PROFIT SHARING/401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The Liebert Cassidy Whitmore Profit Sharing/401(k) Plan and Trust (the "Plan"), is a qualified defined contribution plan designed to provide both current economic security and retirement benefits to employees of Liebert Cassidy Whitmore, A Professional Corporation (the "Company").

General

The Plan is a defined contribution plan covering all eligible full-time employees of the Company who are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the plan sponsor and plan administrator. The general duties of the administrator are to administer the Plan in accordance with the Plan rules and ensure compliance of the Plan with ERISA.

The Plan was restated, effective October 1, 2008, as required by the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA") in order to retain its qualified status.

Effective February 18, 2011, the Plan was amended to reflect the change in trustee to J. Scott Tiedemann ("Plan Trustee"). This modification had no effect on the benefits and net assets of the Plan.

Effective October 1, 2011, the Plan was amended to clarify eligibility rules for salaried employees. Default eligibility rules define one year of service as 1,000 hours. As salaried employees do not track hours worked as easily as hourly employees, the Plan was amended to adopt the equivalency method whereby each month worked became equivalent to 190 hours.

Effective August 23, 2012, a resolution was adopted to create a Retirement Plan Committee in order to perform the fiduciary responsibilities of the Board of Directors in providing day-to-day administration, management and oversight of the Plan.

The Plan was restated, effective October 1, 2014, to comply with the requirements of the Pension Protection Act of 2006 ("PPA"), the Heroes Earnings Assistance and Relief Tax Act of 2008 ("Heart Act"), the Worker Retiree, and Employer Recovery Act of 2008 ("WRERA") and other applicable guidance.

The Plan's record keeper is John Hancock Life Insurance Company (U.S.A.) ("John Hancock"), the third-party administrator is Actuarial Consultants, Inc. ("ACI") and the investment advisor is NFP Advisor Services, LLC ("NFP").

Tax Status

The IRS has determined and informed the plan sponsor by an opinion letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to September 30, 2012.

Contributions

The Plan provides for both employer and employee contributions. Employee contributions are made by the participants at their discretion up to the IRS maximum for the applicable calendar year. Employer contributions consist of matching contributions and profit sharing contributions. On behalf of each employee who is eligible to share in matching contributions for the plan year, a matching contribution is made equal to 25% of each such employee's deferred compensation for salary reductions up to 4% of the employee's annual compensation. The Company also contributes a profit-sharing amount to the Plan which is determined annually.

Eligibility and Entry Date

Employees are eligible to make salary deferrals once they have reached the age of twenty-one and have worked at least three consecutive months and have completed 250 hours of service within that time period. If an employee has not worked at least 250 hours during the first three months of employment, they will become eligible once they have completed 1,000 hours of service or 12 full calendar months of employment. Employees will be eligible to participate in the Plan by making salary deferrals on the first day of the month following the date the eligibility conditions described above are satisfied.

Employees are eligible to receive employer matching contributions and employer profit-sharing contributions once they have reached the age of twenty-one and have completed a year of service (1,000 hours during an eligibility computation period). An employee's first eligibility computation period is their first 12 months of employment; thereafter, it is the twelve months within each Plan Year (October 1 through September 30). Employees will be eligible to participate in the Plan by receiving employer matching contributions and employer profit-sharing contributions on the first day of the Plan Year or the first day of the seventh month of the Plan Year, coinciding with the date the eligibility conditions described above are satisfied.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants will be credited with a year of service in each year in which at least 1,000 hours are worked. An employee's interest in employer contributions and earnings becomes vested to the extent of twenty percent (20%) after two years of continuous service, and increases by twenty percent (20%) annually for each additional year of continuous service. A participant is one hundred percent (100%) vested after six years of credited service.

Participant Loans

Participant loans are not permitted. However, participants may withdraw the employee deferred portion from their fund accounts for reasons of financial hardship, as defined by regulations issued by the Internal Revenue Service under IRC Section 401(k). The employee may not make contributions to the Plan for a period of six months following a hardship withdrawal.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or under a deferred payment schedule if so elected. For terminations of service due to other reasons or payment of benefits due to financial hardships, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

If a participant's total vested interest is between $1,000 and $5,000 when employment is terminated and the participant does not request a distribution, the total vested balance will automatically be rolled over to an IRA provider selected by the Plan Administrator. If the total vested interest exceeds $5,000, no distribution will be made from the Plan without the participant's consent. If the total vested interest is $1,000 or less, the entire vested interest will be distributed to the participant, even if the participant does not consent to the distribution.

