INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Hall & Evans, LLC Employee Savings Plan
Denver, Colorado

REPORT ON FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of Hall & Evans, LLC Employee Savings Plan (the "Plan"), which are comprised of the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

OTHER MATTER

The supplemental schedule as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan

The following description of Hall & Evans, LLC Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan established January 1, 1984, most recently amended and restated in January 2015. The Plan is available to all eligible employees of Hall & Evans, LLC (the "Employer"). Employees become eligible the first of the month following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Employer is the administrator of the Plan. Reliance Trust Company serves as trustee (the "Trustee"); J.P. Morgan Asset Management Retirement Investments and Services maintains the Plan records. The Plan's investments are invested in various investment options at the participant's election. In addition, participants may choose a self-brokered account option through Charles Schwab and direct any investment he or she chooses other than defined exclusions. Charles Schwab is also a custodian of Plan assets solely for the self-brokered account assets.

Contributions

Participants may make elective before-tax and after-tax Roth contributions up to 100% of their annual compensation, not to exceed the IRS established limits. This maximum percentage may be reduced by the Plan administrator in certain circumstances. Participants age 50 or older may also elect to defer additional catch-up contributions to the Plan, which are limited by the IRS. The Plan also permits rollover contributions from other qualified retirement plans if certain criteria are met. Employee contributions to the Plan are made through regular payroll deductions.

The Plan allows for profit-sharing contributions and additional discretionary contributions, which are approved by the Employer's management.

For the year ended December 31, 2015, the Employer made discretionary qualified non-elective contributions to the Plan equal to 1% of the eligible compensation of participants totaling $170,503. Discretionary percentages contributed by the Employer are determined each year.

For the year ended December 31, 2015, the Employer made a profit-sharing contribution for each participant in an amount equal to 3% of the participant's eligible compensation up to the Social Security wage base, plus 6% of each participant's eligible compensation in excess of the Social Security taxable wage base, totaling $617,401. Participants must have completed one year of service, defined as 1,000 hours, and be employed at the end of the year to be eligible to receive and vest in the profit-sharing contribution and qualified non-elective contributions.

Participants' Accounts

Each participant's account is credited or charged with the participant's contributions, rollover contributions, Employer contributions, an allocation of the Plan's earnings and losses, and Plan expenses. Allocations are based on participant earnings or losses and account balances, as defined in the Plan document. The benefit to which a participant is entitled is the vested portion of the participant's account.

Note 1 - Description of the Plan (continued)

Vesting

Participants are 100% vested in their voluntary contributions, rollover contributions, and the employees that meet the eligibility requirements are 100% vested in the qualified non-elective contributions and allocated earnings or losses thereon. The Employer profit-sharing contributions (including forfeitures) and the earnings or losses thereon will vest in accordance with the following table:

Years of Service	Vested Interest
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

A participant's account becomes 100% vested upon death; attaining normal retirement age (the age of 65 or, if later, the fifth anniversary date of the first day of the Plan year during which the participant entered the Plan); retirement due to disability; or if the Plan is terminated.

Participant Notes Receivable

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Note receivable terms range from one to five years or up to fifteen years for the purchase of a primary residence. The notes receivable are secured by the vested balances in the participants' accounts and bear interest at the prime rate plus 1.00% at origination. Interest rates on notes receivable outstanding as of December 31, 2015 range from 4.25% to 9.25%, with maturity dates through June 2030. Principal and interest are paid ratably through payroll deductions. Participant notes receivable are recorded in the financial statements at an amortized cost plus accrued interest.

Expenses of the Plan

Various administrative expenses are paid by the Employer and, therefore, are not reflected in the Plan's financial statements. Investment expenses incurred on behalf of participants with self-directed accounts are charged to those participants. Participants are responsible for paying the administrative expenses related to loans, hardship distributions, Qualified Domestic Relations Order distributions, and terminated payout distributions. Terminated employees' accounts are charged an administrative fee for their share of expenses.

Note 1 - Description of the Plan (continued)

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value as reported to the Plan by the Trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or purchase date if during the year) and selling price (if sold during the year) or year-end fair value. Investment transactions are recorded on a trade-date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Payments of Benefits

Upon death, disability, retirement, or termination of service, a participant or beneficiary may receive a lump-sum payment in the amount equal to the participant's vested account balance within a reasonable period of time after termination of employment or the participant can elect to receive this benefit in equal installments. Immediate lump-sum distributions are made to terminated participants if the participant's vested balance is $5,000 or less. The vested amount of $5,000 or less will be rolled into a qualified individual retirement account in the name of and for the benefit of the participant unless the participant elects another form of distribution. Participants may make withdrawals from their elective accounts at age 59½ or upon notice of hardship, subject to certain restrictions. Benefits are recorded as distributions to participants when paid.

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, then the non-vested portion of the participant's account shall be placed in a separate forfeiture account and will be reallocated on the earlier of the fifth consecutive one-year break in service or the end of the Plan year following the payment of the vested account balance. Forfeitures can be used to either pay administrative expenses of the Plan or offset Employer contributions and are to be allocated to participants in the same manner as the Employer's contribution. For the Plan year ended December 31, 2015, the forfeitures applied to reduce the Employer contribution were $17,877. The balance of this account at December 31, 2015 and 2014 was $3,115 and $1,143, respectively.

