REPORT OF INDEPENDENT AUDITORS

To the Administrative Committee of Compressor Engineering Corporation 401(k) Profit Sharing Plan

We were engaged to audit the financial statements and supplemental schedule of Compressor Engineering Corporation 401(k) Profit Sharing Plan as of December 31, 2009 and 2008, and for the year ended December 31, 2009, as listed in the accompanying contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Charles Schwab and Vaughan Nelson Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustees as of December 31, 2009 and 2008, and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Compressor Engineering Corporation 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2009

1. DESCRIPTION OF THE PLAN

The following description of the Compressor Engineering Corporation ("Company") 401(k) Profit Sharing Plan ("Plan"), formerly Compressor Engineering Corporation Cash or Deferred Arrangement (401(k)) Profit Sharing Plan and Trust, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan for employees of the Company and its wholly-owned subsidiaries, Performance Filtration, Inc., Pure Process Systems, Inc., and CECO Pipeline Services Company, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees become eligible to participate in the Plan after they have completed one year of employment service, attained the age of 21 years, and have worked 1,000 hours in a single Plan year. Participants are at all times fully vested in their contributions and the appreciation or depreciation thereon. Participants' benefits become vested with respect to Employer contributions based upon the number of years of service with the Employer as designated in the Plan agreement. A participant is 100 percent vested after six years of credited service.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Employee Contributions - Upon enrollment in the Plan, participants may contribute up to 100% of their W-2 wages to the Plan in pre-tax dollars, not to exceed the maximum annual dollar limitation under the Internal Revenue Code. The maximum contribution was $16,500 for the calendar year 2009. In addition, if the participant is age 50 or older, they may elect to contribute an additional amount to the Plan, known as a "catch-up contribution". The maximum "catch-up contribution" was $5,500 for the calendar year 2009. Participants may direct their contributions in allowable increments to any investment option provided by the Plan or into any investment desired, within certain specified limitations. Participants may change their investment options daily and their contribution amount monthly.

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range up to 5 years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Administrative Committee. The interest rates ranged from 4.25%-9.25% on participant loans outstanding as of December 31, 2009. Principal and interest is paid at least monthly through payroll deductions.

Payment of Benefits - On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or equal installments on a monthly or quarterly basis over a period not exceeding 20 years. The participant may also elect to roll funds into another retirement account.

Forfeited Accounts - As of December 31, 2009 and 2008, 401(k) forfeited nonvested accounts totaled $6,337 and $14,875, respectively. These accounts may be used to reduce future Company contributions, pay administrative expenses, or be allocated to remaining participants.

Employer Contributions - The Plan agreement provides that the Company may make a discretionary matching contribution. CECO Pipeline Services Company, Inc., for 2009, made a contribution equal to 10% of the participant's contribution, not to exceed $250 for participating employees. For 2009, all other participating companies made a contribution equal to 40% of the participant's contribution, not to exceed $1,000. Each participant's contribution is based upon a percentage of annual compensation or a specified dollar amount which is determined by the individual and is limited to the lesser of 15% of the participant's compensation for the year or the maximum allowable as determined by IRS limits.

Profit Sharing - The Company may make a profit-sharing contribution as determined by the Board of Directors. The amount shall be out of the net income of the Company for its fiscal year which coincides with or ends in such Plan year or out of accumulated earnings from prior fiscal years. The term "Net Income" shall mean the net income or profits of the Company's books of account in accordance with U. S. generally accepted accounting principles, without any reduction for taxes based upon income, or for contributions made by the Company for this plan. There were no Company profit-sharing contributions for 2009.

2. SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The accounting records of the Plan are maintained on the cash basis.

Valuation of Investments

Investments in marketable equity securities and mutual funds are stated at fair value based on quoted prices in active markets. Investments in money market accounts are stated at cost, which approximates market value. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on trade-date basis. Dividends are recorded on the ex-dividend date.

Income Taxes

The Internal Revenue Service has determined and informed the Company by a letter dated May 28, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

The accompanying Statements of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits aggregate amounts into different categories than the categories used for the financial statements in lines 1 and 2 of Form 5500, Schedule H. However, net assets available and the increase in net assets available are the same in the accompanying financial statements and the Form 5500, except for contributions receivable, which are not reflected on the Form 5500.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. INVESTMENTS

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,425,250 as follows:

Mutual funds	**$ 414,228**
Self-directed brokerage accounts	**1,011,022**
	$ 1,425,250

The following presents investments that represent five percent or more of the Plan's net assets:

	2009
AF Money Market Fund	**$ 2,607,719**
Self-directed brokerage accounts - Ultra Petroleum common stock	**2,094,120**
Self-directed brokerage accounts - TD Ameritrade Money Market	**799,505**
AF US Gov't Securities	**459,918**

	2008
AF Cash Management Trust	$ 2,828,061
Self-directed brokerage accounts - Ultra Petroleum common stock	1,550,914
Self-directed brokerage accounts - TD Ameritrade Money Market	719,707

4. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by The Capital Group Companies. These transactions qualify as party-in-interest transactions. Fees paid to The Capital Group Companies amounted to $3,353 for the year ended December 31, 2009.

5. AMOUNTS DUE TO TERMINATED EMPLOYEES

As of December 31, 2009 and 2008, net assets included $666,685 and $519,023 due to terminated employees, respectively.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. INFORMATION CERTIFIED BY TRUSTEES

The investment information summarized in Note 3 has been certified as complete and accurate by Capital Bank and Trust, the trustee of the Plan. In addition, the information contained in the Schedule of Assets (Held at End of Year) has also been certified as complete and accurate by the trustee.

8. SUBSEQUENT EVENTS

Management has evaluated subsequent events of the Plan through July 14, 2010, the date which the financial statements were available to be issued.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will receive benefits based on their account balances accumulated to the date of Plan termination.

10. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The accounting guidance includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

Level 1 - Quoted prices in active markets for identical assets at the measurement date.
Level 2 - Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs or significant value-drivers are observable in active markets.
Level 3 - Model-derived valuations in which one or more significant inputs or significant value-drivers are unobservable.

Fair value measurements are classified according to the lowest level input or value-driver that is significant to the valuation. A measurement may therefore be classified within Level 3 even though there may be significant inputs that are readily observable.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Money market trusts and cash: Valued at NAV of funds held by Plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's assets and liabilities measured at fair value on a recurring basis as of December 31, 2009 and 2008:

Assets at Fair Value as of December 31, 2009:
