INDEPENDENT AUDITORS' REPORT

To the Benefits Committee of
Medical Clinic of Sacramento, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Medical Clinic of Sacramento, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Plan Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Great-West Trust Company, LLC and Putnam Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – PLAN DESCRIPTION

The following description of Medical Clinic of Sacramento, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a type of qualified retirement plan sponsored by Medical Clinic of Sacramento, Inc. (the "Company") and covers non-union employees who have met certain age and eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was amended and restated effective January 1, 2015 to comply with the Pension Protection Act of 2006. As part of that amendment, the Plan will provide for Roth deferrals and Roth rollover contributions effective January 1, 2016. There were no other significant changes to the Plan as a result of the amendment.

An employee becomes eligible to participate in the Plan on the entry date immediately following the date the employee completes the eligibility conditions. For eligibility and vesting purposes, service time with Dignity Health Medical Foundation will be applied.

Contributions

The 401(k) salary deferral option allows employees to defer a portion of their salaries for income tax purposes through contributions to the Plan. Participants may elect to defer up to 80% of their Plan year compensation each year up to the maximum amount permitted under the Internal Revenue Code (the "Code"). Participants who have attained age 50 before the end of a calendar year are eligible to make catch-up contributions. Participants direct the investment of contributions into various investment options offered by the Plan.

The Company provides for safe harbor matching contributions to eligible participants who are non-highly compensated employees. Further, the Company provides for matching contributions to eligible participants who are highly compensated employees. A participant becomes eligible to receive contributions upon the completion of one year of service which is equivalent to 1,000 hours. The Company is required to make safe harbor matching contributions of 100% of the participant's deferral (excluding the catch-up deferral) up to 3% of the employee's compensation plus 50% of the participant's deferral (excluding the catch-up deferral) of deferrals between 3% and 5% of the employee's compensation. Further, the Company has elected to make matching contributions of 50% of the participant's deferral (excluding the catch-up deferral) up to 6% of the employee's compensation. For the year ended December 31, 2015, the Company made safe harbor matching and matching contributions totaling $436,125 and $1,978,611, respectively. Employer safe harbor contributions and matching contributions of $436,125 and $32,709, respectively, are included in employer contributions receivable on the accompanying statement of net assets for benefits as of December 31, 2015. Employer safe harbor contributions and matching contributions of $343,084 and $24,040, respectively, are included in employer contributions receivable on the accompanying statement of net assets for benefits as of December 31, 2014.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Contributions (Continued)

In addition, the Company provides for nonelective contributions to eligible participants who have completed one year of service which is equivalent to 1,000 hours and have completed 1,000 hours of service in the plan year. Contributions to Company shareholders and non-shareholder physicians range from 3-8% of participant's eligible compensation based on each participant's age. Contributions to non-physicians range from 4-6% of participant's eligible compensation based on each participant's age. Total Company contributions for non-elective contributions totaled $3,629,475 and $3,044,421 for the years ended December 31, 2015 and 2014, respectively, and are included in employer contributions receivable on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014.

A participant may, with the consent of the Plan administrator, make a rollover contribution to the Plan that is not matched by the Company. Rollover contributions are assets transferred to the Plan from a qualified savings plan in which an employee participated prior to employment with the Company. During the year ended December 31, 2015, there were $9,046,704 in rollover contributions transferred to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions and Plan earnings. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants are 0% vested in Company nonelective contributions until they have completed three years of service, at which time, they become 100% vested. Participants are immediately 100% vested in all Company safe harbor matching contributions. The participant vesting schedule for Company matching contributions are as follows:

Years of Service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participants become 100% vested in matching contributions upon reaching age 65, death or disability.

Payment of Benefits

Participants are entitled to a distribution of their vested benefits in the event of termination of employment, retirement, death, disability, attaining age 59-1/2 and/or financial hardship. The distribution may be taken through a lump-sum payment or a rollover.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their pre-tax deferrals and rollover money sources. Loans are required to be repaid within five years unless the loan is to be used for purchase of a primary residence, in which case the loan repayment period may be between five and fifteen years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Interest rates are 4.25% on loans outstanding at December 31, 2015 and 2014. Principal and interest are paid ratably through bi-weekly payroll deductions.

Forfeitures

Any participant who terminates employment prior to the normal retirement date for reasons other than death or disability, forfeits all nonvested contributions. Forfeitures of terminated participants' nonvested accounts may be used to pay administrative expenses, or to reduce any nonelective contributions or matching contributions to the Plan. For the year ended December 31, 2015, $50,005 in forfeitures were used by the Company to reduce matching contributions. At December 31, 2015 and 2014, forfeited nonvested accounts available for use totaled $1,409 and $6,397, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends (if declared) are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation, or depreciation on those investments bought and sold during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses have been recorded as of December 31, 2015 and 2014.

