Report on the Financial Statements

We have audited the accompanying financial statements of the Medical Group of Beverly Hills, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter

We have compiled the statement of net assets available for benefits of the Plan as of December 31, 2013 in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. A compilation is limited to presenting in the form of the financial statements information

that is the representation of management. We have not audited or reviewed the accompanying statement of net assets available for benefits as of December 31, 2013 and, accordingly, do not express an opinion or any other form of assurance on it.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2014, and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) as of December 31, 2014 and delinquent participant contributions for the year ended December 31, 2014 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

MEDICAL GROUP OF BEVERLY HILLS, INC.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Medical Group of Beverly Hills, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more specific provisions.

A. General

The Plan is a defined contribution plan that was established by Medical Group of Beverly Hills, Inc. (the "Company") to provide retirement benefits for eligible employees, as defined in the Plan document. The Plan was amended to comply with the Economic Growth and Tax Relief Reconciliation Act (EGTRRA) and other legislative changes. The plan administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code (the "Code") and provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Administrative Expenses

All reasonable plan investment and administrative expenses are paid by the Company; all other fees are paid by the Plan.

C. Eligibility

All employees are eligible to participate in the Plan upon attaining age 21.

D. Participant Contributions

Participants may elect to have the Company contribute their eligible pre-tax compensation, as defined in the Plan, up to the amount allowable under the Plan document and the Code. Catch-up contributions are permitted.

Participants are allowed to make rollover contributions of amounts received from other tax-qualified retirement plans subject to approval of the plan administrator. Such contributions are deposited in the appropriate investment funds in accordance with the participant's investment directions.

E. Employer Contributions

For each Plan year, the Company may make profit sharing contributions to the Plan. Profit sharing contributions totaled $2,500,000 for 2014. $625,000 was contributed by Cedars-Sinai Medical Care Foundation in 2014 and vests in accordance with the profit sharing schedule in Note 1-G.

F. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, Company profit sharing and an allocation of Plan earnings or losses and expenses. Plan assets are invested based solely on instructions received from participants.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

G. Vesting

Participants are immediately vested in their elective deferral contributions and rollover contributions plus actual earnings thereon. Vesting in Company profit sharing contributions is based on the following schedule:

Years of Service	Vesting Percentage (%)
Less 2 years	0
2	20
3	40
4	60
5	80
6 or more	100

Participants also become fully vested upon reaching normal retirement age (65), death while in the employ of the Company, termination by reason of disability or termination of the Plan by the Company.

H. Payment of Benefits

Upon termination of service, death, disability or retirement, a participant or beneficiary may choose to maintain his or her account in the Plan or receive benefits in a lump sum payment equal to the value of the participant's account balance. If a terminated participant's account balance is between $100 and $5,000 and no distribution election has been received from the participant or beneficiary of the account, the account will be rolled over to an individual retirement account at the direction of the plan administrator. If such account does not exceed $100, the balance will be paid in a lump sum distribution. Hardship withdrawals are not permitted.

I. Notes Receivable from Participants

The Plan allows participants to borrow not less than $1,000 but up to the lesser of $50,000 or 50% of their vested account balance. A loan is secured by a participant's vested account balance, bears interest at a rate commensurate with the interest rates charged by persons in the business of lending money under similar circumstances and must be repaid to the Plan in five years unless the loan is used for the purchase of a principal residence, in which case the maximum repayment period is twenty years. Notes receivable from participants at December 31, 2014 carry an interest rate of 5.25%.

J. Forfeitures

Forfeitures of nonvested account balances are applied first to restore the forfeited portions of Company contribution accounts of rehired participants. Any remaining forfeitures are used to offset plan expenses or applied to reduce future Company contributions. At December 31, 2014 and 2013, the Plan held no unused forfeitures. Forfeitures in 2014 totaled $99,889 and were allocated as additional contributions to the accounts of eligible participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

B. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

C. Investment Valuation and Income Recognition

Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 6).

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Mutual funds capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Risks and Uncertainties

Plan investments include a variety of securities that are exposed to various investment risks such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

E. New Accounting Pronouncement

The Financial Accounting Standards Board (FASB) recently issued the following Accounting Standards Updates:

ASU 2015-07: *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 provides that entities measuring investments at net asset value per share (NAV) as a practical expedient are no longer required to categorize such investments within the fair value hierarchy. Certain disclosures continue to be required for each class of investment measured using the practical expedient to enable users to understand the nature and risks of investments measured at NAV. ASU 2015-07 is effective for nonpublic business entities for fiscal years beginning after December 15, 2016 and is applied retrospectively to all periods presented. Earlier application is permitted.

ASU 2015-12: Plan Accounting: *Topic 960, Defined Benefit Pension Plans; Topic 962, Defined Contribution Pension Plans; Topic 965, Health and Welfare Benefit Plans* includes

three parts. Part I designates contract value as the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and the requirement to disclose net appreciation (depreciation) in fair value of investments by general type of investment. In addition, Part II provides for employee benefit plan investments to be grouped and presented by general type and eliminates the requirement to disaggregate investments in multiple ways. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015 and is applied retrospectively to all periods presented. Earlier application is permitted.

The Plan adopted ASU 2015-07 and ASU 2015-12 for 2014.

NOTE 3 - RELATED PARTY TRANSACTIONS

Certain investments held by the Plan are issued and managed by John Hancock Life Insurance Company (U.S.A.) or Merrill Lynch, or one of their affiliates. Transactions related to these investments qualify as party-in-interest transactions; however, they are exempt from the prohibition under ERISA.

NOTE 4 - INCOME TAX STATUS

The Plan has been amended since receiving its latest favorable determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Company believes that the Plan is being operated in accordance with and continues to qualify under the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the FASB. The plan administrator believes that the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. As of December 31, 2014, information returns for years subsequent to 2010 were subject to examination by authorities.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The accounts of participants affected by a partial or complete termination of the Plan are non-forfeitable and will be determined as of the termination date, which will be treated as the valuation date.

NOTE 6 - FAIR VALUE MEASUREMENTS

GAAP establishes a hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

Level 1 inputs are quoted prices in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Pooled separate accounts are reported at net asset value. Shares may be redeemed at any time at net asset value. There are no restrictions on redemptions and no unfunded commitments to purchase additional shares of pooled separate accounts. Mutual funds are valued at their quoted prices. Equities and Limited Partnerships are reported at fair value based on quoted prices in an active market. Corporate bonds are valued using the matrices of trades in similar securities. Units of the guaranteed interest accounts are valued at the contract value per unit reported by the issuer. The following tables summarize the Plan's investments at December 31 based on the inputs used to value them:

NOTE 7 - DELINQUENT PARTICIPANT CONTRIBUTIONS

During the year ended December 31, 2014, the Company failed to remit $1,048 of participant loan payments within 7 business days after they were withheld. Failure to remit or untimely remittance of participant loan payments constitutes a prohibited transaction under Department of Labor regulations.

NOTE 8 - SUBSEQUENT EVENTS

Effective May 26, 2015, the Plan changed its trustee from MG Trust Company to Great-West Trust Company, LLC.

Management has evaluated subsequent events through November 23, 2015, the date on which the financial statements were available to be issued. Except as noted above, there were no material subsequent events that required recognition or additional disclosures in these financial statements.
