Subject: Attachment to Schedule H (Form 5500) question 4a.

Audit Finding
Based on procedures performed in contribution remittance testing, our auditors (JGD & Associates) noted three instances during the 2014 & 2015 plan years in which contributions were not remitted to the Plan timely and consistently. On average, it appears that Rivulis Irrigation, Inc. takes 4 net workdays to remit. The three contributions that appeared to be inconsistent were remitted in 8, 6 and 7 net workdays; each remittance included $45,039, $43,865 and $45,057 in employee contributions and loan repayments, respectively.

Corrective Action:
The Company will calculate and submit lost earnings to the Plan for these three late remittances. The Company will utilize the Department of Labor's VFCP Calculator to determine the needed contribution. The sum of $58.24 will deposited to the Plan on 8/19/16. Future contributions will be made consistent with the historical 4 day average.

INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee of the
Rivulis Irrigation, Inc. Savings and Investment Plan
San Diego, CA

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Rivulis Irrigation, Inc. Savings and Investment Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the year ended December 31, 2015 and for the period from inception (June 16, 2014) to December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2015 and 2014 and for the year ended December 31, 2015 and for the period from inception (June 16, 2014) to December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter discussed in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of the Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015 and December 31, 2014 and the Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2015 and for the period from inception (June 16, 2014) to December 31, 2014, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1--DESCRIPTION OF PLAN

The following description of the Rivulis Irrigation, Inc. Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General : The Plan, which was adopted on June 16, 2014, is a defined contribution plan covering substantially all employees of Rivulis Irrigation, Inc. (the Company) except for employees covered by collective bargaining agreements, leased employees, nonresident aliens who do not receive U.S. source income, individuals who are not classified as employees for U.S. payroll purposes and certain individuals whose base compensation is not paid directly by the Company out of its regular payroll accounts. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Retirement Committee is responsible for oversight of the Plan and determines the appropriateness and monitors performance of the Plan's investment offerings.

Contributions : Participant salary reduction contributions: Each year, participants may contribute up to 80% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. As defined by the Plan, participants are permitted to designate a portion or all of the deferral contributions they are otherwise eligible to make under the Plan as Roth deferral contributions. Such contributions are 100% vested and non-forfeitable. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Participant contributions are subject to certain Internal Revenue Service (IRS) limitations.

Employer safe harbor matching contributions: On a pay period basis, the Company makes safe harbor matching contributions of 100% of each participant's contribution up to 3% of the participant's eligible compensation, plus 50% of the participant's contributions in excess of 3% but not to exceed 5% of the participant's eligible compensation. These contributions are subject to overall employer contribution limits and additions to individual participant account limits. Such contributions are 100% vested and non-forfeitable.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Contributions (continued)	:	Employer discretionary nonelective contributions: The Company may make a discretionary nonelective contribution to the Plan. The contribution would be allocated to participant accounts in the same ratio that each participant's eligible compensation bears to the total eligible compensation paid to all participants for the plan year. Participants must be employed by the Company on the last day of the plan year in order to be eligible to receive employer discretionary nonelective contributions. Such contributions are 100% vested and non-forfeitable. For the year ended December 31, 2015 and for the period from inception (June 16, 2014) to December 31, 2014, the Company elected to make $27,214 and $0 in discretionary nonelective contributions to the Plan. Participant rollover contributions: Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover).
Eligibility to participate	:	Employees who have completed three months of service by the end of a twelve consecutive month period beginning on the employee's employment commencement date are eligible to immediately participate in the Plan.
Forfeitures	:	The Plan did not have any forfeitures as of December 31, 2015 and 2014.
Notes receivable from participants	:	Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. As of December 31, 2015 and 2014, all loans bore interest at rates ranging from 4.25% to 5.25%.
Participant accounts	:	Participants direct the investment of their contributions into various investment options offered by the Plan. If a participant has not elected investment options, contributions will be directed to the default investments as determined by the plan administrator. Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's salary reduction and rollover contributions, employer safe harbor matching contributions, an allocation of the employer discretionary nonelective contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
Payment of benefits	:	On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or the participant may elect to receive partial withdrawals. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The distribution shall be made to the participant or beneficiary in accordance with the election of the participant. Participants may defer receiving these benefits until their normal retirement age if their vested account balance exceeds $5,000.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Payment of benefits (continued) : Participants may also elect to withdraw in cash certain vested amounts within his or her contribution account to the extent necessary to meet a financial hardship, in accordance with the regulations and rulings of the Internal Revenue Code (IRC). After the withdrawal, a stipulated period of time must lapse, as defined by the Plan, before a participant can make additional deferred contributions.

