Report on the Financial Statements

We were engaged to audit the accompanying financial statements of SPL, Inc. 401(k) Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of June 30, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and notes receivable from participants and executes transactions related to these assets. The Plan Administrator has obtained certifications from the custodian as of and for the years ended June 30, 2015 and 2014, that the information provided to the Plan Administrator by the custodian is complete and accurate to the best of their knowledge.

Notes to Financial Statements

June 30, 2015 and 2014

Note 1: Description of the Plan

The following description of SPL, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the *Plan Document* and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan covering all full-time employees of Southern Petroleum Laboratories, Inc. (the Company), who have at least 90 days of service and are age 21 or older. Effective January 1, 2014, the Plan was amended and the service requirement was changed from 90 days to 60 days. Effective July 1, 2014, the Plan was amended and included an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. Effective January 1, 2015, the Plan was amended and the automatic deferral feature was removed. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). John Hancock Life Insurance Company (U.S.A.) (John Hancock) serves as the Plan custodian.

Contributions

Participants may elect to defer up to 90 percent of their compensation as contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employee rollover contributions are also permitted from other qualified plans. The Company, at its discretion, may make matching contributions to eligible participants based on a percentage of participant contributions. Contributions are subject to certain limitations.

Participant Investment Account Options

Participants direct the investment of their contributions, as well as the Company's contributions, into various investment options offered by the Plan. The Plan currently offers several pooled separate accounts and an investment contract as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Company's contributions portion of their accounts, plus earnings thereon, is based on years of credited service. A participant is fully vested after six years of credited service. The non-vested balance is forfeited upon termination of service. Forfeitures are used to reduce Company contributions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of his or her account. If the vested account balance is less than $5,000 at the time of termination, the entire amount will automatically be distributed to the participant within an administratively reasonable time without the consent of the participant. The Plan also permits withdrawals from the Plan due to circumstances of financial hardship, in accordance with provisions specified in the *Plan Document*. Additionally, certain in-service withdrawals are permitted upon attainment of age 59 ½.

Forfeited Accounts

During the years ended June 30, 2015 and 2014, employer contributions were reduced by $7,380 and $10,527, respectively, from forfeited non-vested accounts.

Notes Receivable From Participants

The *Plan Document* includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Pooled separate accounts are valued at estimated fair value as provided by John Hancock.

The fair value of the John Hancock investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. The investment contract is recorded at contract value, which approximates fair value as estimated by John Hancock.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the *Plan Document*.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Note 3: Certification of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate to the best of their knowledge.

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of June 30, 2015 and 2014.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended June 30, 2015 and 2014.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of June 30, 2015.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Investments

The Plan's investments are held by John Hancock. The Plan's investments (including investments bought, sold and held during the year) appreciated in fair value as follows:

	2015	
	Net Appreciation in Fair Value During Year	Fair Value at End of Year
Pooled separate accounts	$ 373,974	$ 10,887,240
Investment contract	-	51,701
	$ 373,974	$ 10,938,941

	2014	
	Net Appreciation in Fair Value During Year	Fair Value at End of Year
Pooled separate accounts	$ 1,736,030	$ 11,022,011
Investment contract	-	122,954
	$ 1,736,030	$ 11,144,965

The fair value of individual investments that represented 5 percent or more of the Plan's net assets available for benefits were as follows:

	2015	2014
John Hancock Lifestyle Growth - Active Strategy	$ 1,926,429	$ 1,741,104
John Hancock Lifestyle Balance - Active Strategy	1,803,172	1,900,665
John Hancock Fidelity Contra Fund	1,241,099	1,202,747
John Hancock Blue Chip Growth Fund	845,914	748,048
John Hancock Money Market Fund	*	924,732
John Hancock Lifestyle Moderate - Active Strategy	*	862,056
John Hancock Lifestyle Conservative - Active Strategy	*	571,605

*Investment did not represent 5 percent or more of the Plan's net assets at the respective year-end.

Note 5: Related-party Transactions and Party-in-interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee organization, or relatives of such persons.

The Company provides certain administrative services at no cost to the Plan.

Certain Plan investments are units of pooled separate accounts and an investment contract managed by John Hancock, which is the custodian as defined by the Plan agreement. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Planning Corporation of America, Inc. (PCA), and NRP Financial, Inc. (NRP), provided brokerage services to the Plan in connection with the purchase and sale of securities. PCA and NRP are partially owned by the husband of a shareholder of the Company and, therefore, these transactions qualify as party-in-interest transactions. No brokerage commissions and fees were paid from plan assets to NRP for the years ended June 30, 2015 and 2014. During the year ended June 30, 2014, brokerage commissions and fees of $31,455 were paid from Plan assets to PCA. Effective July 1, 2014, the Plan changed its brokerage service provider to Raymond James Insurance Group, Inc.

