INDEPENDENT AUDITORS' REPORT

We have audited the accompanying statements of net assets available for benefits of Darvin Furniture Employees' 401(k) Profit Sharing Plan as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Darvin Furniture Employees' 401(k) Profit Sharing Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the year ended December 31, 2009, in conformity with U.S. generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements for the year ended December 31, 2009, and the statement of net assets available for benefits as of December 31, 2008, taken as a whole. The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended December 31, 2009 and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DARVIN FURNITURE EMPLOYEES' 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2009

NOTE 1. DESCRIPTION OF PLAN

The following description of the Darvin Furniture & Appliances of Orland Park, Inc. ("Company") Employees' 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed 90 days of service, except for union employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Discretionary matching contributions may be made on behalf of all active participants who contributed to the Plan during a quarterly calculation period. The Company may also make discretionary profit sharing contributions on behalf of participants who have completed more than 1,000 hours of service and who are employed on the last day of the Plan year. For the year ended December 31, 2009, the Company made discretionary matching contributions totaling $62,075.

The Plan currently offers fourteen mutual funds and a money market fund as investment options for participants. The investment of participant, matching and profit sharing contributions into these investment options is determined by each participant. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching and profit sharing contributions, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing portions of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

As is more completely described in the Plan document, a participant also becomes 100% vested in the Company's discretionary matching and profit sharing portions of their account plus earnings thereon through attaining their normal retirement date, permanent disability or death.

Participant Loans

Participant loans are not permitted under the Plan.

Payment of Benefits

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum payment, in annual installments, or in the form of a direct rollover of all or a portion of the distribution to another employer plan or individual retirement account.

The Plan provides for hardship withdrawals from a participant's contribution account. Conditions and requirements for hardship withdrawals are governed by federal law and regulations.

The Plan also provides for in-service distributions from participant's accounts in which the participant is 100% vested. The participant must have attained the age of 60.

Forfeited Accounts

Forfeited nonvested account balances may be used to restore accounts of rehired participants, for payment of the Plan's ordinary and necessary administrative expenses, or as additional employer contributions, subject to Internal Revenue Service limitations. At December 31, 2009, forfeited nonvested accounts totaled $1,451.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Subsequent Events

The plan administrator has evaluated subsequent events through July 5, 2010, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company shall pay all administrative expenses of the Plan except to the extent such expenses are paid by the Plan or with funds from forfeited nonvested accounts.

NOTE 3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds and money market funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	December 31, 2009			
	Total	Level 1	Level 2	Level 3

NOTE 4. INVESTMENTS

The following table presents investments at December 31, 2009 and 2008. Investments that represent 5 percent or more of the Plan's net assets are separately identified.

	2009	2008

During 2009, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $517,558.

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contribution accounts.

NOTE 6. TAX STATUS

The Plan as adopted is a prototype non-standardized profit sharing plan and is sponsored by HPL&S Inc. The sponsoring organization has received a determination letter, dated November 27, 2001, covering the prototype plan. A separate determination providing that the Darvin Furniture Employees' 401(k) Profit Sharing Plan, as adopted, is designed in accordance with applicable sections of the Internal Revenue Code (IRC) has not been sought from the Internal Revenue Service.

Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds and a money market fund managed by an affiliate of Hartford Life Insurance Company, Retirement Plans Group. As Hartford Life Insurance Company, Retirement Plans Group also provides recordkeeping services to the Plan, these investments qualify as party-in-interest investments, which are exempt from prohibited transaction rules.