Vesting : Participants are immediately 100% vested in all of their accounts.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and early adoption of new accounting policies : The financial statements of the Plan are presented on the accrual basis of accounting.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively for all financial statements presented, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Plans may elect to early adopt any of the three parts of ASU 2015-12 individually.

Management has elected to early adopt Part II of ASU 2015-12. Accordingly, the provisions were applied retrospectively for all financial statements presented resulting in simplified investment disclosures. Parts I and III of the ASU are not applicable to this Plan.

Administrative expenses : Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to recordkeeping, administration of notes receivable from participants, and to distributions from participant accounts are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Investment valuation and income recognition : Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes receivable from participants	:	Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses have been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.
Payment of benefits	:	Benefits are recorded when paid.
Subsequent events	:	The Plan has evaluated subsequent events through August 19, 2016, the date the financial statements were available to be issued.
Use of estimates	:	The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3--CERTIFIED INFORMATION

The following is a summary of the certified information regarding the Plan, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Fidelity Management Trust Company, the custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian that the information is complete and accurate as of December 31, 2015 and 2014. Certified information is summarized as follows:

	2015	2014
Common stock, at fair value	$ 0	$ 513,340
Mutual funds, at fair value	16,000,885	16,988,159
Self-directed brokerage accounts, at fair value	229,669	228,271
Notes receivable from participants	963,873	937,958
Total investments and assets certified by the custodian	$ 17,194,427	$ 18,667,728

Changes in net assets certified by the custodian and not audited for the year ended December 31, 2015 and for the period from inception (June 16, 2014) to December 31, 2014, include the following:

	2015	2014
Net depreciation in fair value of investments	$ (1,042,644)	$ (340,131)
Dividends	930,081	625,720
Interest income on notes receivable from participants	45,118	30,004
Administrative expenses	(114,948)	(9,784)

NOTE 4--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 and a description of the valuation methodologies used for assets measured at fair value are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Self-directed brokerage accounts provided by Fidelity are comprised of participant-directed mutual funds which are valued at the daily closing price as reported by the fund. Mutual funds are required to publish their daily net asset value (NAV) and to transact at that price.

Common stock is valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

The Plan held no level 2 assets as of December 31, 2015 and 2014.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan held no level 3 assets as of December 31, 2015 and 2014.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4--FAIR VALUE MEASUREMENTS (Continued)

Assets at Fair Value as of December 31, 2015 and 2014

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 16,000,885	$ 0	$ 0	$ 16,000,885
Self-directed brokerage accounts (a)	229,669	0	0	229,669
Total	$ 16,230,554	$ 0	$ 0	$ 16,230,554

Assets at Fair Value as of December 31, 2014

	Level 1	Level 2	Level 3	Total Fair Value
Common stock (b)	$ 513,340	$ 0	$ 0	$ 513,340
Mutual funds	16,988,159	0	0	16,988,159
Self-directed brokerage accounts (a)	228,271	0	0	228,271
Total	$ 17,729,770	$ 0	$ 0	$ 17,729,770

(a) Self-directed brokerage accounts: These accounts typically provide a broad range of mutual funds that allow participants expanded choices in maintaining their retirement savings more actively. Participants alone decide how to invest the assets in their Fidelity BrokerageLink account. Participants can typically invest in a vast array of mutual funds from either Fidelity, or from other mutual fund companies through BrokerageLink.

