**THE BERKSHIRE BANK 401(k)/PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS**

December 31, 2009

1. Plan Description

The following description of The Berkshire Bank 401(k)/Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of The Berkshire Bank (the "Company"). The Plan provides for Company non-discretionary matching contributions to employees who make contributions and have completed twelve months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Fidelity Management Trust Company, Inc. ("FMTC") is the trustee and record keeper of the Plan.

Eligibility

All employees are eligible to participate in the Plan on the first day of the month following their date of employment.

Contributions

Generally, each year participants may contribute up to 60% of their pre-tax salary, not to exceed \$16,500 in 2009. Participants may also contribute to the Plan rollover amounts representing distributions from other qualified plans. Participants who are considered "highly compensated" may be limited in the amounts they contribute to the Plan. Company contributions are made each payroll period to eligible participants. The Company makes a basic Matching Employer Contribution as defined in the Plan on behalf of each participant, in an amount equal to 50% of the first 6% of a participant's contribution, subject to maximum limitations. Contributions are invested according to each participant's investment elections and are subject to certain limitations. In addition, participants who have attained the age of 50 before the close of the Plan year may make catch-up contributions in accordance with the Internal Revenue Code ("IRC"). The maximum amount of catch-up contributions for the year ended December 31, 2009 was \$5,500.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and is charged with administrative fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. **Plan Description (continued)**

Vesting

Participants are immediately vested in their contributions, including earnings thereon. Vesting in the Company's matching contribution, including earnings thereon, is based on graduated rates commensurate with years of service, as defined in the Plan. Participants become fully vested in Company contributions after five years of service.

Forfeitures

Amounts that are forfeited may be used to reduce the employer contributions or expenses.

Loans

The Plan provides for loan and hardship withdrawals. Eligible individuals can obtain loans from their qualifying account balances, as defined by the Plan. Loans must be repaid within five years. However, the term may not extend beyond the participant's employment with the Company. Loans generally bear interest at rates of prime plus 1%, determined at the beginning of each quarter. The interest rate is set at the beginning of the loan and remains fixed for the term of the loan.

Payment of Benefits

Upon termination of service, hardship as defined, or attaining age 59 ½, a participant may elect to receive either a lump-sum amount or distributions under a systematic withdrawal plan, equal to the value of the participant's vested interest in his or her account.

Investment Options

Participants direct the investment of their account balances from among various investment options offered under the Plan.

2. **Summary of Significant Accounting Policies**

The following accounting policies, which conform with generally accepted accounting principles generally accepted in the United States of America, have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

**THE BERKSHIRE BANK 401(k)/PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS**

December 31, 2009

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

Recent Accounting Pronouncements

In June 2009, the FASB issued guidance under ASC 105, Generally Accepted Accounting Principles, which was formerly referred to as FASB Statement of Financial Accounting Standards No. 168, FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – A Replacement of FASB Statement No. 162. This guidance establishes the FASB Accounting Standards Codification ("Codification") as the source of authoritative U.S. generally accepted accounting principles ("GAAP") for nongovernmental entities. The codification supersedes all existing non-SEC accounting and reporting standards. Rules and interpretive releases of the SEC under authority of federal security laws remain authoritative GAAP for SEC registrants. This guidance and the Codification are effective for financial statements issued for annual periods ending after September 15, 2009. As the Codification did not change existing GAAP, the adoption did not have an impact on the Plan's accompanying financial statements.

During 2009, the Plan adopted FASB Statement No.165, Subsequent Events, or ASC 855, which was issued in May 2009 and is effective for fiscal years and interim periods ending after June 15, 2009. ASC 855 requires evaluation of subsequent events through the date of financial statement issuance. The adoption of this guidance is reflected in these financial statements.

NOTES TO FINANCIAL STATEMENTS**

2. Summary of Significant Accounting Policies (continued)

In September 2009, the FASB issued ASC update 2009-12, Fair Value Measurements and Disclosures (Topic 820) – Investment in certain Entities that Calculate Net Asset Value per Share (or its equivalent). This update provides guidance on estimating the fair value of a company's investments in investment companies when the investment does not have a readily determinable fair value. It permits the use of the investment's net asset value as a practical expedient to determine fair value. This guidance also required additional disclosure of the attributes of these investments such as: (i) the nature of any restrictions on the reporting entity's ability to redeem its investment; (ii) unfunded commitments; and (iii) investment strategies of the investees. This guidance is effective for periods ending after December 15, 2009. The adoption did not have a material impact on the Plan's financial condition or results of operations and all applicable disclosures are included in these financial statements.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Administrative expenses of the Plan are paid by the Plan, as provided for in the Plan Document, to the extent not paid by the Company.

3. Fair Value Measurements

Authoritative guidance for fair value measurements defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the inputs used to measure fair value and enhances disclosure requirements for fair value measurements. This guidance maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available.

Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs reflect assumptions that market participants would use in pricing the asset or liability based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the transparency of inputs as follows:

Level 1 — Quoted prices are available in active markets for identical assets or liabilities as of the report date. A quoted price for an identical asset or liability in an active market provides the most reliable fair value measurement because it is directly observable to the market.

4. Related Party Transactions

The Plan invests in shares of mutual funds managed by an affiliate of FMTC. FMTC acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and the terms of the Plan.

6. Investments

The following is a schedule of investments that represent 5% or more of total net assets available for benefits.

	December 31,	
	2009	2008
Fidelity Retirement Money Market Portfolio	\$ 778,875	\$ 821,507
Fidelity Low-Priced Stock	391,568	248,673

Fidelity Freedom 2015	264,263	186,777
Fidelity Freedom 2030	212,450	*
Fidelity Freedom 2040	212,432	*

* These investments did not represent 5% or more of the Plan's net assets available for benefits at December 31, 2008

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$575,186, of which \$568,560 was attributable to mutual funds and self-directed investments and \$6,626 to investment contracts.

7. Income Tax Status

The Plan is a Prototype Non-standardized Safe Harbor Profit Sharing Plan with CODA ("Prototype Plan") from Fidelity Management & Research Co. The Prototype Plan has received an opinion letter from the Internal Revenue Service stating that Plan sponsors who adopt this Prototype Plan may rely on the opinion letter with respect to the qualification of the Plan under IRC section 401(a).

8. Information Certified by Trustee (Unaudited)

In accordance with 29 CFR 2520.103.5 of the Department of Labor Rules and Regulations for Reporting under ERISA, FMTC, the Plan's trustee, has certified the following information, which has not been subject to audit by independent accountants, to be accurate and complete:

- a. Investment balances at fair value included in the Statements of Net Assets Available for Benefits at December 31, 2009 and 2008.
- b. Investment income, including interest and dividends and net appreciation in the fair value of investments in registered investment companies included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009.
- c. Investment balances at current value included in the Schedule of Assets (Held at End of Year) as of December 31, 2009.

9. Administrative Expenses

All expenses, excluding the participant's quarterly administrative fee, incurred in connection with the administration of the Plan are paid by the Plan, unless paid by the Company. During 2009, the Plan paid certain administrative expenses, excluding expenses paid by the Company, and those relating to individual participants' transactions, which were deducted from the respective participant's account.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. Subsequent Events

The Plan's management evaluated its December 31, 2009 financial statements for subsequent events through September 2, 2010, the date the financial statements were available to be issued. The Plan's management is not aware of any subsequent events, which would require recognition or disclosure in the financial statements.

**THE BERKSHIRE BANK 401(k)/PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS**

December 31, 2009

1. Plan Description

The following description of The Berkshire Bank 401(k)/Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of The Berkshire Bank (the "Company"). The Plan provides for Company non-discretionary matching contributions to employees who make contributions and have completed twelve months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Fidelity Management Trust Company, Inc. ("FMTC") is the trustee and record keeper of the Plan.

Eligibility

All employees are eligible to participate in the Plan on the first day of the month following their date of employment.

Contributions

Generally, each year participants may contribute up to 60% of their pre-tax salary, not to exceed \$16,500 in 2009. Participants may also contribute to the Plan rollover amounts representing distributions from other qualified plans. Participants who are considered "highly compensated" may be limited in the amounts they contribute to the Plan. Company contributions are made each payroll period to eligible participants. The Company makes a basic Matching Employer Contribution as defined in the Plan on behalf of each participant, in an amount equal to 50% of the first 6% of a participant's contribution, subject to maximum limitations. Contributions are invested according to each participant's investment elections and are subject to certain limitations. In addition, participants who have attained the age of 50 before the close of the Plan year may make catch-up contributions in accordance with the Internal Revenue Code ("IRC"). The maximum amount of catch-up contributions for the year ended December 31, 2009 was \$5,500.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and is charged with administrative fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. **Plan Description (continued)**

Vesting

Participants are immediately vested in their contributions, including earnings thereon. Vesting in the Company's matching contribution, including earnings thereon, is based on graduated rates commensurate with years of service, as defined in the Plan. Participants become fully vested in Company contributions after five years of service.

Forfeitures

Amounts that are forfeited may be used to reduce the employer contributions or expenses.

Loans

The Plan provides for loan and hardship withdrawals. Eligible individuals can obtain loans from their qualifying account balances, as defined by the Plan. Loans must be repaid within five years. However, the term may not extend beyond the participant's employment with the Company. Loans generally bear interest at rates of prime plus 1%, determined at the beginning of each quarter. The interest rate is set at the beginning of the loan and remains fixed for the term of the loan.

Payment of Benefits

Upon termination of service, hardship as defined, or attaining age 59 ½, a participant may elect to receive either a lump-sum amount or distributions under a systematic withdrawal plan, equal to the value of the participant's vested interest in his or her account.

Investment Options

Participants direct the investment of their account balances from among various investment options offered under the Plan.

