Independent Auditor's Report

To the Trustees

MW Industries, Inc. Consolidated Employer Retirement Savings Plan
Logansport, Indiana

We were engaged to audit the accompanying statements of net assets available for benefits of MW Industries, Inc. Consolidated Employer Retirement Savings Plan as of December 31, 2009 and 2008, the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedules as of December 31, 2009. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of MW Industries, Inc. Consolidated Employer Retirement Savings Plan (the “Plan”) are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits. Actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through Principal Life Insurance Company. The Statements of Net Assets Available for Benefits present the fair value of the investment contract as well as the adjustment of the investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The Plan’s investments are stated at fair value. Mutual funds are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year end. The Plan’s interest in the collective trust is based on the fair value of the collective trust’s underlying investments as based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. Participant notes receivable are valued at cost which approximates fair value.

Purchases and sales of investments, and related realized gains and losses, are accounted for on the trade date.

Interest income is recorded as earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) of investments is comprised of the change in market value from the beginning to the end of the Plan year for investments retained in the Plan, and realized gains and losses which represent the difference between historical cost and proceeds received.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

New Accounting Standards

Effective January 1, 2008, the Plan adopted the “Fair Value Measurements” accounting standard which provides a comprehensive framework for measuring fair value and expands disclosures which are required about fair value measurements. Specifically, the standard sets forth a definition of fair value and establishes a hierarchy prioritizing the inputs to valuation techniques, giving the highest priority to quoted prices in active markets for identical assets and liabilities and the lowest priority to unobservable value inputs. The adoption of the standard did not have a material impact on the Plan’s financial statements.

In September 2009, the FASB issued Accounting Standards Update 2009-12, *Fair Value Measurements and Disclosures (Topic 820) – Investment in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. The update provides guidance on estimating the fair value of a plan’s investments in investment companies when the investment does not have a readily determinable fair value. It permits the use of the investment’s net asset value as a practical expedient to determine fair value. This guidance also required additional disclosure of the attributes of these investments such as: (i) the nature of any restrictions on the reporting entity’s ability to redeem its investment; (ii) unfunded commitments; and (iii) investment strategies of the investees. This guidance is effective for interim and annual reporting periods ending after December 15, 2009. The adoption did not have a material impact on the Plan’s financial condition or results of operations and all applicable disclosures are included in these financial statements.

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements*. This guidance requires: (i) separate disclosure of significant transfers between Level 1 and Level 2 and reasons for the transfers; (ii) disclosure, on a gross basis, of purchases, sales, issuances, and net settlements within Level 3; (iii) disclosures by class of assets and liabilities, and (iv) a description of the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements. This guidance is effective for interim and annual reporting periods beginning after December 31, 2009, except for the Level 3 disclosure requirements, which will be effective for fiscal years beginning after December 15, 2010 and interim periods within those fiscal years with early adoption permitted. Management of the Plan does not believe the adoption of this guidance will impact the financial statement amounts; however, additional disclosures may be required.

Subsequent Events

Management evaluated subsequent events through September 10, 2010, the date the financial statements were available to be issued. Events or transactions occurring after December 31, 2009, but prior to September 10, 2010, that provided additional evidence about conditions that existed at December 31, 2009, have been recognized in the financial statements as of December 31, 2009. Events or transactions that provided evidence about conditions that did not exist at December 31, 2009 but arose before the financial statements were available to be issued have not been recognized in the financial statements as of December 31, 2009.

NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

NOTE 2 – DESCRIPTION OF THE PLAN

A. General—The Plan was created for the purpose of providing employees of MW Industries, Inc. (the Company), its subsidiary and divisions the opportunity to defer a portion of their annual base compensation for federal income tax purposes in accordance with Section 401(k) of the Internal Revenue Code (the “Code”). Participants should refer to the Plan documents for more complete information. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Company serves as sponsor of the Plan and, as such, has the authority and responsibility for the general administration of the Plan. Certain members of the Company’s management serve as the Plan’s trustees and, as such, have the authority to amend or terminate the Plan, subject to certain restrictions and provisions within collective bargaining agreements to which the Company is party. Additionally, Principal Life Insurance Company, as custodian, has the authority to hold, manage, and protect the assets of the Plan in accordance with the provisions of the Plan.

B. Participation—The employees who were previously eligible for participation in the Matthew Warren Group, Inc. United Steelworkers’ Savings and Retirement Plan and the Automatic Spring Coil Co. Employees’ Retirement and Savings Plan are eligible to participate in the Plan. These employees are members of a collective bargaining unit in which the Company and the collective bargaining representative have agreed that such individuals shall be eligible to participate in the Plan. All other employees who are employed by the Company, its subsidiary and divisions are covered by the Plan. Such employees may become participants in the Plan on the entry date coinciding with or immediately following the completion of 250 hours of service within three months. The relevant entry dates are: January 1, April 1, July 1, and October 1. Participants are only eligible after attaining 18 years of age.