(b) Common stock: This balance is comprised of investments in Deere & Company common stock. This investment option was rolled-in from the John Deere Savings and Investment Plan upon formation of the Rivulis Irrigation, Inc. Savings and Investment Plan in June 2014 (see Note 9).

NOTE 5--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

NOTE 6--TAX STATUS

As of December 31, 2015, an IRS determination letter has not been obtained for the Plan instrument as adopted, but an IRS "prototype" opinion letter dated March 31, 2014 has been obtained by Fidelity Management and Research Company, the service provider, regarding the original plan document. Although the Plan has been amended since receiving the IRS "prototype" opinion letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, plan management believes that the Plan is qualified and the related trust is tax exempt.

NOTE 6--TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Department of Labor (DOL) Employee Benefits Security Administration (EBSA). Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine income tax examinations by taxing jurisdictions; however, there are currently no income tax examinations for any tax periods in progress. Plan management believes it is only subject to income tax examinations for the years ending December 31, 2015 and 2014.

NOTE 7--PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are self-directed brokerage accounts, common stock and shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 8--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9--TRANSFER OF PLAN ASSETS

In June 2014, upon formation of the Plan, $18,590,397 in investments and $948,624 in notes receivable from participants were transferred-in from the John Deere Savings and Investment Plan.

NOTE 10--NONEXEMPT TRANSACTIONS

Participant contributions and loan repayments totaling $45,057 and $88,904 were withheld from participants' pay throughout 2015 and 2014 and were not remitted to the Plan timely. Each remittance constituted a loan from the Plan to the plan sponsor. The late contributions and loan repayments were remitted to the Plan during each respective plan year. Lost earnings on these participant contributions and loan repayments were determined to be immaterial and the Company intends to remit these lost earnings during the 2016 plan year (see attached Schedule H – Line 4a).

INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee of the
Rivulis Irrigation, Inc. Savings and Investment Plan
San Diego, CA

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Rivulis Irrigation, Inc. Savings and Investment Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the year ended December 31, 2015 and for the period from inception (June 16, 2014) to December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2015 and 2014 and for the year ended December 31, 2015 and for the period from inception (June 16, 2014) to December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter discussed in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of the Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015 and December 31, 2014 and the Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2015 and for the period from inception (June 16, 2014) to December 31, 2014, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1--DESCRIPTION OF PLAN

The following description of the Rivulis Irrigation, Inc. Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General : The Plan, which was adopted on June 16, 2014, is a defined contribution plan covering substantially all employees of Rivulis Irrigation, Inc. (the Company) except for employees covered by collective bargaining agreements, leased employees, nonresident aliens who do not receive U.S. source income, individuals who are not classified as employees for U.S. payroll purposes and certain individuals whose base compensation is not paid directly by the Company out of its regular payroll accounts. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Retirement Committee is responsible for oversight of the Plan and determines the appropriateness and monitors performance of the Plan's investment offerings.

Contributions : Participant salary reduction contributions: Each year, participants may contribute up to 80% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. As defined by the Plan, participants are permitted to designate a portion or all of the deferral contributions they are otherwise eligible to make under the Plan as Roth deferral contributions. Such contributions are 100% vested and non-forfeitable. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Participant contributions are subject to certain Internal Revenue Service (IRS) limitations.