Note 2 - Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for various investment choices that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, certain self-directed investments and mutual funds invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse and economic developments. Moreover, securities of many foreign companies may be less liquid and their prices more volatile than those of comparable U.S. companies.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator and Trustee to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent).* The amendment applies to reporting entities that elect to measure the fair value of an investment using the net asset value ("NAV") per share (or its equivalent) practical expedient. The amendment removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendment is effective for all plan years beginning after December 15, 2015, with early adoption permitted. Entities should apply the amendment in this update retrospectively to all periods presented. As the Plan measures certain assets using the NAV practical expedient, upon adoption of ASU No. 2015-07, the fair value of these Plan assets will be removed from the fair value hierarchy in all periods presented in the Plan's financial statements. The Plan will continue to disclose information on these investments for which fair value is measured at NAV as a practical expedient. The Plan elected to early adopt this standard for the year ended December 31, 2015 and adjusted the financial statement disclosures for all periods presented. The adoption of this accounting pronouncement did not have a material impact on the Plan's financial statements.

Note 2 - Summary of Significant Accounting Policies (continued)

Recent Accounting Pronouncements (continued)

In July 2015, the FASB issued ASU No. 2015-12, Plan Accounting: *Defined Benefit Pension Plans (Topic 960); Defined Contribution Pension Plans (Topic 962); and Health and Welfare Benefit Plans (Topic 965): Part I - Fully Benefit-Responsive Investment Contracts, Part II - Plan Investment Disclosures, Part III - Measurement Date Practical Expedient.* The amendments are effective for all plan years beginning after December 15, 2015. Earlier application is permitted. Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. A plan will continue to provide disclosures that help users understand the nature and risks of fully benefit-responsive contracts. Part II eliminates the current generally accepted accounting principles requirements for plans to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation for investments by general type for both participant-directed investments and non-participant-directed investments. The net appreciation or depreciation in investments for the period is still required to be presented in the aggregate but would no longer be required to be disaggregated and disclosed by general type. Part II also requires that investments (both participant-directed and non-participant-directed investments) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways.

Currently under Accounting Standards Codification ("ASC") Topic 820, classes of assets are grouped and disclosed on the basis of nature, characteristics, and risks; under FASB ASC Topics 960, 962, and 965, classes of assets are grouped and disclosed on the basis of general type. In addition, if an investment is measured using the NAV per share (or its equivalent) practical expedient in FASB ASC Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy would no longer be required. The amendments in Part II should be applied retrospectively for all financial statements presented. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts (for example, a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end when the fiscal period does not coincide with a month-end. The Plan elected to early adopt all three parts of this standard update for the year ended December 31, 2015 and adjusted the financial statement disclosures for all periods presented.

The adoption of these new accounting pronouncements did not have a material impact on the Plan's financial statements.

Note 3 - Fair Value Accounting

Accounting principles generally accepted in the United States of America require disclosure about how fair value is determined and establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement on a recurring basis.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value on a recurring basis as of December 31, 2015:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,110,870	$ -	$ -	$ 18,110,870
Participant self-directed investments	9,084,325	392,641	38,908	9,515,874
Total	$ 27,195,195	$ 392,641	$ 38,908	27,626,744
Investments measured at NAV				2,677,174
Total investments at fair value				$ 30,303,918

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value on a recurring basis as of December 31, 2014:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,443,953	$ -	$ -	$ 17,443,953
Participant self-directed investments	9,068,080	404,737	39,380	9,512,197
Total	$ 26,512,033	$ 404,737	$ 39,380	26,956,150
Investments measured at NAV				2,719,652
Total investments at fair value				$ 29,675,802

Note 3 - Fair Value Accounting (continued)

The Plan's investments in mutual funds, money market accounts, and participant self-directed investment accounts are recorded in the financial statements at fair value based on quoted market values as reported by the Trustee.

Level 2 assets in the Plan include governmental agency securities and corporate bonds. The governmental agency securities are valued by observing quoted prices for similar investments in active markets. The corporate bonds can be valued based on trades of the corporate bonds within a publicly observable marketplace. The corporate bond market is based on negotiated contracts between a limited number of parties rather than high-volume exchange transactions. The determination of pricing for bonds can be determined through review of transactions involving the specified bond or a like-kind bond.

Level 3 assets in the Plan include notes receivable. The valuation technique used to measure fair value of the notes receivable is based on amortized cost, which approximates fair value.

Investments in a common/collective trust are stated at estimated fair values, which have been determined based on the unit values of the trust. The company sponsoring the common/collective trust divides the common/collective trust's net assets at fair value by its units outstanding at the valuation dates to determine unit values. The NAV is used as a practical expedient to estimate fair value.

The common/collective trust typically invests in a variety of fully benefit-responsive investment contracts, including traditional guaranteed investment contracts, security-backed investment contracts, and separate account guaranteed investment contracts. There are no unfunded commitments and the units may be redeemed on a daily basis.

There were no changes to the valuation techniques used during the period.

The Plan's management reaffirms its understanding of the valuation techniques used by its pricing services at least annually.

Note 4 - Summary of Investments

The Trustee has certified in writing to the Plan administrator that the stated amounts for investments at fair value and participants notes receivable at amortized cost as of December 31, 2015 and 2014 and the income earned thereon for the year ended December 31, 2015, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the Trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or his or her beneficiary.

Note 6 - Income Tax Status

The Plan did not obtain a Plan-specific determination letter as it operates with the Trustee's determination letter, which was issued on the basic Plan document. The Plan has been amended since the most recent determination letter, dated March 31, 2014; however, the Plan administrator believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Party-in-Interest and Related Party Transactions

Certain Plan investments are mutual funds and an investment contract through a common/collective trust contract managed by J.P. Morgan Asset Management Retirement Investments and Services, which is the recordkeeper, as defined by the Plan; therefore, these transactions qualify as party-in-interest. These transactions are exempt from prohibited transaction rules. In addition, the Plan provides for participant notes receivable, which are also party-in-interest transactions and are exempt from the prohibited transaction rules.

Note 8 - Subsequent Events

The Plan has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available for issuance. There were no material subsequent events that required recognition or disclosure in the financial statements.
