INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
H.W. Lochner, Inc. Employee Stock Ownership and 401(k) Retirement Plan
Chicago, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of H.W. Lochner, Inc. Employee Stock Ownership and 401(k) Retirement Plan, which comprise the statement of net assets available for benefits as of April 30, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

(Continued)

Opinion

In our opinion, the 2015 financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of April, 30, 2015, and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 4, an investment in H.W. Lochner, Inc. common stock, amounting to $11,489,961 as of April 30, 2015 has been reported at estimated fair value as determined by an independent appraisal which has been reviewed and approved by Plan management. This amount represents approximately 20.4% of net assets available for benefits as of April 30, 2015. Our opinion is not modified with respect to this matter.

Other Matters

The statement of net assets available for benefits of H.W. Lochner, Inc. Employee Stock Ownership and 401(k) Retirement Plan as of April 30, 2014 was audited by other auditors whose report dated February 4, 2015, expressed an unqualified opinion on those statements.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information included in the April 30, 2015 supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The Schedule H, Line 4i - Schedule of Assets (Held at End of Year) that accompanies the Plan's financial statements does not disclose the historical cost of certain nonparticipant directed Plan assets held by the Plan custodian. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of H.W. Lochner, Inc. Employee Stock Ownership and 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan of H. W. Lochner, Inc. (Company). During 1995, the Plan was amended and added provisions for an employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Company.

Eligibility: An eligible employee shall become a participant for purposes of employee contributions on the first day of the fiscal quarter following their date of hire. Certain non-full time employees, such as temporary employees, leased employees, and employees covered by a collective bargaining agreement, are not eligible to participate. An eligible employee shall become a participant for purposes of employer matching contributions once he or she becomes eligible to participate in the 401(k) component and makes 401(k) salary deferral contributions.

Contributions: Participants may voluntarily contribute up to a maximum of 100% of their compensation. Employees who have attained the age of 50 or will turn 50 during the year are allowed to participate in making catch-up contributions allowable under Internal Revenue Service (“IRS”) regulations. Elective contributions in any tax year may not exceed the IRS dollar limit. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust fund as investment options for participants.

The Plan has also adopted an automatic enrollment clause which provides that, unless declined, each eligible participant will be automatically enrolled in the Plan at a 2% pre-tax contribution rate. If a participant does not specify how their contributions should be invested, then they will be invested in the Morley Stable Value Fund.

The employer matching contributions are discretionary. Employer matching contributions will be allocated uniformly based on a participants annual 401(k) contributions up to a discretionary percentage, as approved by the Board of Directors each year, of participant compensation as compared to the amount of such contributions of all other participants within each fiscal year. The majority of the employer matching contributions are invested in company stock.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, if any, and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in their elective contributions and rollover contributions plus actual earnings thereon. Participants are also 100% vested upon reaching age 65, death or disability while employed.

Employer matching contributions made on behalf of participants hired before December 31, 1995 are fully vested. Vesting in employer matching contributions made on behalf of participants hired after December 31, 1995 is based on years of service. A participant is 100% vested after five years of credited service.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Benefit payments are permitted at normal retirement, death, disability, termination of employment, Plan termination and for financial hardship. Payments of benefits from non-Company stock accounts are made in accordance with specific provisions of the Plan agreement. On termination of service, a participant will receive either a lump sum amount equal to the value of his or her account, periodic payments or any other lawful method of payment. The payment of benefits from a participant's Company stock account are in the form of stock.

Diversification: Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Eligible participants will have the opportunity to diversify 25% of the stock each year for the first five years, with an opportunity to diversify up to a total of 50% of the stock in the sixth and final election year.

Notes Receivable from Participants: Participants may borrow from their vested fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance, excluding any amount of the participant holding in Company stock, at an interest rate of prime plus 1%. The notes are secured by the vested balance in the participant's account. Note terms are for five years or longer if the loan proceeds are used for the purchase or construction of the participant's principal residence. Repayments of principal and interest are received through payroll deductions.

Employee Stock Ownership Plan (ESOP) Provisions: The ESOP Voting Trustee of the Plan will vote all shares held by the ESOP. However, employees will be entitled to direct the Trustees with respect to voting rights on shares of the Company stock which are allocated to employee accounts for the approval or disposal of any corporate merger or consolidation, re-capitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business or similar transaction.