Employer safe harbor matching contributions: On a pay period basis, the Company makes safe harbor matching contributions of 100% of each participant's contribution up to 3% of the participant's eligible compensation, plus 50% of the participant's contributions in excess of 3% but not to exceed 5% of the participant's eligible compensation. These contributions are subject to overall employer contribution limits and additions to individual participant account limits. Such contributions are 100% vested and non-forfeitable.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Contributions (continued)	:	Employer discretionary nonelective contributions: The Company may make a discretionary nonelective contribution to the Plan. The contribution would be allocated to participant accounts in the same ratio that each participant's eligible compensation bears to the total eligible compensation paid to all participants for the plan year. Participants must be employed by the Company on the last day of the plan year in order to be eligible to receive employer discretionary nonelective contributions. Such contributions are 100% vested and non-forfeitable. For the year ended December 31, 2015 and for the period from inception (June 16, 2014) to December 31, 2014, the Company elected to make $27,214 and $0 in discretionary nonelective contributions to the Plan. Participant rollover contributions: Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover).
Eligibility to participate	:	Employees who have completed three months of service by the end of a twelve consecutive month period beginning on the employee's employment commencement date are eligible to immediately participate in the Plan.
Forfeitures	:	The Plan did not have any forfeitures as of December 31, 2015 and 2014.
Notes receivable from participants	:	Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. As of December 31, 2015 and 2014, all loans bore interest at rates ranging from 4.25% to 5.25%.
Participant accounts	:	Participants direct the investment of their contributions into various investment options offered by the Plan. If a participant has not elected investment options, contributions will be directed to the default investments as determined by the plan administrator. Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's salary reduction and rollover contributions, employer safe harbor matching contributions, an allocation of the employer discretionary nonelective contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
Payment of benefits	:	On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or the participant may elect to receive partial withdrawals. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The distribution shall be made to the participant or beneficiary in accordance with the election of the participant. Participants may defer receiving these benefits until their normal retirement age if their vested account balance exceeds $5,000.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Payment of benefits (continued) : Participants may also elect to withdraw in cash certain vested amounts within his or her contribution account to the extent necessary to meet a financial hardship, in accordance with the regulations and rulings of the Internal Revenue Code (IRC). After the withdrawal, a stipulated period of time must lapse, as defined by the Plan, before a participant can make additional deferred contributions.

Vesting : Participants are immediately 100% vested in all of their accounts.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and early adoption of new accounting policies : The financial statements of the Plan are presented on the accrual basis of accounting.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively for all financial statements presented, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Plans may elect to early adopt any of the three parts of ASU 2015-12 individually.

Management has elected to early adopt Part II of ASU 2015-12. Accordingly, the provisions were applied retrospectively for all financial statements presented resulting in simplified investment disclosures. Parts I and III of the ASU are not applicable to this Plan.

Administrative expenses : Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to recordkeeping, administration of notes receivable from participants, and to distributions from participant accounts are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Investment valuation and income recognition : Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes receivable from participants	:	Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses have been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.
Payment of benefits	:	Benefits are recorded when paid.
Subsequent events	:	The Plan has evaluated subsequent events through August 19, 2016, the date the financial statements were available to be issued.
Use of estimates	:	The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3--CERTIFIED INFORMATION

The following is a summary of the certified information regarding the Plan, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Fidelity Management Trust Company, the custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian that the information is complete and accurate as of December 31, 2015 and 2014. Certified information is summarized as follows:

	2015	2014
Common stock, at fair value	$ 0	$ 513,340
Mutual funds, at fair value	16,000,885	16,988,159
Self-directed brokerage accounts, at fair value	229,669	228,271
Notes receivable from participants	963,873	937,958
Total investments and assets certified by the custodian	$ 17,194,427	$ 18,667,728

Changes in net assets certified by the custodian and not audited for the year ended December 31, 2015 and for the period from inception (June 16, 2014) to December 31, 2014, include the following:

	2015	2014
Net depreciation in fair value of investments	$ (1,042,644)	$ (340,131)
Dividends	930,081	625,720
Interest income on notes receivable from participants	45,118	30,004
Administrative expenses	(114,948)	(9,784)

NOTE 4--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 and a description of the valuation methodologies used for assets measured at fair value are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Self-directed brokerage accounts provided by Fidelity are comprised of participant-directed mutual funds which are valued at the daily closing price as reported by the fund. Mutual funds are required to publish their daily net asset value (NAV) and to transact at that price.