C. Contributions—Participants may elect to contribute to the Plan from 1% to 75% of their base compensation through payroll deductions, subject to certain limitations. Participants direct their contributions and the Company’s contributions by electing that such contributions be placed in a single investment fund or allocated to any combination of investment funds. All participants’ contributions vest immediately. The Company has the option to contribute to the Plan. As part of a collective bargaining agreement, participants who are employees of Automatic Spring are entitled to a mandatory 4% employer contribution. All other Company contributions are discretionary and are determined at the beginning of each year.

D. Participant Accounts—Each participant’s account is credited with the participant’s contributions and withdrawals, as applicable, allocations of the Company’s contributions, if any, Plan earnings or losses, and is charged with allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined.

E. Vesting—Participants are immediately vested in their contributions plus earnings thereon. Discretionary employer contributions plus actual earnings thereon vest over two years, with 50% vesting after year one and the remainder vesting after year two.

NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

NOTE 2 – DESCRIPTION OF THE PLAN (continued)

F. Distributions—If a participant's employment with the Company, its subsidiary or divisions is terminated due to retirement pursuant to the terms of the Plan, the total amount of a participant's account shall be distributed in cash to the participant according to one of the options as described in the Plan and as elected by the participant. If a participant's employment with the Company, its subsidiary or divisions is terminated for any reason other than retirement pursuant to the terms of the Plan, the participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account; however, if such account exceeds \$5,000, a participant may elect to defer distribution to a future date as more fully described in the Plan. If the participant's account exceeds \$1,000 but does not exceed \$5,000, the participant's account may be distributed in a lump sum payment to a separate retirement plan at the Plan's election. Additionally, participants may withdraw certain basic contributions and related earnings thereon only in the event of a financial hardship as defined by the Plan and the Code.

G. Participant Loans—The Plan permits participants to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance as defined by the Plan. Such borrowings are allowed at the sole discretion of the Company. Loan terms range from 1 to 5 years or longer for the purchase of a primary residence. The loans are secured by the balance of the participant's account and bear interest at prime rate on the date of the inception of the loan plus 2%, which is commensurate with the local prevailing rates. Participants are not allowed more than one outstanding loan at any one time.

H. Expenses—Expenses attributable to the administration or operation of the Plan and related trust are allocated pro rata on the basis of account balances to the accounts of participants unless the Board of Directors of the Company, at its sole discretion, determines that such expenses are to be paid by the Company. For the year ended December 31, 2009, the Company agreed to pay approximately \$20,000 (2008; \$20,000) of administrative expenses of the Plan. The Company's expenses are reduced by forfeitures of nonvested discretionary contributions. The amount of forfeitures used during the year to reduce expenses in 2009 was \$1,928 (2008; \$9,781). Unused forfeitures as of December 31, 2009 were \$-0- (2008; \$54). Any remaining expenses incurred in connection with the administration or operation of the Plan were allocated pro rata on the basis of account balances to the participants' accounts.

I. Plan Termination—It is the intention of the Company to continue the Plan indefinitely. However, the Company may at any time and for any reason amend, suspend or terminate the Plan subject to certain restrictions and provisions within collective bargaining agreements to which the Company is party. In the event that the Plan is terminated, the participants would become 100% vested in their account.

NOTE 3 – INVESTMENTS

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. This information was not subjected to substantive auditing procedures by independent certified public accountants.

NOTE 3 – INVESTMENTS (continued)

Accordingly, Principal Life Insurance Company (Trustee, Principal) has certified total investments at fair value, net appreciation (depreciation) in fair value of investments, and interest in the accompanying financial statements and the supplemental schedule as complete and accurate.

Investments that represent five percent or more of the Plan's net assets as of December 31, 2009 and 2008 are separately identified as follows:

	<u>2009</u>	<u>2008</u>
Principal Bond and Mortgage Separate Account	\$ n/a	\$ 2,226,817
Principal Bond and Mortgage R5 Fund	2,686,967	n/a
Principal Large Capital S&P 500 Index R5 Fund	1,759,851	n/a
Principal Stable Value Fund	6,994,665	6,824,570
Vanguard Asset Allocation Fund	1,754,923	1,491,570
American Funds Growth Fund of America	3,019,703	2,156,052

Net appreciation (depreciation) in the fair value of investments for the years ended December 31, 2009 and 2008 is as follows:

	<u>2009</u>	<u>2008</u>
Mutual funds	\$ 5,215,358	\$ (5,534,891)
Common collective trust funds	149,964	220,472
Pooled separate account funds	<u>(227,978)</u>	<u>(5,218,450)</u>
	<u>\$ 5,137,344</u>	<u>\$(10,532,869)</u>

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE OF FINANCIAL INSTRUMENTS

In determining fair value, the Company uses various valuation approaches within the generally accepted fair value measurement framework. Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability.

The accepted framework establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. The following definitions of the levels within the hierarchy are based on the reliability of inputs as follows:

- Level 1 - Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets;

MW INDUSTRIES, INC. CONSOLIDATED EMPLOYER RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

NOTE 4 – FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

- Level 2 - Valuations based on quoted prices for similar assets or liabilities in active markets, identical assets or liabilities in less active markets, such as dealer or broker markets, inputs other than quoted prices that are observable for assets or liabilities, or inputs that are derived principally from or corroborated by observable market data by correlation or other means; and
- Level 3 - Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on market, exchange, dealer or broker-traded transactions.

