Independent Auditor's Report

To the Plan Administrator
TheraCare 401(k) Savings Plan
New York, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the TheraCare 401(k) Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Ascensus Trust Company ("Ascensus"), trustee of the Plan assets for the period January 1, 2014 to August 14, 2014 and by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal"), the custodian of the Plan for the period August 5, 2014 to December 31, 2014, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Ascensus and Principal held the Plan's investment assets and executed investment transactions. The Plan administrator has obtained certifications from both Ascensus and Principal as of and for the periods noted, that the information provided to the Plan administrator by Ascensus and Principal is complete and accurate.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these 2014 financial statements.

Other Matter

Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2014 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

2013 Financial Statements

The financial statements of the Plan as of December 31, 2013 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Ascensus for the period from January 1, 2013 to December 31, 2013. Their report dated October 6, 2014 indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by Ascensus, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by Ascensus and Principal, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. General Description of the Plan

The following description of the TheraCare 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan includes as employers:

(a) TheraCare, Inc.

(b) TheraCare of New York, Inc.

(c) TheraCare of New Jersey, LLC

(d) TheraCare Early Intervention, LLC

(e) TheraCare Nurses Registry, LLC

(f) TheraCare Staffing Services, Inc.

(g) TheraCare Preschool Services, Inc.

(h) TheraCare Management Services, Inc.

General

The Plan is a defined contribution plan covering all eligible employees of the above-mentioned employers (the "Company"). An eligible employee is one who has completed three months of service as defined in the Plan, and is age twenty-one or older. The Plan was established and implemented in January 1996. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Employees may elect to defer up to 35% of their covered compensation subject to certain limitations. Once eligible, unless an employee makes a different election or chooses not to participate, a mandatory contribution of 4% will be deducted from their earnings.

The employers may, in their sole discretion, contribute and allocate to each eligible participant's account, a percentage of the participant's elective deferrals. Matching contributions, if any, shall be determined as of the end of the Plan year.

Participant Accounts

Each participant's funds are kept in their own separate account. Each participant's pre-tax account is credited with the participant's contribution and the employers' contribution, if any, is credited to the participant's employer contribution account. Participants direct the investment of their accounts in one or more of the available funds. Net investment gain or loss in each mutual fund or collective fund is allocated to each participant's account in proportion to account balances, as defined. Forfeitures of terminated participants' nonvested employer contribution accounts are used to reduce the employers' future contributions.

Vesting

Participants are immediately vested in their elective deferral contributions and employer qualified non-elective contributions. Vesting in the employers' matching contributions in the participants' accounts is based on years of continuous service. A participant will be 100% vested in the employers' contributions after six years of credited service.

Forfeitures

As of December 31, 2014 and 2013, forfeited nonvested accounts totaled $-0-. These accounts will be used to reduce future employer contributions and administrative expenses.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, participants may elect to receive either a lump-sum payment or installment payments of the value of their vested percentage in their accounts subject to Plan provisions. Participants may also, in certain instances, make withdrawals to meet the need of a hardship, as defined by the Internal Revenue Code ("IRC").

Plan Termination

While the employers have not expressed any intent to terminate the Plan, they are free to do so at any time. In the event of termination of the Plan, each participant will become fully vested in any employer contribution amounts credited to his or her individual participant account.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 (reduced by the highest outstanding note balance the participant had during the previous twelve months) or 50% of their vested account balance. Notes receivable bear a fixed rate of interest equal to the prime rate plus one percentage point and are secured by the balance in the participant's account. Notes receivable must be fully repaid through payroll deductions within five years unless the note is for the purchase of a primary residence, in which case the note must be repaid within 30 years.

Administrative Expenses

Administrative and other expenses incurred by the Plan are paid from the Plan to the extent not paid by the Company.

2. Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Financial instruments are carried at fair value. Accounting Standards Codification ("ASC") 820-10, "Fair Value Measurement", defines fair value, establishes a framework for measuring fair value and expands the disclosures about fair value measurements. ASC 820-10 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in a principal or most advantageous market. Fair value is a market-based measurement that is determined based on inputs, which refer broadly to assumptions that market participants use in pricing assets or liabilities. These

inputs can be readily observable, market corroborated, or unobservable. ASC 820-10 established a fair value hierarchy, which prioritizes the inputs to valuation techniques used to measure fair value in three broad levels. The standard requires that assets and liabilities be classified in their entirety based on the level of input that is significant to the fair value measurement. Assessing the significance of a particular input may require judgment considering factors specific to the asset or liability, and may affect the valuation of the asset or liability and their placement within the fair value hierarchy. The Plan classifies fair value balances based on the fair value hierarchy defined by ASC 820-10 as follows:

Level 1 – Valuation based on quoted market prices in active markets for identical assets or liabilities. Since valuations are based on quoted market prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

Level 2 – Valuation based on quoted market prices of investments that are not actively traded or for which certain significant inputs are not observable, either directly or indirectly.