Common stock is valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

The Plan held no level 2 assets as of December 31, 2015 and 2014.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan held no level 3 assets as of December 31, 2015 and 2014.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4--FAIR VALUE MEASUREMENTS (Continued)

Assets at Fair Value as of December 31, 2015 and 2014

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 16,000,885	$ 0	$ 0	$ 16,000,885
Self-directed brokerage accounts (a)	229,669	0	0	229,669
Total	$ 16,230,554	$ 0	$ 0	$ 16,230,554

Assets at Fair Value as of December 31, 2014

	Level 1	Level 2	Level 3	Total Fair Value
Common stock (b)	$ 513,340	$ 0	$ 0	$ 513,340
Mutual funds	16,988,159	0	0	16,988,159
Self-directed brokerage accounts (a)	228,271	0	0	228,271
Total	$ 17,729,770	$ 0	$ 0	$ 17,729,770

(a) Self-directed brokerage accounts: These accounts typically provide a broad range of mutual funds that allow participants expanded choices in maintaining their retirement savings more actively. Participants alone decide how to invest the assets in their Fidelity BrokerageLink account. Participants can typically invest in a vast array of mutual funds from either Fidelity, or from other mutual fund companies through BrokerageLink.

(b) Common stock: This balance is comprised of investments in Deere & Company common stock. This investment option was rolled-in from the John Deere Savings and Investment Plan upon formation of the Rivulis Irrigation, Inc. Savings and Investment Plan in June 2014 (see Note 9).

NOTE 5--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

NOTE 6--TAX STATUS

As of December 31, 2015, an IRS determination letter has not been obtained for the Plan instrument as adopted, but an IRS "prototype" opinion letter dated March 31, 2014 has been obtained by Fidelity Management and Research Company, the service provider, regarding the original plan document. Although the Plan has been amended since receiving the IRS "prototype" opinion letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, plan management believes that the Plan is qualified and the related trust is tax exempt.

NOTE 6--TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Department of Labor (DOL) Employee Benefits Security Administration (EBSA). Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine income tax examinations by taxing jurisdictions; however, there are currently no income tax examinations for any tax periods in progress. Plan management believes it is only subject to income tax examinations for the years ending December 31, 2015 and 2014.

NOTE 7--PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are self-directed brokerage accounts, common stock and shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 8--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9--TRANSFER OF PLAN ASSETS

In June 2014, upon formation of the Plan, $18,590,397 in investments and $948,624 in notes receivable from participants were transferred-in from the John Deere Savings and Investment Plan.

NOTE 10--NONEXEMPT TRANSACTIONS

Participant contributions and loan repayments totaling $45,057 and $88,904 were withheld from participants' pay throughout 2015 and 2014 and were not remitted to the Plan timely. Each remittance constituted a loan from the Plan to the plan sponsor. The late contributions and loan repayments were remitted to the Plan during each respective plan year. Lost earnings on these participant contributions and loan repayments were determined to be immaterial and the Company intends to remit these lost earnings during the 2016 plan year (see attached Schedule H – Line 4a).

INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee of the
Rivulis Irrigation, Inc. Savings and Investment Plan
San Diego, CA

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Rivulis Irrigation, Inc. Savings and Investment Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the year ended December 31, 2015 and for the period from inception (June 16, 2014) to December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2015 and 2014 and for the year ended December 31, 2015 and for the period from inception (June 16, 2014) to December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter discussed in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of the Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015 and December 31, 2014 and the Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2015 and for the period from inception (June 16, 2014) to December 31, 2014, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1--DESCRIPTION OF PLAN

The following description of the Rivulis Irrigation, Inc. Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General : The Plan, which was adopted on June 16, 2014, is a defined contribution plan covering substantially all employees of Rivulis Irrigation, Inc. (the Company) except for employees covered by collective bargaining agreements, leased employees, nonresident aliens who do not receive U.S. source income, individuals who are not classified as employees for U.S. payroll purposes and certain individuals whose base compensation is not paid directly by the Company out of its regular payroll accounts. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Retirement Committee is responsible for oversight of the Plan and determines the appropriateness and monitors performance of the Plan's investment offerings.

