Independent Auditor's Report

To the Administrator of the
Deferred Compensation and Profit Sharing Plan of
Dimensional Fund Advisors

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Deferred Compensation and Profit Sharing Plan of Dimensional Fund Advisors (the "Plan"), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2015 and December 31, 2014, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust Company and DST Market Services LLC, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that DST Market Services LLC held the Plan's investment assets and executed investment transactions as of December 31, 2015 and for the period from December 1, 2015 to December 31, 2015, and that State Street Bank and Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2014 and for the period from January 1, 2015 to November 30, 2015. The plan administrator has obtained certifications from the trustees as of December 31, 2015 and December 31, 2014 and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Emphasis of Matter

As discussed in Note 2, the financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at Year End) (modified cash basis) as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements (modified cash basis) and supplemental schedules (modified cash basis), other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following is a brief description of the Deferred Compensation and Profit Sharing Plan of Dimensional Fund Advisors (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Dimensional Investment LLC (the "Company") who have 30 consecutive days of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Trustee and Plan Administration

The Plan is administered by the Company's 401(k) committee. During all of 2014 and from January 1, 2015 through November 30, 2015, State Street Bank and Trust Company was the Plan's trustee and custodian. Effective December 1, 2015, DST Market Services, LLC replaced State Street Bank and Trust Company as the Plan's trustee and custodian. Dimensional Retirement Plan Services served as the Plan's record keeper for all of 2014 and 2015.

Contributions

Each year, participants may contribute up to 50 percent of pre-tax annual compensation, as defined in the Plan agreement. Participants may also contribute rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct their contributions into various investment options offered by the Plan.

There are two different types of 401(k) contributions permitted under the Plan - pre-tax 401(k) contributions and Roth 401(k) contributions. Participants may make either or both types of contributions during the year, provided the total amount of combined pre-tax 401(k) contributions and Roth 401(k) contributions does not exceed any Plan imposed limitation or the IRS maximum deferral limit for that year.

The Plan includes an auto enrollment feature enrolling employees at a 3% pre-tax elective deferral contribution rate beginning with their first eligible deferral period unless the employees opt out of the auto enrollment or make a contribution rate election. Additionally, the Plan offers an automatic increase of 1% to the pre-tax elective deferral contribution rate at the beginning of each plan year until the participant has reached a combined pre-tax and after tax rate of 6%.

The Company makes safe harbor matching contributions to the Plan. For any Plan Year in which the Company elects to make this type of contribution, it will be an amount equal to at least 100% of participants' elective deferrals up to 1% of compensation plus 50% of elective deferrals from 2% to 6% of compensation.

The Company may also make other discretionary contributions to the Plan, which are called profit sharing contributions. Making profit sharing contributions for any Plan Year is entirely discretionary on the Company's part, as is the amount the Company may decide to make. There were no discretionary contributions to the Plan in 2015.

Participant Accounts

Each participant's account is credited with the participant's contribution and their allocation of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Expenses
All administrative expenses are paid by the Company and, therefore, are not a cost of the Plan.

Vesting
Participant and employer contributions and income thereon are fully vested at all times.

Notes Receivable from Participants
Participants may borrow funds from their accounts, with a minimum loan of $1,000 up to a maximum loan equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with the rate which lending institutions would charge under similar circumstances. At December 31, 2015, loans bore interest at rates ranging between 4.25% and 6.25% and are due at various dates through June 18, 2045. Principal and interest are paid ratably through monthly payroll deductions. Participants may have a maximum of 1 loan outstanding at any time. The loan term may not exceed 5 years, except that any loan used to purchase a principal residence may be repaid over a 30-year period.

Payment of Benefits
Upon termination of service due to death, disability, or retirement, an election can be made to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a specified period of time. Participants may also transfer or rollover funds to another active employer's trust or a direct rollover to an established IRA. For termination of service for other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. In case of a premature distribution, the required tax withholding applies.