Level 3 – Valuation based on inputs that are unobservable and reflect management's best estimate of what market participants would use as fair value.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of an input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments in mutual funds are stated at fair value based upon quoted market prices, which represent the net asset values held by the Plan at year-end.

As described in ASC 962, "Plan Accounting – Defined Contribution Pension Plan", investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. ASC 962 requires that the statements of net assets available for benefits present the fair value of the Plan's interest in the investment contract and the adjustment, if any, from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis in accordance with ASC 962. The Plan's investments in the Principal Fixed Income Guaranteed Option as of December 31, 2014 are fully benefit responsive investment contracts as defined in ASC 962. For the Principal Fixed Income Guaranteed Option, fair value is the amount Plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity. The valuation methodology recorded fair value at 100% contract value for the investments in the Principal Fixed Income Guaranteed Option.

Purchases and sales of investments are recorded on a trade date basis, interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Risks and Uncertainties

The Plan provides for various investment options in any combination of funds offered by the Plan. These funds are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(f) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(g) Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

(h) New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)", which seeks to eliminate diversity in practice surrounding how investments measured at net asset value under the practical expedient with future redemption dates have been categorized in the fair value hierarchy. The standard is effective for annual periods beginning after December 15, 2015. Management is currently determining the impact that the adoption of this guidance will have on the Plan's financial statement results.

In July 2015, the FASB issued ASU 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient." Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Plan management is currently evaluating the effect that adopting the provisions of ASU 2015-12 will have on the Plan's financial statements.

3. Fair Value Measurements

The Plan's assets recorded at fair value have been categorized based upon a fair value hierarchy in accordance with ASC 820. See Note 2 for a discussion of the Plan's policies regarding this hierarchy.

A description of the valuation techniques applied to the Plan's major categories of assets measured at fair value are as follows:

(a) Mutual Funds

The Plan has investments in mutual funds. Investments in the mutual fund accounts are valued at the net asset value ("NAV") of shares held by the Plan at year-end. The mutual funds are traded at quoted prices through the National Securities Clearing Corporation. These investments are priced by the Plan's custodian using nationally recognized pricing services based on observable market data and are classified as Level 1.

(b) Custodial Guaranteed Interest Contract (Principal Fixed Income Guaranteed Option)

The Plan has an investment in a short-term fixed income guaranteed interest contract. The fair value is the amount the Plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity. For the Plan year ended December 31, 2014, fair value represents 100% discontinuation value or contract value.

Set forth below are tables of assets measured at fair value as of December 31, 2014 and 2013. As required by ASC 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement and include the major classes for debt and equity securities on the basis of nature and risk of investments.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the Plan year ended December 31, 2014 and 2013, there were no significant transfers in or out of Level 1, Level 2 or Level 3.

The following tables set forth changes in the assets measured at fair value using Level 3 inputs on a recurring basis as of December 31, 2014:

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $498,969.

5. Investment Contract With Insurance Company

During the Plan years 2014, the Plan held a guaranteed interest account, which is a benefit-responsive investment contract with Principal. Principal maintained the contributions in a general account. The guaranteed interest account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed interest account issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan.

As described in Note 2(c), because the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than the guaranteed minimum interest rate, 1% for the Plan year ended December 31, 2014. The crediting interest rate was 2% as of December 31, 2014.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Hospital or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The issuer may terminate the guaranteed interest account with the Plan due to a failure of the Plan to comply with the contractual requirements, failure by the Plan to meet the requirements of the IRC, or a termination or partial termination of the Plan. For termination or partial termination of the Plan, the issuer may terminate at a settlement amount other than the contract value.

6. Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company for the periods January 1, 2014 to August 14, 2014 and August 5, 2014 to December 31, 2014, respectively, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

December 31,	**2014**	2013
Mutual funds	**$ 219,561**	$13,074,351
Common/collective trusts	**13,242,740**	134,222
Pooled separate accounts	**296,642**	-
Investment contract with insurance company	**15,472**	-
Notes receivable from participants	**343,927**	452,692

Year ended December 31, 2014	
Interest income	$ 8,131
Interest income on participant loans	8,556
Net appreciation in fair value of mutual funds	498,969

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. Tax Status

The Plan has adopted a Prototype 401(k) Plan. The Internal Revenue Service ("IRS") has determined by letters dated March 31, 2008 and 2014 that the Plan is designed in accordance with the applicable sections of the IRC. Accordingly, the Plan is permitted to rely on the opinion letter. The Company believes that the Plan currently is designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

8. Party-in-Interest Transactions

Plan investments are units of an unallocated account and mutual funds managed by the Principal of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant will become 100% vested in their accounts and the net assets of the Plan will be distributed as prescribed by ERISA.

10. Subsequent Events

The Plan's management has performed subsequent event procedures through November 13, 2015, which is the date the financial statements were available to be issued and there were no subsequent events requiring adjustments to the financial statements or disclosures as stated herein.