Put Option: Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitation, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash. The put option is offered during two 60-day periods. The first begins on the day following the date Company stock is distributed, while the second begins as of the first day of the fifth month of the Plan Year next following the date Company stock was distributed.

Forfeited Accounts: The nonvested portion of terminated participants' accounts plus earnings thereon are forfeited and can be used by the Plan to reduce the amount of future employer contributions of the Plan.

Administrative Expenses: Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Plan expenses may be paid by the Plan or the Employer.

(Continued)

NOTE 1: DESCRIPTION OF PLAN (Continued)

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Adoption of New Standard: In May and July 2015 the Financial Accounting Standards Board (FASB) amended various disclosure requirements applicable to investments held by defined contribution pension plans. The new guidance eliminates or simplifies various disclosure requirements applicable to plan investments. Adoption of the new guidance resulted in removal of investments for which fair value is measured at net asset value (or its equivalent) from the fair value hierarchy, the reporting of investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. The Plan elected to early adopt these standards, which requires retrospective application to all periods presented. The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of changes therein during the reporting period. Actual results could differ from those estimates. It is at least reasonably possible that a significant change may occur in the near term in the estimated value of the Plan's investment in the H.W. Lochner Company, Inc. common stock.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reclassifications: Some items in the prior year financial statements and footnote disclosures were reclassified to conform to the current presentation. Reclassifications had no effect on prior year net assets available for benefits or the prior year net increase in net assets available for benefits.

Subsequent Events: Management has evaluated subsequent events through February 16, 2016, which is the date the financial statements were available to be issued. During October 2015, the Plan changed recordkeeping and administrative functions to another service provider.

NOTE 3 - NONPARTICIPANT-DIRECTED INVESTMENTS

Information about the net assets at April 30, 2015 and 2014 and the significant components of the changes in net assets during the year ended April 30, 2015 relating to the nonparticipant-directed investments is as follows:

	2015	2014
Net assets:		
H.W. Lochner, Inc. common stock	$ 11,489,961	$ 9,826,091
Employer contributions receivable	1,008,484	640,354
Due to participants	-	(370,219)
Net assets:	$ 12,498,445	$ 10,096,226
Changes in net assets:		
Net appreciation	$ 2,869,176	
Contributions by employer	1,008,484	
Benefits paid to participants	(1,475,441)	
Net increase	$ 2,402,219	

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair value of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Company Stock: The fair value of the H.W. Lochner, Inc. common stock is based on an annual independent appraisal. This appraisal was based on a combination of the market and income valuation approaches consistent with prior years. The appraiser took into account historical and projected cash flow and net earnings, weighted average cost of capital, market comparables, and applicable discounts and premiums (Level 3).

Investments measured at fair value on a recurring basis are summarized below:

		Fair Value Measurements at April 30, 2015 Using:		
	Total	Level 1	Level 2	Level 3
Investments				
Mutual funds	$ 38,652,811	$ 38,652,811	$ -	$ -

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

The following tables reconcile investments measured at fair value on a recurring basis using significant unobservable inputs (Level 3) for the years ended April 30, 2015 and 2014, including the reporting classifications for the applicable gains and losses included in the statements of changes in net assets available for benefits.

	H.W. Lochner, Inc. Common Stock
April 30, 2015	
Balance, beginning of year	$ 9,826,091
Total gains or losses (realized and unrealized) included in change in net assets available for benefits	2,869,176
Purchases	270,135
Common stock distributions to terminated participants	(1,475,441)
Balance, end of year	$ 11,489,961

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others.

The Plan invests in common stock of the Company, which is considered a party-in-interest investment. As of April 30, 2015 and 2014, the Plan held 120,503 and 137,351 shares of Company common stock with an estimated fair value of $11,489,961 and $9,826,091, respectively. The Plan did not recognize any dividend income from the Company stock during the years ended April 30, 2015. During 2015, the Plan purchased 3,776 of shares for $270,135. In August 2015, upon receipt of the Company's cash contribution for the 2015 plan year, the Plan purchased 10,584 shares of Company common stock for $1,008,484.

Certain plan participants have notes receivable from the Plan, which also qualify as party-in-interest transactions. Notes receivable from participants as of April 30, 2015 and 2014 was $760,098 and $713,988, respectively. Certain investment management fees are paid by the Plan, while professional fees and other administrative and investment fees are paid by the Company.

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 16, 2008 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of April 30, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to April 30, 2012**.**