2. **Summary of Significant Accounting Policies**

The following accounting policies, which conform with generally accepted accounting principles generally accepted in the United States of America, have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

**THE BERKSHIRE BANK 401(k)/PROFIT SHARING PLAN

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

Recent Accounting Pronouncements

In June 2009, the FASB issued guidance under ASC 105, Generally Accepted Accounting Principles, which was formerly referred to as FASB Statement of Financial Accounting Standards No. 168, FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – A Replacement of FASB Statement No. 162. This guidance establishes the FASB Accounting Standards Codification ("Codification") as the source of authoritative U.S. generally accepted accounting principles ("GAAP") for nongovernmental entities. The codification supersedes all existing non-SEC accounting and reporting standards. Rules and interpretive releases of the SEC under authority of federal security laws remain authoritative GAAP for SEC registrants. This guidance and the Codification are effective for financial statements issued for annual periods ending after September 15, 2009. As the Codification did not change existing GAAP, the adoption did not have an impact on the Plan's accompanying financial statements.

During 2009, the Plan adopted FASB Statement No.165, Subsequent Events, or ASC 855, which was issued in May 2009 and is effective for fiscal years and interim periods ending after June 15, 2009. ASC 855 requires evaluation of subsequent events through the date of financial statement issuance. The adoption of this guidance is reflected in these financial statements.

2. Summary of Significant Accounting Policies (continued)

In September 2009, the FASB issued ASC update 2009-12, Fair Value Measurements and Disclosures (Topic 820) – Investment in certain Entities that Calculate Net Asset Value per Share (or its equivalent). This update provides guidance on estimating the fair value of a company's investments in investment companies when the investment does not have a readily determinable fair value. It permits the use of the investment's net asset value as a practical expedient to determine fair value. This guidance also required additional disclosure of the attributes of these investments such as: (i) the nature of any restrictions on the reporting entity's ability to redeem its investment; (ii) unfunded commitments; and (iii) investment strategies of the investees. This guidance is effective for periods ending after December 15, 2009. The adoption did not have a material impact on the Plan's financial condition or results of operations and all applicable disclosures are included in these financial statements.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Administrative expenses of the Plan are paid by the Plan, as provided for in the Plan Document, to the extent not paid by the Company.

3. Fair Value Measurements

Authoritative guidance for fair value measurements defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the inputs used to measure fair value and enhances disclosure requirements for fair value measurements. This guidance maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available.

Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs reflect assumptions that market participants would use in pricing the asset or liability based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the transparency of inputs as follows:

Level 1 — Quoted prices are available in active markets for identical assets or liabilities as of the report date. A quoted price for an identical asset or liability in an active market provides the most reliable fair value measurement because it is directly observable to the market.

4. Related Party Transactions

The Plan invests in shares of mutual funds managed by an affiliate of FMTC. FMTC acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and the terms of the Plan.

6. Investments

The following is a schedule of investments that represent 5% or more of total net assets available for benefits.

	December 31,	
	2009	2008
Fidelity Retirement Money Market Portfolio	\$ 778,875	\$ 821,507
Fidelity Low-Priced Stock	391,568	248,673

Fidelity Freedom 2015	264,263	186,777
Fidelity Freedom 2030	212,450	*
Fidelity Freedom 2040	212,432	*

* These investments did not represent 5% or more of the Plan's net assets available for benefits at December 31, 2008

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$575,186, of which \$568,560 was attributable to mutual funds and self-directed investments and \$6,626 to investment contracts.

7. Income Tax Status

The Plan is a Prototype Non-standardized Safe Harbor Profit Sharing Plan with CODA ("Prototype Plan") from Fidelity Management & Research Co. The Prototype Plan has received an opinion letter from the Internal Revenue Service stating that Plan sponsors who adopt this Prototype Plan may rely on the opinion letter with respect to the qualification of the Plan under IRC section 401(a).

8. Information Certified by Trustee (Unaudited)

In accordance with 29 CFR 2520.103.5 of the Department of Labor Rules and Regulations for Reporting under ERISA, FMTC, the Plan's trustee, has certified the following information, which has not been subject to audit by independent accountants, to be accurate and complete:

- a. Investment balances at fair value included in the Statements of Net Assets Available for Benefits at December 31, 2009 and 2008.
- b. Investment income, including interest and dividends and net appreciation in the fair value of investments in registered investment companies included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009.
- c. Investment balances at current value included in the Schedule of Assets (Held at End of Year) as of December 31, 2009.

9. Administrative Expenses

All expenses, excluding the participant's quarterly administrative fee, incurred in connection with the administration of the Plan are paid by the Plan, unless paid by the Company. During 2009, the Plan paid certain administrative expenses, excluding expenses paid by the Company, and those relating to individual participants' transactions, which were deducted from the respective participant's account.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. Subsequent Events

The Plan's management evaluated its December 31, 2009 financial statements for subsequent events through September 2, 2010, the date the financial statements were available to be issued. The Plan's management is not aware of any subsequent events, which would require recognition or disclosure in the financial statements.
