These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluation of the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements, referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the year then ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held at end of year and delinquent participant contributions as of December 31, 2009 are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan's management. Baldwinsville, New York

We have audited the accompanying statements of net assets available for benefits of Anheuser-Busch Baldwinsville Brewery/Teamsters Local Union 1149 Pension Plan (the Plan) as of December 31, 2009 and 2008 and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluation of the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements, referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the year then ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

1. Description of Plan

The following description of the Anheuser-Busch Baldwinsville Brewery/Teamsters Local Union 1149 Pension Plan ("the Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering regular employees and apprentices, as defined in the Plan, of the Baldwinsville Brewery of Anheuser-Busch, Inc. (the "Company") who are covered by the Union 1149 Collective Bargaining Agreement (the "Union"). Employees become eligible for participation in the Plan upon expiration of the applicable probationary period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) Section 404 (c).

Contributions

Employer contributions and Union contributions are made and allocated to participants in accordance with the terms and provisions of the Collective Bargaining Agreement as follows:

Period	Rates per hour of service	Maximum weekly amount
March 1, 2007 - February 28, 2008	3.7428	149.712

Participants are permitted to make voluntary after-tax contributions to their accounts. All such employee contributions must be made by payroll deduction and may not be less than $5 per week to a maximum of the greater of $40 or 10% of the total compensation paid to the participant by the Company. Participants may direct these contributions into any of the investment options. These voluntary contributions are credited monthly to each participant's account.

1. **Description of Plan** (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested upon entering the Plan and obtain a nonforfeitable interest in 100% of their accounts.

Investment Options

Upon enrollment in the Plan a participant can direct his or her contributions into any of the following options: Vanguard Retirement Savings Trust, Vanguard 500 Index Fund Investor Shares, Vanguard Developed Markets Index Fund, Vanguard PRIMECAP Fund, Vanguard Prime Money Market Fund, Vanguard Balanced Index Fund Investor Shares, Vanguard Small-Cap Index Fund Investor Shares, Vanguard Mid-Cap Index Fund, Vanguard Windsor II Fund Investor Shares, Vanguard Total Bond Market Index Fund, Vanguard Target Retirement 2005 Fund, Vanguard Target Retirement 2010 Fund, Vanguard Target Retirement 2015 Fund, Vanguard Target Retirement 2020 Fund, Vanguard Target Retirement 2025, Vanguard Target Retirement 2030 Fund, Vanguard Target Retirement 2035 Fund, Vanguard Target Retirement 2045 Fund, Vanguard Target Retirement 2050 Fund, and Vanguard Target Retirement Income Fund. Participants may change their investment options at any time.

Payment of Benefits

Distributions of a participant's account may be made or commenced as soon as practicable following the participant's termination of employment at the participant's election. Distributions shall commence no later than sixty days following the close of the calendar quarter in which the later of termination of employment or attainment of age 65 occurs, unless the participant or beneficiary consents to a later distribution. In any event, distributions of benefits must commence no later than the first day of April following the calendar year in which the later of termination of employment or age 70-1/2 occurs.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Based on the participant's options, the retirement benefit is payable in a lump sum; by payment in a series of substantially equal installments over a period of years, which period may be elected by the participant but may not exceed 10 years or the actuarial life expectancy of the participant, if less; or in the form of a qualified joint and survivor annuity.

Benefits are recorded when paid.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principals generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's mutual funds investments are stated at fair market value. Shares of mutual funds are valued at quoted market prices at the end of the plan year. The investment in common collective trusts represents investments in the Vanguard Retirement Savings Trust. The Vanguard Retirement Savings Trust is a collective investment trust fund that invests solely in the Vanguard Retirement Savings Master Trust (the "Master Trust"). The underlying investments of the Master Trust are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by high-quality bonds, bond trusts and bond mutual funds. Investment contracts include traditional Guaranteed Investments Contracts (GICs), Synthetic Investment Contracts (SICs) and wrapper contracts. GICs are valued based on estimated fair value, computed using discounted cash flows. SICs are valued based on the aggregate market value of the applicable bond trusts, mutual funds and other investments. Wrapper contracts are valued at estimated fair value based on a replacement cost approach.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Vanguard Retirement Savings Trust at contract value. In determining the net assets available for benefits, the Vanguard Retirement Savings Trust is included in the financial statements at fair value and then adjusted to contract value. Contract value represents contributions made under the contracts, plus earnings, less withdrawals. An investment contract is generally valued at contract value, rather than fair value, to the extent it is fully benefit-responsive.

2. **Summary of Accounting Policies** (continued)

Investment Valuation and Income Recognition (continued)

As described in Financial Accounting Standards Board Accounting Standards Codification Topic 946 (ASC 946), *Financial Services - Investment Companies*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the ASC 946, the Statements of Net Assets Available for Benefits present the fair value of the investment in the common collective trust as well as the adjustment of the investment in the common collective trust from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. The average yield earned by the Plan for the common collective trust during 2009 was approximately 3.29%.

The Plan includes on the Statement of Changes in Net Assets Available for Benefits, the net appreciation or depreciation of investments, which consists of realized gains and losses and unrealized appreciation and depreciation in investment fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Risk and Uncertainties

The Plan invests in various investment securities. These investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with these investments, and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

3. **Fair Value Measurements**

Financial Accounting Standards Board Accounting Standards Codification Topic 820 (ASC 820), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

3. **Fair Value Measurements** (continued)

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. **Fair Value Measurements** (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	As of December 31, 2009			
	Assets Measured at Fair Value	Fair Value Hierarchy Level

* Investment does not represent greater than 5% of the Plan's net assets at December 31, 2009, however, is shown for comparative purposes.

5. Plan Termination

While the Company has not expressed any intent to do so, the Company and the Union have the right, by joint action, to discontinue contributions or terminate the Plan at any time subject to the provisions of ERISA.

6. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated February 24, 2003, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC), and are therefore exempt from federal income taxes. The Plan has been amended since receiving the determination letter. However, the Plan Sponsor believes the Plan continues to operate in compliance with the applicable requirement of the IRC.

7. Related Party Transactions

Plan investments are shares of mutual funds and common collective trusts managed by The Vanguard Group. Vanguard is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

8. Subsequent Events

The Plan has evaluated subsequent events through September 10, 2010, which is the date the financial statements were available to be issued.
