CLYDE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2009

NOTE 1 - Description of Plan

The following description of the Clyde, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan non-standardized adoption agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan intended to qualify under Section 401(k) of the Internal Revenue Code (IRC) and was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An eligible employee was a person who had 1 year of service, was age 21 or older and was a salaried employee of Clyde, Inc. affiliates: City Limit, Inc., Clyde's of Reston, Inc., Clyde's of Georgetown, Inc. Clyde's of Chevy Chase, Inc., Clyde's at Mark Center, Inc., Clyde's Tower Oaks Lodge, LLC, The Walrus Corporation, Clyde's of Tyson's Corner, Inc., Clyde of Columbia, Inc., Clyde's of Gallery Place, Inc., Clyde Broadland, Inc. Collectively bargained employees, non-resident aliens, highly compensated employees, leased employees, and employees covered by another qualified plan were not eligible to participate in the Plan. Eligible employees could become participants on the first day of the month after meeting eligibility.

The custodian and trustee of the Plan was JP Morgan Chase Bank (JP Morgan) who was responsible for holding plan assets. Automatic Data Processing, Inc. (ADP) served as the Plan's record keeper. Certain members of management served as the authorized Plan representative and plan administrator.

Participant Contributions

Each year, participants could make salary reduction contributions up to 90% of pretax annual compensation subject to the limitations of the IRC, as defined in the Plan.

Qualified distributions from other qualified retirement plans could also be contributed to the Plan and retained as a rollover contribution. Participants were immediately vested in their salary reduction and rollover contributions plus actual earnings thereon.

Company Contributions

The Company contributed a matching amount equal to 25% of each participants' contribution up to the first 8% of compensation that a participant contributed to the Plan. For the year ended December 31, 2009, the Company made matching contributions of \$71,295, net of forfeitures used. Company matching contributions vested by twenty-five percent each year of service until fully vested after four years.

Participant Accounts

Each participant's account was credited with the participant's salary deferral contribution, rollovers (transfers in from other qualified plans), the Company matching contribution, and allocations of (a) Company discretionary non-elective contributions (if any), (b) investment earnings, (c) realized and unrealized gains and losses on investments, and (d) administrative expenses in accordance with the investment options selected by each participant and Plan expenses that were allocated, if any. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could have been provided from the participant's vested account.

Investment Options

Participants are afforded several investment options covering a wide range of investment objectives and risk. Participants may allocate their contributions across these options in any proportion they wish, and can change this allocation. Transfers of account balances between elected investment options may also be made.

CLYDE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2009

NOTE 1 - Description of Plan - continued

Payment of Benefits

Participants were eligible for retirement benefits upon attaining the age of 65. Upon termination of service due to death, disability or retirement, a participant could have received an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount, partial payments or periodic payments. For termination of service for other reasons, a participant could have received the value of the vested interest in his or her account as a lump-sum distribution or elect a direct rollover distribution. However, if the total value of the vested balance was \$1,000 or less the entire vested balance would have been distributed in a lump sum payment. If the vested balance was greater than \$1,000 but less than \$5,000, the value of the vested interest in his or her account may have been distributed through a direct rollover. Benefit payments to participants were recorded when paid.

Participant Loans

Participants may have borrowed from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The number of loans a participant had outstanding was limited to two. All loans must have been approved by the Plan record keeper and would have bore interest at a rate commensurate with the prime rate as published by the Wall Street Journal as of the 14th of the month plus 1%. This rate becomes effective for any loans processed as of the 16th day of the month. Interest rates on participant loans ranged from 4.25% to 9.25%. Loans were secured by the balance in the participants' account and required periodic payments and were due through May 10, 2033.

Forfeited Accounts

Terminating participants forfeited the non-vested portion of the participants' employer contributions. Forfeitures could first have been used to reduce the Plan's administrative expenses, as directed by the Company. For the year ended December 31, 2009, no forfeitures were used to reduce the Plan's administrative expenses; \$2,603 was applied to reduce the Company's contribution. At December 31, 2009 and 2008, forfeited non-vested accounts totaled \$0 and \$13, respectively.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could have differed from those estimates.

