Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Food Concepts International, LP 401(k) Plan, which comprise of the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note G, which was certified by John Hancock Financial Services, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental Schedule of Assets (Held at End of Year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A: Description of the Plan

The following description of the Food Concepts International, LP (Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General* – The plan is a defined contribution plan covering all employees of the Company who have completed two months of service and attained the age of 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. *Contributions* – Each year participants may contribute from 1 percent up to 100 percent, limited to $18,000 for 2015, of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers an array of John Hancock funds for participants. The Employer, at its discretion, may make matching contributions to the Plan to the extent and in the manner required by the Safe Harbor CODA provisions of the plan agreement. A participant shall be 100% vested in the value of Safe Harbor match. For the 2015 plan year, the Company satisfied the Safe Harbor CODA requirements and has provided a matching contribution equal to 100% of each participant's contribution, up to a maximum of 3% of the participant's compensation, plus 50% of each participant's contributions that exceeds 3%, but not more than 5%, of the participant's compensation. Additional profit sharing amounts may be contributed at the option of the Company, however none were made for the Plan years ending December 31, 2015 and 2014. Contributions are subject to certain limitations.

3. *Participant Accounts* – Each participant's account is credited with the participants' contributions, the Company's matching contribution, and an allocation of plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting* – Participants are vested immediately in their contributions and employer safe harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions and matching contributions is based on years of continuous service as follows:

Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6	100%

5. *Forfeitures* – At December 31, 2015 and 2014 there were no forfeited accounts. Any forfeited amounts would first be used to reduce administrative expenses.

6. *Participant loans* – Participant loans are not permitted under the Plan.

7. *Payment of Benefits* – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, hardship distributions are permitted if certain criteria are met.

Note B: Summary of Accounting Policies

The following summary of significant accounting policies is presented to assist in the understanding of the Company's financial statements. The financial statements and notes are the representation of the Company's management who is responsible for their integrity and objectivity. The financial statements of the Organization have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). The Financial Accounting Standards Board (FASB) is the accepted standard-setting body for establishing accounting and financial reporting principles. The more significant of the Company's accounting policies are described below.

1. *Date of Management's Review* – Subsequent events were evaluated through September 28, 2016, which is the date the financial statements were available to be issued.

2. *Basis of Accounting* – The financial statements of the Plan are prepared under the accrual method of accounting.

3. *Use of Estimates* – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

4. *Investment Valuation and Income Recognition* – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note C for fair value measurement. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

5. *Payment of Benefits* – Benefits are recorded when paid.

6. *Operating Expenses* – Significant administrative expenses are absorbed by the plan as provided by the plan document. The plan sponsor also pays a portion of expenses related to maintaining the plan. Administration expenses paid by the Plan were $6,707 for the year ended December 31, 2015.

7. *Subsequent Pronouncements* – In May 2015, the Financial Accounting Standards Board (FASB), issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820)*. The amendments in this update remove the requirement to categorize with the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments in this update are effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. The Plan has elected to early implement this update for the year ended December 31, 2015 and retrospectively for the year ended December 31, 2014.

Note B: Summary of Accounting Policies (continued)

7. *Subsequent Pronouncements (continued)* - In July 2015, the Financial Accounting Standards Board (FASB), issued Accounting Standards Update (ASU) No. 2015-12 (Part I), Fully Benefit responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Expedient which are amendments to Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965). ASU 2015-12 Part I designates contract value as the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement for plans to identify individual investments that represent five percent or more of net assets available for benefits. Additionally, Part II establishes that all investments measured at fair value in the statement of net assets available for benefits or in the notes are required to be presented by general type. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end. Part III simplifies the measurement of investments while not significantly reducing the relevance of the information to the users, and designates contract value as the only required measure for fully benefit-responsive investment contracts. Furthermore, the disclosures increase the transparency of the measurement date used and events that occur between the measurement date and the plan's fiscal year-end. The amendments in this updated are effective for fiscal years beginning after December 15, 2015. The Plan has elected to early implement this update for the year ended December 31, 2015 and retrospectively for the year ended December 31, 2014.

Note C: Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market dates by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note C: Fair Value Measurements (continued)

Following is a description of the valuation methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the net asset value ("NAV"), which represent the values at which each sub-account can redeem its investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	December 31, 2015			
Description	Level 1	Level 2	Level 3	Total
Sub-Accounts				
Mutual Funds	$ 7,766,093	$ -	$ -	$ 7,766,093
Total investments at fair value	$ 7,766,093	$ -	$ -	$ 7,766,093

	December 31, 2014			
Description	Level 1	Level 2	Level 3	Total
Sub-Accounts				
Mutual Funds	$ 8,418,606	$ -	$ -	$ 8,418,606
Total investments at fair value	$ 8,418,606	$ -	$ -	$ 8,418,606

Note D: Investment Contract with Insurance Company

The Plan has entered into benefit-responsive guaranteed investment contracts offered under the John Hancock group annuity contract. John Hancock maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Note D: Investment Contract with Insurance Company (continued)

Because the guaranteed investment contract is fully benefit-responsive, contract values are the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The guaranteed investment contracts are included in investments on the face of the statement of net assets available for benefits at contract value in arriving at net assets available for benefits. Contract values, as reported to the Plan by John Hancock, represent contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts at December 31, 2015 and 2014 were $106,525 and $39,204, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with John Hancock. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Note E: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note F: Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan has concluded as of December 31, 2015 and 2014 there were no uncertain tax positions taken or expected to be taken that would require a recognition of a liability. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note G: Information Certified by the Custodian

The Plan investments are held by John Hancock Financial Services, the Custodian, and are invested in various funds as directed by the participants. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the custodian has certified to the completeness and accuracy as it relates to the Plan's investments it holds:

- Investments at fair value
- Investment income
- Supplemental Schedule of Assets Held at End of Year

Note H: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, credit, and the financial strength of the insurance company. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note I: Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are held in guaranteed accounts and contract sub-accounts managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. John Hancock charges asset management fees, which are paid from plan assets. The Plan Sponsor pays directly any other fees related to the plan's operations.

Note J: Subsequent Events

The Plan has evaluated events subsequent to December 31, 2015 that would require adjustment or disclosure in these financial statements, through September 28, 2016, the date that these statements were available to be issued. There were no events identified that require adjustment or disclosure as of December 31, 2015.

Note K: Reconciliation to Form 5500

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2015 and 2014 to the Form 5500:

	2015	2014
Change in net assets available for benefits per the financial statements	$ (583,753)	$ 830,986
Less: Contributions receivable not adjusted for	-	
Change in net assets available for benefits per the Form 5500	$ (583,753)	$ 830,986