Risks and Uncertainties
The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults, and credit rating downgrades.

2. Summary of Significant Accounting Policies

Basis of Accounting
The Plan’s financial statements are prepared on the modified cash basis of accounting. Accordingly, as described below, certain income and deduction amounts are recorded when received or paid.

Use of Estimates
The preparation of financial statements, in conformity with the modified cash basis of accounting, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Quoted market prices at December 31 are used to value investments. Shares of registered mutual funds are valued at the net asset value of shares held by the Plan at year end. See Note 3 for a discussion of fair value measurements.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Purchases and sales of securities are recorded on a settlement date basis. Dividends and interest income are recorded on receipt.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Contributions and Benefits
Contributions and rollovers-in are recognized when received by the Plan. Benefits are recorded when paid.

Recently Issued Accounting Standards
Plan Investment Disclosures – In July 2015 the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2015-12 which simplifies the investment disclosure requirements under Topic 820, 960, 962, and 965 for employee benefit plans. This guidance is effective for fiscal years beginning after December 15, 2015. The Company has chosen to adopt this guidance effective for the fiscal year beginning on January 1, 2015.

3. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This standard clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value and requires additional disclosures about the use of fair value measurements. The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs that reflect unadjusted quoted prices in active markets for identical assets that the Plan has the ability to access;

Level 2 Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active;

Level 3 Inputs that are unobservable.

The valuation methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the Plan's valuation methodologies used at December 31, 2015 and 2014.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015, and 2014.

1. Mutual funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2015 and 2014:

	December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 115,738,923	$ -	$ -	$ 115,738,923
Total investments, at fair value	$ 115,738,923	$ -	$ -	$ 115,738,923

	December 31, 2014			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 116,234,184	$ -	$ -	$ 116,234,184
Total investments, at fair value	$ 116,234,184	$ -	$ -	$ 116,234,184

4. Information Certified by the Trustee

Certain information included in the financial statements and supplemental schedule is based on information certified by State Street Bank and Trust Company and DST Market Services LLC, the Plan's Trustees as described in Note 1 and was not audited. This information is as follows:

- Investments at fair value of $115,738,923 at December 31, 2015 and $116,234,184 at December 31, 2014;
- Interest and dividend income for the period from January 1, 2015 to December 31, 2015 of $3,973,878;
- Interest income on notes receivable from participants for the period from January 1, 2015 to December 31, 2015 of $64,247;
- Notes receivable from participants of $1,229,872 at December 31, 2015 and $1,210,604 at December 31, 2014;
- Net depreciation in fair value of investments for the period from January 1, 2015 to December 31, 2015 of $8,421,849;
- All amounts enumerated in the supplemental schedule of assets (held at end of year), and
- The 2015 and 2014 investment amounts in Note 3.

5. Party-in-Interest Transactions

The Company is a party-in-interest under the guidelines of ERISA. It provides services at no cost to the Plan. As of December 31, 2015 and 2014, many of the plan investments are shares of investment products managed by affiliates of the Company. Affiliates of the Company receive management fees for managing the funds. These transactions qualify as party-in-interest transactions for which a statutory exemption exists. In addition, the Company pays administrative fees on behalf of the Plan. Notes receivable from participants qualify as party-in-interest transactions. The trustee and recordkeeping services provided by Dimensional Retirement Plan Services, an affiliate of the Company, State Street Bank and Trust Company, and DST Market Services, LLC, as described in Note 1, qualify as party-in-interest transactions as well.

6. Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. Upon the termination of the Plan, participants shall be entitled to receive total distribution of their participant accounts in accordance with the provisions of the termination agreement and ERISA.

7. Tax Status

The Company adopted a Prototype Standardized Profit Sharing Plan which received a favourable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2008 which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions by the plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

8. Subsequent Events

For the year ended December 31, 2015, subsequent events were evaluated through September 14, 2016, the date the financial statements were available to be issued.
