ACT PIPE & SUPPLY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the ACT Pipe & Supply 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan covers all employees of ACT Pipe & Supply, Inc. and ACT Fabrication, Inc. (together the "Company") except union employees, leased employees, and nonresident aliens. ACT Pipe & Supply, Inc. is the plan sponsor. Following the completion of three months of service and the attainment of age 21, employees are eligible to participate in the Plan on the first day of the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make salary deferral contributions to the Plan up to 90 percent of their eligible compensation, subject to certain limitations. Participants age 50 or over in the Plan year may also make catch-up contributions into the Plan. The Plan also allows rollover contributions. The Company may make a discretionary matching contribution in an amount equal to the percentage declared for the plan year. The Company may also make a discretionary profit sharing contribution. Participants must be employed on the last day of the plan year, except for participants who become disabled, die, or retire in the plan year, and complete 1,000 hours of service during the plan year to receive matching or profit sharing contributions. The Company did not make any matching or profit sharing contributions for 2009. The Plan is participant directed and participants may change their contribution rates and investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on units, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times fully vested in their contributions and the appreciation or depreciation thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. Participants vest 20 percent after two years of service and are 100 percent vested after six years of service.

Forfeited Accounts

Forfeitures of nonvested employer contributions shall be used to pay administrative expenses and then used to reduce the employer's contributions. There were no forfeitures balances at December 31, 2009 or 2008. No forfeitures were used in 2009.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Loans

Plan participants may borrow from their account a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50 percent of their vested account balance in the Plan. Loans are paid in level installments through payroll deductions for periods ranging up to five years, or longer for the purchase of a primary residence. The loans bear interest at reasonable rates as determined by the plan administrator and are secured by the participant's vested account to the extent of the principal amount of the loan plus accrued interest.

Benefit Payments

A participant shall be immediately vested upon death, retirement, or termination of employment due to total and permanent disability. Normal retirement age under the Plan is the later of the date a participant attains age 65 or the 5th anniversary of the first day of the plan year in which participation in the Plan commenced. Upon a participant's termination or retirement, the vested funds in the participant's account are distributed in a lump-sum payment. Participants may make withdrawals of vested funds for hardship and in-service withdrawals upon reaching the age of 59 ½.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time. Upon termination, employees would become 100 percent vested and would receive benefits based on their account balances accumulated to the date of the termination of the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Accounting Standards Codification

The Financial Accounting Standards Board ("FASB") issued the FASB Accounting Standards Codification ("ASC") effective for financial statements issued for interim and annual periods ending after September 15, 2009. The ASC is an aggregation of previously issued authoritative U.S. generally accepted accounting principles ("GAAP") in one comprehensive set of guidance organized by subject area. In accordance with the ASC, references to previously issued accounting standards have been replaced by ASC references. Subsequent revisions to GAAP will be incorporated into the ASC through Accounting Standards Updates ("ASU"). The adoption of the ASC did not have an impact on the Plan's financial statements.

Basis of Accounting

The accounting records and financial statements of the Plan are maintained on the accrual basis of accounting.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or the Company.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on the trade-date. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Tax Status

The Plan has adopted a nonstandardized prototype plan, which obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the prototype plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

NOTE 3 - INVESTMENTS

Investments that represent 5 percent or more of the Plan's net assets at December 31, 2009 and 2008 are separately identified below:

Identity of Party Involved	Description	2009	2008
	Mutual Funds:		
Fidelity	FID Freedom 2015	$429,000	$433,595
	FID Freedom 2020	248,863	201,980
	FID Freedom 2025	239,656	159,258
	FID Freedom 2030	263,705	213,228
	FID Freedom 2035	178,876	109,385
	FID Leveraged Co Stk	108,193	
Participant Loans		182,538	120,315

During 2009, the Plan's investments in mutual funds (including investments bought, sold, and held during the year) appreciated by $376,692.

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosure,* clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

Various inputs are used in determining the value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, FAS ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Participant Loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodology used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2009 and 2008.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2009 and 2008:

NOTE 5 - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying statement of net assets available for benefits as of December 31, 2009 and 2008 and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2009, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2009.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are in Fidelity and Spartan mutual funds that are affiliated with Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan. Therefore, investments in Fidelity mutual funds qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 8 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 3, 2010, the date the financial statements were available to be issued.