Administrative Expenses

The Company may have elected to pay the administrative expenses of the Plan or apply forfeitures to pay the administrative expenses of the Plan. If not paid by the Company, administrative expenses were required to be paid by the Plan. All such costs and expenses would have, unless allocable to the accounts of particular participants, been charged against the accounts of all participants on a pro-rata basis or in such other reasonable manner as may have been directed by the Company. In addition, certain accounting and administrative functions of the Plan were performed by employees of the Company at no cost to the Plan.

CLYDE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2009

NOTE 2 – *Summary of Significant Accounting Policies, continued*

Fair Value of Financial Instruments

The Plan disclosed its financial instruments, where it was practicable to estimate, at fair value under the Financial Accounting Standards Board issued Statement of Financial Accounting Standards 157, "Fair Value Measurement" (SFAS 157). SFAS 157 establishes a three-tiered fair value hierarchy with Level 1 representing quoted prices for identical assets or liabilities in an active market, Level 2 representing the assumptions market participants would use in pricing the asset developed on market data obtained independent of the Plan and Level 3 representing estimated values based on unobservable inputs. Under SFAS 157, related disclosures are segregated for assets and liabilities measured at fair value based on the level used within the hierarchy to determine their fair values.

Quoted market prices are the basis for the fair value of investment securities and interest-bearing cash. Market values are determined using the last reported sales price on the last business day of the Plan year. In instances wherein quoted market prices are not available, securities are stated at estimated fair value as determined by independent investment brokerage firms. Investments in common trust funds ("funds") are stated at estimated fair values, which have been determined based on the unit values of the funds. Unit values are determined by the bank sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. Shares of mutual funds and units in the common/collective trust are valued at the net asset value of shares held by the Plan at year-end. Valuations performed by an independent third party were used to value the Government Money Market account based on a Net Asset Value (NAV) of \$1 per the financial statements. Participant loans are valued at cost which approximates fair value. Other investments are valued at the price reported on the active market on which the individual securities are traded or valued at the NAV of shared held by the Plan at year end.

Income Recognition

In accordance with the policy of stating investments at current market value, net realized and unrealized appreciation and depreciation were reflected in the statement of changes in net assets available for plan benefits. Earnings from investments were recorded as earned using the accrual method of accounting. Dividends were recorded on the ex-dividend date.

Balance at end of year	<u>\$ -</u>	<u>\$ 146,811</u>

NOTE 4 - *Tax Status*

On November 2, 2007, the Internal Revenue Service stated that the Plan, as then designed, qualified under Section 401(a) of the IRC and the related trust was exempt from Federal income taxes. Once qualified, the Plan was required to operate in conformity with the IRC to maintain its qualification. The Plan administrator and authorized plan representative believe the Plan was being operated in compliance with the applicable requirements of the IRC and that the Plan, as amended, was qualified and the related trust was tax-exempt. Therefore, no provision for income taxes had been included in the Plan's financial statements.

NOTE 5 – *Plan Termination*

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would have become fully vested in their accounts.

NOTE 6 – *Summary of Information Certified by Custodian*

The investment information in Note 3 and the amounts included in the accompanying statements of net assets available for benefits as of December 31, 2009 and 2008, and the statement of changes in net assets available for benefits for the year ended December 31, 2009 for investments, interest, the net appreciation in the fair value of investments and all amounts in the supplemental schedule of assets held for investment at end of year at December 31, 2009 were provided and certified as complete and accurate by the custodian as follows:

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2009

NOTE 7 – Parties-In-Interest Transactions

ADP Retirement Services, Inc. acted as the record keeper for the Plan. The Company provided certain accounting and administrative services to the plan for which no fees were charged. Such transactions qualified as parties-in-interest transactions, which were exempt from the prohibited transactions rules.

NOTE 8 – Merged Plans Transferred Out

On December 1, 2009, the Plan sponsor adopted amendments to the Plan to effect a merger of the existing Clyde, Inc. Profit Sharing Plan with the Clyde, Inc. 401(K) Plan; the combined Plans are re-named the Clyde, Inc. 401(K) Profit Sharing Plan. In December 2009, assets of \$3,030,876 were transferred from the Clyde, Inc. 401(K) Plan into the Clyde, Inc. 401(K) Profit Sharing Plan, formerly the Clyde, Inc. Profit Sharing Plan. Participants may refer to the respective Plan non-standardized adoption agreements for a more complete description of the Plan's provisions.

NOTE 9 – Date of Management's Review
