AVALON TRANSPORTATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Avalon Transportation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Effective January 1, 1998, the Board of Directors of Virgin Fish, Inc. dba Avalon Transportation, Inc. adopted the Avalon Transportation 401(k) Plan for the benefit of all eligible employees of Virgin Fish, Inc. and Avalon Transportation, LLC (collectively, the "Company"). The Plan is a 401(k) profit sharing plan under Section 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended and restated effective January 1, 2015 to comply with the Pension Protection Act of 2006 and other legislative and regulatory changes. In addition, the Plan was amended effective April 1, 2015, to provide for automatic deferrals of 2% of compensation for employees who become participants after the effective date and for those existing participants who do not have an affirmative election in effect on the effective date. Participants may elect an alternative deferral amount or elect not to defer in accordance with plan provisions.

2. Eligibility

An employee is eligible for participation in the Plan upon attainment of age 21 and completion of six months of service, on or prior to the entry dates of January 1, April 1, July 1, or October 1. Employees covered under a collective bargaining agreement, non-resident aliens, and leased employees are not eligible to participate in the Plan.

3. Contributions

Participants may elect to contribute on a tax-deferred basis up to the maximum deferral limit per Section 402(g) of the IRC of $18,000 for the Plan year ended December 31, 2015. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions in an amount up to $6,000. The Company may, in its discretion, make matching contributions and/or profit sharing contributions to the Plan. During the year ended December 31, 2015 no employer contributions were made.

4. Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contributions, and allocations of plan earnings and administrative expenses. Profit sharing contributions, if any, are allocated to each participant in the ratio that each participant's compensation bears to total compensation of all participants.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. **Participant Accounts** (Continued)

Allocations of plan earnings and administrative expenses are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. **Investment Options**

Upon enrollment in the Plan, a participant may direct employee and Company contributions as desired, in any of a variety of options held by John Hancock Life Insurance Company (USA) ("John Hancock USA").

6. **Forfeited Accounts**

Forfeitures of terminated participants' non-vested accounts may be used to pay Plan expenses or to reduce future Company contributions. As of December 31, 2015 and 2014 available forfeitures were immaterial to the financial statements.

7. **Payments of Benefits**

Upon termination of service and normal retirement age, a participant is entitled to receive their vested account balance. Upon permanent disability or in the event of death, a participant or a participant's beneficiary is entitled to receive 100% of their account balance. In addition, participants may receive distributions upon attaining age 59 ½ or for financial hardship if certain criteria are met.

8. **Vesting**

Participant contributions, discretionary Company qualified non-elective contributions, discretionary qualified matching contributions, and actual earnings thereon are fully vested at all times. Vesting in the Company's matching and profit sharing contribution portion of their accounts plus earnings thereon is based on years of continuous service as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A - DESCRIPTION OF THE PLAN (Continued)

9. Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance, not to exceed $50,000. Only one loan may be outstanding at any time. The loans are secured by the balance in the participant's account and shall bear interest at a rate of 1% over the prime rate. Loan maturity is not to exceed five years, except in the case where the loan is used to acquire or construct the participant's principal residence, where the term of a loan will be determined by the plan administrator.

10. Plan Termination

While the Company has not expressed any intent to terminate the Plan, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, all interests of participants become fully vested and the assets are distributed among the participants in accordance with the provisions of the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

2. Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investment in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. With respect to the Plan, the guidance is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Management has elected to early adopt the provisions of this standard during the year ended December 31, 2015 and has retrospectively applied the pronouncement to the December 31, 2014 financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair

value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows plans to measure investments as of a month-end date closest to the plan's fiscal year end, when the fiscal period does not coincide with a month end. Parts I and II are to be applied retrospectively. With respect to the Plan, the ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and III are not applicable to the Plan. Management has elected to early adopt Part II during the year ended December 31, 2015 and has retrospectively applied the pronouncement to the December 31, 2014 financial statements.

The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein.

3. **Plan Administration**

The Company is the plan sponsor and plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

4. **Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. **Administrative Expenses**

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Payment of Benefits

Benefits are recorded when paid.

7. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

8. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

9. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase to benefits paid to participants. The Plan distributed the 2015 excess contributions to the applicable participants in May of 2016. The Plan intends on filing and remitting any necessary excise tax.

NOTE C - INVESTMENTS AND CERTIFICATION BY CUSTODIAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by John Hancock USA, the custodian, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

Total investments and notes receivable from participants held and certified by John Hancock USA in the accompanying Statements of Net Assets Available for Benefits were $1,639,159 and $1,662,350 as of December 31, 2015 and 2014, respectively. Investment income and interest income on notes receivable from participants certified by the custodian in the accompanying Statement of Changes in Net Assets Available for Benefits totaled $7,700 for the year ended December 31, 2015.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled Separate Accounts: The net asset value (NAV) of these accounts is based on the market value of their underlying investments. The NAV is not a publicly quoted price in an active market. The pooled separate accounts do not have unfunded commitments relating to their investments, or any significant restrictions on participant directed withdrawals. Participant directed withdrawals can be made on any business day and do not have a redemption notice period. Participant directed transfers to other investment options are generally limited to two per calendar month. Additional restrictions, as defined, may be applied under extreme market or personal circumstances or in the event an exchange may disrupt or be potentially disruptive to an investment option.

Guaranteed Interest Accounts: Valued at fair value, which approximates contract value. Contract value represents contributions made under the contract plus compound interest earned less participant withdrawals and administrative expenses. Interest is earned over a defined term of 5 or 10 years, provided all contributions remain in the account until maturity. Interest rates are established on the first day of the month and apply to all regular ongoing contributions made in the account during that month. Withdrawals taken prior to the end of the guarantee period may be subject to a market value adjustment. For the year ended December 31, 2015, the average crediting rate was 0.73% and the yield ranged from 1.15% to 1.35%.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The primary investment objective of the guaranteed interest accounts is to seek to achieve investment income consistent with the preservation of principal, primarily through investments in federal and other government bonds, corporate bonds and commercial mortgages. Transfers between guaranteed interest accounts are not permitted. Participant directed transfers to other funds are limited to 20% of the participant's plan year opening balance. Transfers above 20% or made to a money market account, will be made at the lesser of contract value or market value. The guaranteed interest accounts do not have unfunded commitments relating to its investments, or any significant restrictions on participant-directed withdrawals.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Guaranteed interest accounts	$ -	$ 65,380	$ -	$ 65,380
Investments measured at net asset value [(a)]				1,503,814
Investments at fair value				$ 1,569,194

Assets at Fair Value as of December 31, 2014

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Guaranteed interest accounts	$ -	$ 64,086	$ -	$ 64,086
Investments measured at net asset value [(a)]				1,516,974
Investments at fair value				$ 1,581,060

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are held and managed by John Hancock USA. John Hancock USA is the custodian and recordkeeper for the Plan and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from plan participants and the related interest income are also considered party-in-interest transactions.

NOTE F - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2015 and 2014:

	2015	2014
Net assets available for benefits per the financial statements	$ 1,616,997	$ 1,662,840
Plus: Excess contributions payable	22,923	-
Net assets available for benefits per the Form 5500	$ 1,639,920	$ 1,662,840

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2015:

Net decrease in net assets available for benefits per the financial statements	$ (45,843)
Plus: Net change in excess contributions payable	22,923
Net decrease in net assets available for benefits per the Form 5500	$ (22,920)

NOTE G - TAX STATUS

The Employer adopted a volume submitter profit sharing plan which received its latest favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving its most recent opinion letter. However, the plan administrator and the Plan's advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE G - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2012.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE I - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through September 29, 2016, the date the financial statements were available to be issued.
