Seahawk Drilling, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2009

Note 1: Description of the Plan

The following description of the Seahawk Drilling, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the *Summary Plan Description* for a more complete description of the Plan’s provisions, which is available from the plan administrator.

General

The Plan was established effective September 21, 2009 as a defined contribution plan covering all eligible employees of Seahawk Drilling, Inc. (the “Company”) upon date of hire and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Eligible employees hired after June 1, 2009 are automatically enrolled in the Plan at a 2 percent pretax contribution election unless the participant affirmatively elects to make no pretax contributions or elects to make a pretax contribution in a different amount. Participants may contribute from 1% to 50% percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company makes a fully vested matching contribution to each participant’s account equal to 100 percent of the first 6 percent of the participant’s eligible compensation. This contribution is intended to satisfy a safe harbor contribution formula permitted by Internal Revenue Service (IRS) regulations. By making the safe harbor matching contribution, the Plan will automatically satisfy the nondiscrimination requirements that otherwise would apply to 401(k) contributions made to the Plan. The Company may also make a contribution to the Plan known as a Profit Sharing Contribution. The Company’s Profit Sharing Contribution, if any, will be allocated to eligible participant accounts based on a formula defined in the Plan document. Participants direct the investment of their contributions as well as the Company’s contribution into various investment options offered by the Plan. Contributions are subject to certain limitations

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions, rollover contributions and Company safe harbor contributions plus actual earnings thereon. Vesting in the Company’s profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service at a rate of 20% each year. Participants

become 100% vested upon attaining the early retirement age of 55, the normal retirement age of 65, disability or death.

Participant Loans

Active and inactive participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the plan administrator.

Payment of Benefits

Upon separation of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

The non-vested balance in a participant's account is forfeited upon termination of service. Forfeitures may be used to reduce future Company contributions. During 2009, Company contributions were reduced by \$15,714 from forfeited nonvested accounts.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Benefits paid directly to participants are recorded when paid.

Subsequent Events

In preparing the accompanying financial statements, Plan management has reviewed all known events that have occurred after December 31, 2009, and through September 29, 2010, for inclusion in the financial statements and footnotes.

New Accounting Pronouncements

In January 2010, the FASB issued a new accounting standard to improve disclosures about fair value measurements. Certain provisions to the standard are effective for reporting periods beginning after December 15, 2009, while other provisions are effective for periods beginning after December 15, 2010.

Note 3: Investments

The following table presents the Plan's investments at December 31, 2009.

Interest Bearing Cash	\$ 29,795,858
Participant loans	<u>1,734,240</u>
	<u>\$ 31,530,098</u>

During the year ended 2009, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in value by 566,666 as follows:

Mutual funds	\$ 489,399
Common stocks	<u>77,267</u>
	<u>\$ 566,666</u>

Interest and dividends realized on the Plan's investments for the period from inception to December 31, 2009 were \$228,700.

Note 4: Fair Value Measurements

FASB ASC 820 *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to

Notes to Financial Statements

unadjusted quoted prices in an active market for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement).

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009.

Interest bearing cash: Interest-bearing cash includes cash on deposit and investments in money market mutual funds that invests mainly in short-term instruments and cash, both of which are valued using a market approach and are considered Level 1 in the fair value hierarchy. The money market mutual funds are valued at the NAV of shares held.

Participant loans: Valued at amortized cost, which approximates fair value. Participant loans are considered Level 3 in the fair value hierarchy.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5: Party-In-Interest Transactions

Certain plan investments are managed by Merrill Lynch Bank and Trust, Co. FSB, which is the trustee of the Plan. Fees paid by the Plan for investment management services amounted to \$2,880 for the year ended December 31, 2009.

Note 6: Plan Tax Status

The Plan adopted a nonstandardized prototype defined contribution profit sharing plan with Internal Revenue Code Section 401(k) Cash or Deferred Arrangement (CODA) which received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 7: Subsequent Events

Effective January 1, 2010, the Plan changed its trustee and record-keeper from Merrill Lynch Bank and Trust, Co. FSB to State Street Bank and Trust Company and Mass Mutual Life Insurance Company, respectively.