Note 6: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets.

Level 3 Unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets.

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at June 30, 2015 and 2014.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended June 30, 2015 and 2014. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. No Level 1 securities are held by the Plan. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include pooled separate accounts. Units of pooled separate accounts are recorded at estimated unit value as provided by John Hancock based on the estimated market value of the underlying assets net of annual expense charges divided by the beginning units. Inputs include market quotations or price, reported trades, broker/dealer quotes, bids and offers of the underlying investments obtained from external appraisals, independent pricing sources and market research publications. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy and include the investment contract. The investment contract is valued at contract value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Fair value determinations for Level 3 measurements of securities are the responsibility of the Company. The estimated fair value of the insurance contract is provided by John Hancock. The Company challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting principles generally accepted in the United States of America.

Level 3 Reconciliation

The following table is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statements of net assets available for benefits using significant unobservable (Level 3) inputs:

	Investment Contract
Balance, July 1, 2013	$ 130,632
Purchases	4,184
Sales	(11,862)
Balance, June 30, 2014	122,954
Purchases	2,721
Sales	(73,974)
Balance, June 30, 2015	$ 51,701

The investment contract with the insurance company is valued at contract value, which approximates fair value. There are no realized or unrealized gains or losses for this investment included in the net increase in net assets available for benefits.

Unobservable (Level 3) Inputs

The following table presents quantitative information about unobservable inputs used in recurring Level 3 fair value measurements.

	Fair Value	Valuation Technique	Unobservable Inputs	Interest Rate
June 30, 2015:				
Investment contract	$ 51,701	Discounted cash flow	Contractual interest rate	0.10%
June 30, 2014:				
Investment contract	$ 122,954	Discounted cash flow	Contractual interest rate	0.10%

Note 7: Investment Contract With Insurance Company

In 1996, the Plan entered into a fully benefit-responsive investment contract with John Hancock. John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

Because the investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by John Hancock, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at June 30, 2015 and 2014, was $51,701 and $122,954, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the *Plan Documents* (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Information on the fully benefit-responsive investment contract carried at contract value is as follows:

	2015	2014
Average yields		
Based on actual earnings	0.15%	0.15%
Based on interest rate credited to participants	0.10%	0.10%

Note 8: Excess Contributions

For the years ended June 30, 2015 and 2014, contributions received from participants are net of payments of $9,993 and $12,100 made on or before September 15, 2015 and 2014, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

Note 9: Plan Merger

Effective December 8, 2014, the Plan merged with DEC Profit Sharing Plan (DEC Plan). As a result of the merger, net assets of $1,066,160 related to the DEC Plan were transferred to the Plan on December 18, 2014.

Note 10: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 11: Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter profit sharing plan sponsored by NOVA 401(k) Associates. This prototype plan document has been filed with the appropriate agency and obtained an opinion letter dated July 1, 2009, from the Internal Revenue Service stating that the prototype plan and related trust, as then designed, constituted a qualified plan under Section 401 of the Internal Revenue Code and, therefore, were not subject to tax. The Plan has been amended since receiving the opinion letter. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

With a few exceptions, the Plan is no longer subject to U.S. Federal, state and local, or non-U.S. income tax examinations by tax authorities for years before 2012.

Note 12: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for Plan benefits per the financial statements at June 30, 2015 and 2014, to the Form 5500.

	2015	2014
Net assets available for benefits per the financial statements	$ 11,199,440	$ 11,351,775
Add excess contributions payable	9,993	12,100
Net assets available for benefits per Form 5500	$ 11,209,433	$ 11,363,875

The following is a reconciliation of participants' contributions per the financial statements for the years ended June 30, 2015 and 2014, to the Form 5500:

	2015	2014
Participants' contributions per the financial statements	$ 553,333	$ 482,461
Add excess contributions payable	9,993	12,100
Participants' contributions per the Form 5500	$ 563,326	$ 494,561

The following is a reconciliation of benefit payments per the financial statements for the Plan years ended June 30, 2015 and 2014, to the Form 5500:

	2015	2014
Benefit payments per the financial statements	$ 2,340,935	$ 1,383,371
Add prior year refund of excess contributions	12,100	5,599
Benefit payments per the Form 5500	$ 2,353,035	$ 1,388,970

Note 13: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 14: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