Following is a description of the valuation methodologies used for instruments measured at fair value and their classification in the valuation hierarchy.

Mutual Funds

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. Such investments are classified within Level 1 of the valuation hierarchy.

Common Collective Trust Funds

The guaranteed investment contracts with an insurance company are not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations. Such investments are classified within Level 2 of the valuation hierarchy.

Pooled Separate Account Funds

The value of Pooled Investment Funds are the market value less operating expenses accrued but not deducted, if any. If there is no readily available market, the value is the fair value of the underlying investments held in such separate account as determined by Principal Life Insurance Company using generally accepted accounting practices and applicable law. Such investments are classified within Level 2 of the valuation hierarchy.

Participant Loans

Participant Loans are not actively traded and no other significant observable inputs are available. The fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. Such investments are classified within Level 3 of the valuation hierarchy.

MW INDUSTRIES, INC. CONSOLIDATED EMPLOYER RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

NOTE 4 – FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

Real Estate Funds

Real estate investments are stated at fair value as determined by an independent consultant. Appraisals are performed for each investment annually by independent third party certified appraisers with all appraisals being performed in accordance with the Uniform Standard of Professional Appraisal Practice. Thereafter, values are updated daily by the independent consultant based on changes in factors such as occupancy levels, lease rates, overall market conditions and capital improvements. Determination of estimated fair value involves subjective judgment because the actual fair value of real estate can be determined only by negotiation between the parties in a sales transaction. Such investments are classified within Level 3 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Following is a description of the nature and risks of the categories of assets by major security type.

Growth funds: Growth funds seek to maximize the value of savings over time by investing in the stocks of companies that have a strong potential for providing above-average earnings growth.

Value funds: Value funds seek to increase the value of savings over time by investment in undervalued, or attractively priced, stocks of well-established companies.

Blended funds: Blended funds seek to increase the value of your savings over time by investing in a combination of stocks of companies that have potential for strong earnings growth and stocks of companies that are priced below their expected long-term worth. The Plan offers blended funds in three major categories; domestic, international and target date. Domestic blended funds invest the majority of assets in stocks of companies in the United States while international blended funds invest the majority of assets in stocks of foreign companies. Target date blended funds invest in a mix of stocks in the United States and abroad, bonds and short-term investments, in order to meet the individual investee's lifestyle, financial needs and investment risk.

Income funds: Income funds seek to provide a steady stream of income, which is reinvested, and in some cases a small amount of growth, by investing in bonds issued by governments and corporations.

Common collective trust funds: Common collective trust funds seek current income by investing primarily in insurance contracts issued by insurance companies, and investments from other financial institutions which offer stability of principal.

NOTE 4 – FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

U.S. property account: The U.S. property account seeks to invest in a well-diversified real estate portfolio that reflects the overall performance of the U.S. commercial real estate market. The account also provides clients with private real estate returns that, over a market cycle, meet or exceed: a) the open-end fund component of the National Council of Real Estate Investment Fiduciaries (NCREIF) Property Index at the property level, and b) the NCREIF Fund Index Open-end Diversified Core Equity (NFI-ODCE) Equal Weight at the portfolio level.

NOTE 5 – INVESTMENT CONTRACT

The Plan has a guaranteed investment contract with Principal. Principal maintains the unallocated contract in general accounts. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. The fair value of the contract is disclosed in the financial statements, as determined by Principal based on current rates on similar term contracts as defined in the contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the contract issued or otherwise.

NOTE 6 – INCOME TAX STATUS

The Plan obtained its latest determination letter on June 11, 2003, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

NOTE 7 – RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of various pooled separate accounts, collective trust funds and mutual funds managed by Principal Life Insurance Company and Princor Financial Services. Principal Life Insurance Company is the Plan trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Princor Financial Services is a retail broker-dealer of Principal Life Insurance Company and, therefore, these transactions also qualify as party-in-interest transactions.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 10 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During the Plan years ended December 31, 2009 and 2008, certain participant contributions were not remitted to the trust on a timely basis. The contributions for December 31, 2009 of \$116 were funded in 2010 and the contributions for December 31, 2008 of \$102 were funded in 2009.

These transactions are detailed on the Schedule of Delinquent Participant Contributions in the accompanying supplemental schedules.

NOTE 11 – PLAN AMENDMENTS

Effective January 1, 2009 the Plan was restated in its entirety to combine all prior amendments into the newly restated plan document. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. There were no other changes to the Plan noted during this process.

NOTE 12 – PLAN MERGERS AND ACTIVITY

On June 30, 2008, the Company purchased the assets of R& R Manufacturing Company, Inc. and The Hathaway Company and formed RAF Electronic Hardware, LLC a division of MW Industries, Inc. The R& R Manufacturing Co. Inc. Profit Sharing Plan and the R&R Manufacturing Co., Inc. 401k Plan have been terminated. The employees of RAF Electronic Hardware, LLC were given the option to roll their assets from these two plans into the MW Industries, Inc. Consolidated Employer Retirement Savings Plan.

This information is an integral part of the accompanying financial statements.