Payment of Benefits

Benefits are recorded when paid.

Accounting Changes

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early. Accordingly, the presentation of 2014 investments has been changed to comply with this new standard.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan investments are reported at fair value in the accompanying statements of net assets available for benefits. Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, accounting rules for fair value measurements establish a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels, which are described below:

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Mutual Funds

Mutual Funds are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price.

Common Collective Trust Fund

The Common Collective Trust Fund is valued at the unit value, as reported by the fund manager, based on the contract value, which approximates fair value, of the underlying investments. The objective of the Putnam Stable Value Fund, the Plan's only Common Collective Trust Fund investment, is to deliver intermediate bond like returns with money market liquidity. The fair value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan and represents contributions under the contract, plus earnings (accrued interest), less participant withdrawals and administrative expenses.

Self-Directed Brokerage Accounts

Self-Directed Brokerage Accounts are valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There was no change in the fair value methodology used at December 31, 2015.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Self-Directed Brokerage Accounts (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Total
Mutual funds	$ 64,766,530	$ -	$ 64,766,530
Common collective trust fund	-	7,075,475	7,075,475
Self-directed brokerage accounts	2,532,384	-	2,532,384
Total assets at fair value	$ 67,298,914	$ 7,075,475	$ 74,374,389

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Total
Mutual funds	$ 50,689,619	$ -	$ 50,689,619
Common collective trust fund	-	4,913,155	4,913,155
Self-directed brokerage accounts	1,994,441	-	1,994,441
Total assets at fair value	$ 52,684,060	$ 4,913,155	$ 57,597,215

NOTE 4 – COMMON COLLECTIVE TRUST FUND

The Putnam Stable Value Fund, a common collective trust fund, invests in guaranteed investment contracts ("GICs") and similar contracts issued by insurance companies, banks and other financial institutions. This fund invests up to 75% of its assets in security-backed investment contracts (“SBIC's”), including separate account products of insurance companies, and at least 5% of its assets in money-market, cash, cash equivalents and stable value funds. The Putnam Stable Value Fund primarily holds investments in fully benefit-responsive insurance contracts that provide that the Plan may make withdrawals at contract value for benefit-responsive requirements.

The interest crediting rate is the periodic interest rate accrued to participants and is either set at the beginning of the contract and held constant, or reset periodically to reflect the performance of the underlying securities. Variables impacting future crediting rates include current yield and duration of the assets backing the contracts, existing differences between the market values of assets backing the contracts and the contract values of the contracts.

NOTE 4 – COMMON COLLECTIVE TRUST FUND (CONTINUED)

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Putnam Stable Value Fund at contract value. Certain events may limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe that the occurrence of any such event is probable. The fair values of the common collective trust fund at December 31, 2015 and 2014 were $7,075,475 and $4,913,155, respectively.

NOTE 5 – INFORMATION CERTIFIED BY THE TRUSTEE

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA, certain information prepared and certified by Great-West Trust Company, LLC and Putnam Fiduciary Trust Company (the "Trustee") need not be audited or reported on by an independent public accountant. Pursuant to that regulation, the Plan administrator has instructed the independent public accountants not to perform any auditing procedures with respect to information certified by the Trustee. This includes the cost and market values of the investments and notes receivable, the activity therein and the unrealized appreciation/depreciation. The Trustee has certified that this information is accurate and complete.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a stable value fund managed by Putnam Investments. Great-West Trust Company, LLC and Putnam Fiduciary Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions for which a statutory exemption exists.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the participants' account balances fully vest and they would be distributed.

NOTE 8 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as presented in the financial statements to the Form 5500, as of December 31, 2015 and 2014:

	2015	2014
Net assets available for benefits per the financial statements	$ 79,149,381	$ 61,526,992
Adjustment for fully benefit responsive investment contracts	72,023	50,510
Net assets available for benefits per the Form 5500	$ 79,221,404	$ 61,577,502

The following is a reconciliation of the change in net assets available for benefits as presented in the financial statements to the Form 5500 for the year ended December 31, 2015:

	2015	2014
Change in net assets available for benefits per the financial statements	$ 17,622,389	$ 11,209,440
Adjustment for fully benefit responsive investment contracts	21,513	(6,063)
Change in net assets available for benefits per the Form 5500	$ 17,643,902	$ 11,203,377

NOTE 10 – INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated July 24, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the “Code”). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan’s tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 11 – SUBSEQUENT EVENTS

The Plan has evaluated events and transactions for potential recognition or disclosures through July 28, 2016, which is the date the financial statements were available to be issued.
