Independent Auditor's Report

To the Plan Administrator of
Nederlander Productions 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Nederlander Productions 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Voya Retirement Insurance and Annuity Company (formally known as ING Life Insurance and Annuity Company through September 1, 2014), the custodian of the assets of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of and for the years ended December 31, 2015 and 2014 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NEDERLANDER PRODUCTIONS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

Note 1 – Description of Plan

The following description of the Nederlander Productions 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering eligible employees, as defined in the Plan, of Nederlander Productions and Cal. Ned, Inc. (collectively referred to as the "Company") who are at least 21 years of age and have completed three consecutive full calendar months of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was effective January 1, 2007. The Plan was amended and restated with an effective date of December 1, 2011.

On September 1, 2014 ING Life and Insurance Company changed their name to Voya Retirement Insurance and Annuity Company. All investments previously known as ING became VOYA.

Contributions:

Under the terms of the Plan, participants may contribute up to 75% of pre-tax compensation or after-tax compensation (as a Roth annual deferral), as defined in the Plan, up to the limit in effect for the year ($18,000 in 2015 and $17,500 in 2014) as defined by the Internal Revenue Code ("IRC"). Participants aged 50 or older may make an additional "catch-up" contribution (up to $6,000 for 2015 and $5,500 for 2014). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may make discretionary profit-sharing and/or non-elective contributions to the Plan. Company profit-sharing contributions are allocated to participants who have completed 1,000 hours of service during the Plan year and are employed by the Company on the last day of the Plan year. For the years ended December 31, 2015 and 2014 the Company made a discretionary profit-sharing contribution of $74,859 and $63,733, respectively.

Participant accounts:

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and an allocation of Company discretionary contributions and Plan earnings, and charged with withdrawals and allocation of Plan losses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options:

Participants direct the investment of their contributions into investment options offered by the Plan which include money market accounts, pooled separate accounts and an unallocated insurance contract. Company contributions are invested in each participant's account according to participant's selected allocation. Participants may change or transfer their investment options at any time.

Note 1 – Description of Plan (Continued)

Vesting:

Participants are immediately 100% vested in their voluntary contributions, rollover contributions and related earnings thereon. Vesting in the Company's profit-sharing contributions portion of their accounts plus actual earnings thereon is based on years of continuous service. The vesting schedule is as follows:

Years of Service	Vested Percentage
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of benefits:

On termination of service from the Company and due to death, disability or normal retirement at age 65, a participant may elect to receive a lump sum amount equal to the value of the vested interest in his or her account or a monthly annuity. Hardship withdrawals are permitted.

Forfeited Accounts:

Terminated participants' non-vested account balances shall be used to restore forfeitures, reduce Company contributions (or reallocate Company contributions), or to pay Plan expenses. As of December 31, 2015, there were 32 terminated participants still active in the Plan. These participants had a cumulative vested balance of $618,087. The Plan did not have a forfeiture balance during 2015.

Administrative expenses:

The Company absorbs most costs of the Plan (legal fees, audit fees, third party administration fees), however, the remaining costs are not deemed material to the financial statements presented. Investment fees and charges are absorbed by the Plan.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting:

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Note 2 – Summary of Significant Accounting Policies (continued)

Accounting Changes:

In 2015, the Plan changed its method of accounting and reporting to comply with the provisions of Accounting Standards Update Number 2015-12 issued by the Financial Accounting Standards Board. Previously reported financial information pertaining to 2014 has been restated to present that information on a comparable basis.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit.-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets in liquidation available for benefits of a defined contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of plan assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurement. Purchase and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan has unallocated insurance contracts maintained in segregated accounts. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals. Investment contracts are valued at contract value, which approximates fair value for 2015 and 2014.

Benefits:

Benefits to participants are recorded when paid.