Contributions : Participant salary reduction contributions: Each year, participants may contribute up to 80% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. As defined by the Plan, participants are permitted to designate a portion or all of the deferral contributions they are otherwise eligible to make under the Plan as Roth deferral contributions. Such contributions are 100% vested and non-forfeitable. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Participant contributions are subject to certain Internal Revenue Service (IRS) limitations.

Employer safe harbor matching contributions: On a pay period basis, the Company makes safe harbor matching contributions of 100% of each participant's contribution up to 3% of the participant's eligible compensation, plus 50% of the participant's contributions in excess of 3% but not to exceed 5% of the participant's eligible compensation. These contributions are subject to overall employer contribution limits and additions to individual participant account limits. Such contributions are 100% vested and non-forfeitable.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Contributions (continued)	:	Employer discretionary nonelective contributions: The Company may make a discretionary nonelective contribution to the Plan. The contribution would be allocated to participant accounts in the same ratio that each participant's eligible compensation bears to the total eligible compensation paid to all participants for the plan year. Participants must be employed by the Company on the last day of the plan year in order to be eligible to receive employer discretionary nonelective contributions. Such contributions are 100% vested and non-forfeitable. For the year ended December 31, 2015 and for the period from inception (June 16, 2014) to December 31, 2014, the Company elected to make $27,214 and $0 in discretionary nonelective contributions to the Plan. Participant rollover contributions: Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover).
Eligibility to participate	:	Employees who have completed three months of service by the end of a twelve consecutive month period beginning on the employee's employment commencement date are eligible to immediately participate in the Plan.
Forfeitures	:	The Plan did not have any forfeitures as of December 31, 2015 and 2014.
Notes receivable from participants	:	Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. As of December 31, 2015 and 2014, all loans bore interest at rates ranging from 4.25% to 5.25%.
Participant accounts	:	Participants direct the investment of their contributions into various investment options offered by the Plan. If a participant has not elected investment options, contributions will be directed to the default investments as determined by the plan administrator. Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's salary reduction and rollover contributions, employer safe harbor matching contributions, an allocation of the employer discretionary nonelective contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
Payment of benefits	:	On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or the participant may elect to receive partial withdrawals. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The distribution shall be made to the participant or beneficiary in accordance with the election of the participant. Participants may defer receiving these benefits until their normal retirement age if their vested account balance exceeds $5,000.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Payment of benefits (continued) : Participants may also elect to withdraw in cash certain vested amounts within his or her contribution account to the extent necessary to meet a financial hardship, in accordance with the regulations and rulings of the Internal Revenue Code (IRC). After the withdrawal, a stipulated period of time must lapse, as defined by the Plan, before a participant can make additional deferred contributions.

Vesting : Participants are immediately 100% vested in all of their accounts.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and early adoption of new accounting policies : The financial statements of the Plan are presented on the accrual basis of accounting.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively for all financial statements presented, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Plans may elect to early adopt any of the three parts of ASU 2015-12 individually.

Management has elected to early adopt Part II of ASU 2015-12. Accordingly, the provisions were applied retrospectively for all financial statements presented resulting in simplified investment disclosures. Parts I and III of the ASU are not applicable to this Plan.

Administrative expenses : Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to recordkeeping, administration of notes receivable from participants, and to distributions from participant accounts are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Investment valuation and income recognition : Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes receivable from participants	:	Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses have been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.
Payment of benefits	:	Benefits are recorded when paid.
Subsequent events	:	The Plan has evaluated subsequent events through August 19, 2016, the date the financial statements were available to be issued.
Use of estimates	:	The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3--CERTIFIED INFORMATION

The following is a summary of the certified information regarding the Plan, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Fidelity Management Trust Company, the custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian that the information is complete and accurate as of December 31, 2015 and 2014. Certified information is summarized as follows:

