
	Investments at Fair Value as Determined by Quoted Prices in Active Markets (Level I)	Valuation Techniques Based on Observable Market Data (Level II)	Valuation Techniques Incorporating Information Other Than Observable Market Data (Level III)	Total
Mutual Funds	$ 16,337,730	$ -----	$ -----	$ 16,337,730

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2009 and 2008, respectively.

	Level 3 Assets	
	Year Ended December 31, 2009 Participant Loans	Year Ended December 31, 2008 Participant Loans
Balance, Beginning of Year	$ 649,391	$ 1,060,626
Realized Gains (Losses)	-----	-----
Unrealized Gains (Losses) Relating to Instruments Still Held at the Reporting Date	-----	-----
Purchases, Sales, Issuances, and Settlements (Net)	(419,575)	(411,235)
Balance, End of Year	$ 229,816	$ 649,391

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

NOTE 11. Date of Management's Review

The Plan has evaluated subsequent events through September 23, 2010, the date the financial statements were available to be issued.