Subsequent events:

Management has evaluated the impact of all subsequent events on the Plan through September 28, 2016, the date the financial statements were issued. The Plan was amended and restated on March 31, 2016 with an effective date of January 1, 2016 to comply with IRS requirements. Other than the Plan amendment, there were no subsequent events requiring recognition or disclosure in the financial statements.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology are quoted market prices for similar assets and liabilities in active markets, quoted prices in markets that are not active or inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the instrument.

Level 3 Inputs to the valuation methodology are unobservable inputs based upon management's best estimates of inputs market participants could use in pricing the asset or liability at the measurement date, including the assumption of risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts:
Pooled separate accounts are stated at fair value as determined by observable Level 1 quoted pricing inputs or by quoted prices for similar assets in active or non-active markets. While some pooled separate accounts may have publicly quoted pricing inputs (Level 1), the account values of separate accounts are not publicly quoted and are therefore classified as Level 2 investments.

Guaranteed Investment Account:
The plan accounts for Guaranteed Interest Accounts as a fully benefit responsive investment contracts in accordance with ASC Topic 946 and 962A. Contract value of the Voya Fixed Account is equal to participant deposits minus participant withdrawals plus credited interest. Interest credited is net of expenses. Contract value may be subject to adjustments in connection with contract holder directed withdrawals that are subject to a market value adjustment. Under limited circumstances (certain in-service participant withdrawals) contract value may be adjusted as a result of a market value adjustment. The fair value of the Voya Fixed Account which consists of an underlying guaranteed investment account owned by the Plan is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on the trade date.

Note 3 – Fair Value Measurements (continued)

The following tables set forth by level, within the hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2015 and 2014:

Note 4 - Investments

Guaranteed Interest Account

The Plan invests in Voya Fixed Income, a guaranteed interest account, was established for the purpose to provide preservation of capital, relatively stable returns regardless of stock and bond fluctuations by investing in a diversified portfolios of life insurance companies, banks and other financial institutions, whose performance can be predicated on underlying fixed income investments.

The interest determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Fund at contract value. Certain events may limit the ability of the Plan to transact at contract value with the issuer. The plan administrator does not believe that the occurrence of any such event is probable. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals. Investment contracts are valued at contract value, which approximates fair value for 2015 and 2014.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and Plan assets will be distributed based upon the participants' account balances at that time.

Note 6 – Federal Income Tax Status

The Plan is based upon a Volume Submitter Profit Sharing 401(k) Plan that received tax exempt status from the Internal Revenue Service on January 11, 2002. The Plan obtained its latest determination letter on July 11, 2011, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore, believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require that plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions however, there are currently no audits for any tax periods in progress. The Plan administration believes it is no longer subject to income tax examinations for years prior to 2012.

Note 7 – Transactions with Parties in Interest

Certain Plan investments that were held by Voya Retirement Insurance and Annuity Company for Plan years 2015 and 2014 were pooled separate accounts and unallocated insurance contracts issued by Voya Retirement Insurance and Annuity Company, the custodians. Therefore, transactions related to these investments qualify as permitted party-in-interest transactions.

Note 8 – Risk and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that change in the values of investments will occur in the near term and that such changes could materially affect amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9 – Information Certified by the Custodian (Unaudited)

Voya Retirement Insurance and Annuity Company (formally known as ING Life Insurance and Annuity Company through September 1, 2014) acted as the custodian that held the Plan's investments for the Plan years 2015 and 2014. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The fair value of investments at December 31, 2015 and 2014 as reported by the custodian is:

	2015	2014
Pooled Separate Accounts	$ 4,929,321	$ 4,551,619
Guaranteed Interest Account	21,156	15,484

Note 9 – Information Certified by the Custodian (Unaudited) (continued)

The investment income reported in statement of changes in net assets available for Plan benefits for the years ended December 31, 2015 and 2014 were certified by Voya Retirement Insurance & Annuity Company (formally known as ING Life Insurance and Annuity Company through September 1, 2014).

The information included in the supplementary schedule of assets held for investment purposes at end of year were certified by Voya Retirement Insurance and Annuity Company (formally known as ING Life Insurance and Annuity Company through September 1, 2014).