	2015	2014
Common stock, at fair value	$ 0	$ 513,340
Mutual funds, at fair value	16,000,885	16,988,159
Self-directed brokerage accounts, at fair value	229,669	228,271
Notes receivable from participants	963,873	937,958
Total investments and assets certified by the custodian	$ 17,194,427	$ 18,667,728

Changes in net assets certified by the custodian and not audited for the year ended December 31, 2015 and for the period from inception (June 16, 2014) to December 31, 2014, include the following:

	2015	2014
Net depreciation in fair value of investments	$ (1,042,644)	$ (340,131)
Dividends	930,081	625,720
Interest income on notes receivable from participants	45,118	30,004
Administrative expenses	(114,948)	(9,784)

NOTE 4--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 and a description of the valuation methodologies used for assets measured at fair value are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Self-directed brokerage accounts provided by Fidelity are comprised of participant-directed mutual funds which are valued at the daily closing price as reported by the fund. Mutual funds are required to publish their daily net asset value (NAV) and to transact at that price.

Common stock is valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

The Plan held no level 2 assets as of December 31, 2015 and 2014.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan held no level 3 assets as of December 31, 2015 and 2014.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4--FAIR VALUE MEASUREMENTS (Continued)

Assets at Fair Value as of December 31, 2015 and 2014

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 16,000,885	$ 0	$ 0	$ 16,000,885
Self-directed brokerage accounts (a)	229,669	0	0	229,669
Total	$ 16,230,554	$ 0	$ 0	$ 16,230,554

Assets at Fair Value as of December 31, 2014

	Level 1	Level 2	Level 3	Total Fair Value
Common stock (b)	$ 513,340	$ 0	$ 0	$ 513,340
Mutual funds	16,988,159	0	0	16,988,159
Self-directed brokerage accounts (a)	228,271	0	0	228,271
Total	$ 17,729,770	$ 0	$ 0	$ 17,729,770

(a) Self-directed brokerage accounts: These accounts typically provide a broad range of mutual funds that allow participants expanded choices in maintaining their retirement savings more actively. Participants alone decide how to invest the assets in their Fidelity BrokerageLink account. Participants can typically invest in a vast array of mutual funds from either Fidelity, or from other mutual fund companies through BrokerageLink.

(b) Common stock: This balance is comprised of investments in Deere & Company common stock. This investment option was rolled-in from the John Deere Savings and Investment Plan upon formation of the Rivulis Irrigation, Inc. Savings and Investment Plan in June 2014 (see Note 9).

NOTE 5--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

NOTE 6--TAX STATUS

As of December 31, 2015, an IRS determination letter has not been obtained for the Plan instrument as adopted, but an IRS "prototype" opinion letter dated March 31, 2014 has been obtained by Fidelity Management and Research Company, the service provider, regarding the original plan document. Although the Plan has been amended since receiving the IRS "prototype" opinion letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, plan management believes that the Plan is qualified and the related trust is tax exempt.

NOTE 6--TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Department of Labor (DOL) Employee Benefits Security Administration (EBSA). Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine income tax examinations by taxing jurisdictions; however, there are currently no income tax examinations for any tax periods in progress. Plan management believes it is only subject to income tax examinations for the years ending December 31, 2015 and 2014.

NOTE 7--PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are self-directed brokerage accounts, common stock and shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 8--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9--TRANSFER OF PLAN ASSETS

In June 2014, upon formation of the Plan, $18,590,397 in investments and $948,624 in notes receivable from participants were transferred-in from the John Deere Savings and Investment Plan.

NOTE 10--NONEXEMPT TRANSACTIONS

Participant contributions and loan repayments totaling $45,057 and $88,904 were withheld from participants' pay throughout 2015 and 2014 and were not remitted to the Plan timely. Each remittance constituted a loan from the Plan to the plan sponsor. The late contributions and loan repayments were remitted to the Plan during each respective plan year. Lost earnings on these participant contributions and loan repayments were determined to be immaterial and the Company intends to remit these lost earnings during the 2016 plan year (see attached Schedule H – Line 4a).