The portion of a participant's interest which is not vested upon the employee's break in service is forfeited. The non-vested forfeited balances are available to reduce the employer matching contribution and/or profit-sharing contribution. The amount of forfeitures used to reduce future employer contributions for the years ended September 30, 2015 and 2014 were $40,790 and $84,803, respectively, and is included in non-interest bearing cash.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements for the Plan are prepared using the accrual method of accounting.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments
Participant-directed investments ("Plan Assets") are invested in a variety of different mutual funds with John Hancock, and are invested based solely upon instructions received from participants. Participants can direct their employee and employer contributions among any of the investment options offered by the Plan. Participants have the ability to select different investment elections for employee and employer contributions. No assurance of actual fund performance can be given.

Expenses
Recordkeeping fees are charged and deducted from Plan Assets by John Hancock. Mutual fund sales charges and annual expenses charged by fund managers, investment advisor fees charged by NFP and third-party administrator fees charged by ACI are also deducted from Plan Assets, along with other administrative expenses.

During the year-ended September 30, 2015, the Company entered into an agreement with John Hancock to receive credits to be used towards Plan expenses such as recordkeeping and other administrative expenses. Any unused credits at the end of the Plan year are credited to participant accounts and included in Plan Assets. The remaining credit of $8,308 for the Plan year ending September 30, 2015 was allocated to participant accounts on September 30, 2015. Administrative expenses were $34,357 for the Plan year ended September 30, 2015.

The Plan charges an annual maintenance fee to participants who are no longer employed by the Company but still maintain an account with the Plan. These fees can be used to offset the Plan expenses.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation/depreciation of investments is computed based on valuation of participants' accounts at the beginning of the year adjusted for purchases and sales during the year as compared to the valuation of

accounts at the end of the year. The net earnings, gains and losses of the Plan fund and changes in the fair market value of the Plan's assets are to be allocated to each individual account in accordance with that ratio which the beginning balance of the accounts, less any withdrawals or payments from the accounts, plus any deposits to the accounts, bears to the aggregate balances of all accounts as of the beginning of the Plan year.

During the plan year ending September 30, 2015, the Plan's investment depreciation of $529,824 was entirely related to mutual funds (including realized and unrealized gains on investments purchased and sold, as well as held during the year).

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S RECORD KEEPER

Information relating to the participant-directed investments, unallocated funds, interest and dividend income, and change in unrealized depreciation on investments included in the Plan's financial statements, and the information contained in the supplemental schedule of assets (held at end of year), that was prepared by the record keeper, and furnished to the Plan Trustee is unaudited. Certain information such as asset cost basis is not available from the record keeper. The Plan Trustee has obtained a certification from the record keeper that all information provided is complete and accurate to the best of their knowledge.

NOTE 4 – PLAN TERMINATION – PRIORITIES AND GUARANTEES

The Company reserves the right to modify, amend or terminate the Plan at any time. Upon complete discontinuance of Company contributions or the termination or partial termination of the Plan, each affected participant's account shall become non-forfeitable. Each participant's account shall be adjusted to reflect the appraised value (less contractual charges) of the Plan as performed by the Plan Trustee upon termination. Distributions to participants of the entire amount of their accounts shall be made in accordance with the normal distribution policy of the Plan.

NOTE 5 – ADMINISTRATION OF PLAN ASSETS

The Plan Trustee has the authority and duty to select the record keeper of the investment portfolio and oversee management of the Plan Assets. Subject to certain investment criteria established by the Plan Trustee, a participant makes a written election to select the percentage of their account to be allocated among the various assets in the Plan portfolio. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 6 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a consistent framework for measuring fair value and expands disclosure requirements about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2015 and 2014.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2015 and 2014:

Assets at fair value as of September 30, 2015:

NOTE 8 – CONTINGENCIES/CONCENTRATIONS

The Company operates in the employment law industry. The Company's ability to meet its obligations as plan sponsor depends on the financial stability of the Company. Certain economic conditions may affect the business viability of the Company.

NOTE 9 – INACTIVE PARTICIPANTS

At September 30, 2015, Plan assets did not include any amounts allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but whose unvested balance had not yet been transferred to the non-interest bearing cash account. When present, these amounts are used to reduce future employer contributions.

NOTE 10 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 12, 2016, the date these financial statements were available to be issued.

There were no material subsequent events that required recognition or additional disclosures in these financial statements.
